About the 2012 Journal Cover

The cover image visually represents the emphasis of the Central Texas Annual Conference to energize and equip local churches in their growth toward being vital congregations. The tree represents growth of our churches as they are supported by the equipping and energizing hands of the annual conference. Growing from the tree are symbols that represent the five signs of a vital congregation: people raising hands to God (worship), hands lifting water (professions of faith), people united in a circle (small groups), hands reaching out to each other (missions) and dollars in a heart (benevolent giving).

FELLOWSHIP OF LOCAL PASTOR SESSION

This session was held in McLennan Hall 207 of the Waco Convention Center under the leadership of Dave Goodrich.

THIRD SESSION - MONDAY MORNING, June 4, 2012

CALL TO ORDER

Annual Conference was called to order by Bishop Mike Lowry. He referred us to the Worship Guide that had a long biography of our Conference Preacher, Dr. Joy Moore and welcomed her to our conference. Bishop Lowry introduced General Charles "Ray" Bailey. There are only 2 general ranks in the armed services for chaplains, and one of those is in our conference, General Ray Bailey, from the West District. He was recognized by Bishop Lowry and given a Bible. General Bailey then gave a word of greeting.

Bishop Lowry called us into worship.

JOINT CLERGY/LAY MEMORIAL WORSHIP SERVICE,

The joint Clergy/Lay Memorial Worship Service was led by Bishop Lowry assisted by liturgists Dr. Luther Henry, Rev. Carol Woods, Mr. Aaron Kenninger, Rev. Rankin Koch, Mr. Steve McIver and musicians Owen McKnight and Dr. Andrew Hudson. Dr. Joy Moore preached using Isaiah 6: 1-8 as her text in a sermon titled, "Those Who Come Behind Us". Those lay persons, in each district, and those clergy and surviving spouses of our conference, who had passed away during the year were listed in the Worship Guide and remembered in a special liturgy and during a time of the "Cross of Resurrection".

Bishop Lowry then called the Annual Conference back to order.

WELCOME TO WACO DISTRICT

Rev. Don Scott, Host District Superintendent, welcomed the CTAC to Waco.

Dr. Randy Wild called attention to the packet on the table titled, "Recommendation for the Conference Service Center Office Relocation". This is on the agenda for introduction Wednesday and added two names at the back of the handout to the Building Committee: Deborah Crumpton, Dennis Reycek.

ADOPTION OF THE AGENDA **RANKIN KOCH**

Rev. Koch moved that the bar of the conference be set as the people sitting at the tables of the conference until the conference is sent forth. The motion passed. He announced that the Agenda was as printed in the preliminary report on pages 9-13 with necessary changes as needed.

The Consent Calendar was explained and stated that it was printed on page 14 of the preliminary report and page 2 of the Addendum and the purpose is stated on page 13. Vote on the consent agenda will be held Wednesday. The per diem was set and listed on page 38.

Pages 38 contain the Agenda Committee's report. Rev. Koch thanked the Bishop and Georgia Adamson; Pat and Patricia Stroman, Chris Mesa, and all others in places of leadership for carrying out the Conference. The motion was made to accept the report. (Approved) Bishop expressed his appreciation for Rankin Koch and the entire Agenda Task Force.

CFA INTRODUCTION OF 2013 BUDGET **JOHN MCKELLAR**

Dr. McKellar officially put the 2013 Budget on the table for adoption on Wednesday, June 6th. This is a revised budget based on changes enacted at General Conference and reminded everyone that we will only be voting on the highlighted items. He invited anyone who would like to discuss or ask questions regarding the 2013 budget to a special Q & A session to be held today immediately following adjournment in the front of Chisholm Hall.

Rev. David Adkins, First Round Rock. Moved for suspension of rules, (Preliminary Report, p. 114, Financial Best Practices). Seconded. Timely as well as time sensitive issue. Suspension allows us to deal with an issue before CF&A and Trustees. For action at this conference, this rule will have to be suspended (the requirement of a full year notice). Desire of the conference to be able to discuss and act. Refers to money already in the budget, which reflects a reduction in

apportionments for the churches. 2/3 vote required. No one at a microphone. (Approved overwhelmingly.)

NOMINATIONS AND LEADERSHIP DEVELOPMENT REPORT

GEORGIA ADAMSON

Dr. Adamson presented the slate of nominations. See stapled document on the tables. She explained that much of what has happened this year is to realign district representation. Formal action will be taken on Wednesday.

There is an opening on p. 1, Central District, to be filled by the District. Two appointees on following pages will be found once the board is in place.

Campus Ministry Boards. Three are still working on those. They will be completed later.

EPISCOPAL ADDRESS

BISHOP LOWRY

Commercial from Super Bowl television was shown to begin the Address. Bishop Lowry said that sometimes reality is different from supposition. We hope for magic, but magic is fundamentally false! Often in our work, what appears to be "magic" is God at work due to our diligence and efforts. Bishop Lowry thanks God for all in the Conference, and all of their work. He went on to speak about God in action—"God Sightings."

The book, Remember the Future, by Robert Schnase was handed out to every member of the conference. Bishop Lowry thanked all who made it possible to do this. The Bishop pointed out p. 31, as an example of how to use the book for exercises within the local church. Also p. 39, he pointed out that the book gives concrete ways that the committees in the church might use this book, such as Administrative Council. Page 97. "It's not a book to read by yourself," but to use in groups. "Pray as if everything depended on God and work as if everything depended on you. (John Wesley)."

CELEBRATING COOPERATIVE MINISTRIES: LYDIA PATTERSON

SOCORRO DEANDA

Dr. DeAnda showed a short video emphasizing the ministry and acknowledging that the 100th anniversary of the Lydia Center Institute will be celebrated next year.

She then spoke briefly on things that have been happening on/across the border, such as the violence of recent history. They lost students, but have recovered their numbers now. 70% of their students come from across the border (with Mexico).

She highlighted the accomplishments of some of the students. \$1.4 million in scholarships was awarded to a class of 51 students. 100% of their students are going to college every year and 2/3 of the cost of the students' education is supported by the apportionments from the UM churches. Thank you for sharing.

Bishop Lowry introduced Gil Rendle

TEACHING SESSION #1 **DR. GIL RENDLE**

"The Wilderness of a Paradigm Shift" Conversation about the UMC has been going on for about 10 years. This is us trying to find our way in the wilderness. Conversation is the currency of change of how we move into the Wilderness of a Paradigm Shift. Wilderness is a place of chaos, a place where we have already lost our way. A biblical term; an idea that comes clearly out of scripture. When someone goes into the wilderness comes out changed, headed in a new direction.

Central Texas Conference Journal 2012

Paradigm Shift in our language comes from the sciences. A set of assumptions that set our world and our lives on end. Those assumptions sometimes have to change. The church in the wilderness is trying to find its way. We have moved from Christianity to Post Christianity. What we need to recognize is that everything goes back to zero. We have to test, to question some of our assumptions

“The wilderness of deep change”. When an organization or institution has lost its connection with its own environment there is only one choice: either deep change or slow death. Quote from Deep Change by Robert Quinn.

It's not about poor leadership. We've been looking around trying to find out whose fault this is. There is no fault. If Christian faith is to remain alive then we have to shift with that around us.

We are going to have to go into Wilderness experiences.....change. Wandering is important in the wilderness. If we will be alive again in Christ we will have to wander and make mistakes. An important issue is trust – in God, in our leaders, in each other.

The church, clergy, members can no longer be the object of our affection! Belonging to a certain church used to be the real driver. We started to worry about whether our members were happy ...“If everybody is happy it must be okay.” But actually, if everyone is happy, something is wrong.

The church “needs to be appropriately uncomfortable with itself.” We have become dependent – wanting and waiting for someone else to solve our problems. That may have worked in an earlier culture ...

God needs to be able to use the church, not just love it. Also, we can love the church too much, and then we just want to protect it (instead of using it).

A Simple Systems Model -- Edwards Deming – Simple Systems Theory
Input – nouns, resources
Throughput - verbs
Output

Non-Profit Dilemmas

Non-profits routinely do not know what they produce.
Systems that can't measure their outcomes commonly measure input.
In non-profit systems inputs are commonly mistaken for outcomes.

The Shifting UM Paradigm

We are no longer called to make members; we are called to make disciples.
We are the resources, the input, not the focus or the output.
Thoughts, behaviors, feelings will all have to be dealt with.

Three stages of change (William Bridges)

- I. Letting go
- II. The confusion of the in-between time - the chaos – the wilderness – the wandering
- III. Starting new

Central Texas Conference Journal 2012

We always want to start in stage 3 because stage 1 is painful! Confusion is unsettling.

This wilderness is no longer about us; the reason we are here is not about us or our local church. The reason that you and I are here is because we have been called to a great purpose. In order to do that we are going to we have to let go. Then we have to put up with the confusion of the in-between time. So much of what we have counted on has begun to change. When change occurs people tend to get unhappy. We have to stop being institutional and serve the purpose of the church.

D If you have the mind of Christ within you, you no longer think about yourself, but think about the larger world you live in. You no longer worry about having the power, but are willing to empty yourself. We have a message that can help people who are afraid of zombies and vampires. We cannot start something new and be heard in a changed world if you and I do not do the hard work of letting go. And the wandering that belongs to the in between time. Thank you for what you are doing, the leadership that you give, for your prayers which are continuous, and for your willingness to wander with me and others.

Bishop Lowry stated that he would pause for special moment of privilege then called Tom Harkrider to the microphone.

Tom explained that next month the south central jurisdiction will meet to elect four (4) bishops. Tom spoke of our General and Jurisdictional delegates and their fine work. He then explained that they have gone through a seven-step process for discerning nominees for Episcopal leadership. By way of this process and the evaluations that followed, Dr. Michael McKee was chosen as a candidate for Bishop from this conference. " I move, the Central Texas Conference endorse, and offer its affirmation and support of, Dr. Michael McKee as an Episcopal Candidate at the 2012 South Central Jurisdictional Conference." Seconded. (Approved by acclamation)

Dr. McKee responded with a thank you and comments about being deeply humbled by the experience and honored by this nomination. He stated through this process he has discovered that we have deeply committed clergy and a laity that is passionate. Whatever happens with the candidacy, he is deeply honored.

Bishop Lowry called for a 10 minute break.

EPISCOPACY COMMITTEE

BLISS DODD

D

The report can be found on page 41 in the Preliminary Report. We have a Bishop who has been busy leading us through the wilderness. We have given feedback to the Jurisdictional Episcopacy Committee that we want our Bishop to return. It's not written in stone. I would think that it is very probable. Tim Brewster and I are committed to standing by that. The committee is committed to finding the best bishop for the conference.

Special thank you for our Bishop leading us, we are grateful for his help. Jo Lynn is a trained mental health professional and she wants more than anything to be able to work with clergy families and issues within clergy families and be a guide and help anyway she can. Let her know how she can be of help.

Would you join me in thanking the Bishop and Jo Lynn for their service to us for the past four years? (A standing ovation occurred.)

Steve presented the Morris Walker Award to: Laity, Bliss Dodd. There was no clergy award given this year.

RECOGNITION/APPRECIATION FOR THE FOUNDATION OF THE CTAC OF THE UMC, INC.

GARY LINDLEY

Gary gave a brief history of the CTC Foundation. It was established in 1957. Pat Sprayberry-Hall has led the organization since 1987 when she came on in the role of planned giving and later was elected as director. Under Pat's leadership the foundation grew to more than 22 million dollars. During the past year, we have moved in union with the Texas Methodist Foundation, which is beneficial for individuals and for the annual conference. She guided us faithfully in making these changes. We want to recognize her and express our appreciation to her for her work for our annual conference. (The conference showed appreciation for her with a round of applause.)

Tom Locke, President of the Texas Methodist Foundation, spoke of his deep admiration for Pat's leadership and help in making this a smooth transition. He reiterated the mission of TMF comes from the contributions we can make to help you with financial services, clergy leadership, and to find ways to help your congregation go about achieving the world that God imagines. He introduced Rev. Henry Radde,

CABINET REPORT

BOB HOLLOWAY

Bob Holloway recognized our district administrators and our conference staff learning new things in new ways, reconstructing the districts, recognized Steve McIver for his help in the reorganization, and welcomed Kim Simpson as new Conference Lay Leader.

We have become very focused. Our job is energizing and equipping local churches. The appointment process is part of that commitment. We are realigning our focus to determine who is our client? Bishop Lowry has helped us focus on our clients:

- i. God – the kingdom of God
- ii. The Mission field
- iii. Congregations
- iv. Clergy

Central Texas Conference Journal 2012

IN THAT ORDER!!!!

The discussion of our clients takes place in the context of prayer, the daily office and with the Bishop pausing often to pray for all of these clients. Bob asked for prayer for the cabinet as they grow and also to make disciples for the transformation of the world.

D Bob thanked the clergy of the conference for honoring their commitment to their call and the laity for their willingness to work for the conference. Thanks for our Bishop whose own spiritual life has served as an example. He has a passion for learning and inspires our quest for learning. He has a passion for those who do not know Christ. He continually leads us into justice ministries, for peace and for gratefulness. Cabinet has also endorsed Dr. Mike McKee for the office of Bishop.

CONFERENCE COMMUNICATIONS

VANCE MORTON

Vance Morton, Director of Communications and IT for CTC, Presented a snapshot of communications since last June through a slide presentation. He introduced Calvin Scott as IT Coordinator.

We are headed toward telling more stories of what is going on in actual congregations; continue exploring more options for sharing these stories. Also build up the communications community, including going mobile and becoming more active in social media.

CAMPUS MINISTRY

MIKE YOUNG

EIGHTH SESSION – WEDNESDAY MORNING, June 6, 2011 *BUSINESS SESSION*

8:30 am Gathering in silence and then quiet music. "We are called to order for an act of worship," Bishop Lowry.

Dr. Bassford then led us in "A Service of Repentance". Instructions were given on parts to read so we may stand and sit as silently as possible, to stand to read your part and be seated as the next group stands. We are standing to be aware that we are standing with one another in confession and repentance. We may not have intentionally inflicted harm on our brothers and sisters and yet, we have participated in those acts that diminish the others sense of self-worth and value. It is in that spirit that we come this morning. Read with emphasis for these words are important. Let us take a moment and listen to the call of the Shaman. At the conclusion of the service Rev. Kyland Dobbins pronounced the benediction which led into his report.

D

CENTER FOR MISSION SUPPORT

RANDY WILD

(Preliminary Report p. 55-75 and pages 10-20 in the Addendum)

Kyland Dobbins presented the report for mission experience. Mission experiences include CTCYM, UMCOR, Great Day of service, and UMVIM. And whatever else you have believed God has called you to do in your community to edify God and support your community. Following our service of repentance for our actions to our Native American brothers and sisters, there is nothing less meaningful than a meaningless apology. The mantra for VIM is "Christians Love in Action." We are proposing that we give and do something about this repentance and rebuilding of relationship. In 2013 we will have a year-long emphasis of ministry in and with the Oklahoma Indian Missionary Conference. We will participate with our CTCYM mission trips there along with several adult mission trips.

Kyland lifted up story after story of volunteers living out their gospel commands. Also in 2013 we are planning to rekindle our work on Imagine No Malaria with trips to and collections for Africa and eradicating malaria.

In addition we want to begin a Mission Trip Registry on our web site that will do a number of things such as promotions, to enhance our connectional ministry, provide high quality training resources and support and to properly and accurately celebrate our churches in mission within the jurisdiction and general conference levels. He also spoke that our Disaster Response ministry had been active this year with training additional ERT's and storm work after the damage of the tornados in Arlington.

He lifted up the need and offered an invitation for every church to be involved in the Great Day of Service which is purposefully scheduled the Sunday after Easter (April 6, 2013) in order for your Easter visitors to be invited to participate with you in this opportunity to reach people, evangelize and serve in your community. He then thanked all those who worked and provided leadership in this past GDOS.

Dr. Randy Wild picked up the Center for Mission Support Report noting that the Center for Mission Support is more than what we have offered and are offering in the

Daily Proceedings

Central Texas Conference Journal 2012

next hour. It begins with the Connectional Table as an overall backdrop for everything that we do in our work. They are the listening, learning and coordinating agency of our conference. We try to live out our mission through Risk Taking, mission and service. We are about the overall mission of the church, not just outreach. We also offer resources for children's ministries, trustees, pensions and insurance, council on finance and administration, clergy benefits and much, much more.

CELEBRATION OF COOPERATIVE MINISTRIES

RANDY WILD

D

What followed was a celebration of the life changing, hope giving, grace filled transformational ministries that you have offered in the name of Jesus Christ. The conference celebrated the many of our areas of ministry showcasing each local church that had experienced, giving 100% of their connectional mission giving, a baptism, a profession of faith, growth in worship, sent a mission team into the world, and those who had offered a confirmation class in 2011. We also celebrated our Imagine No Malaria campaign and recognized our \$1 million goal by reminding ourselves that we have already raised \$442,399.89.

He then introduced Doug Hawthorne of THR who spoke about the partnership with the conference and the ministry of THR and particularly the Harris Methodist Hospitals including the \$614 million dollars in Charity care this past year along with the Faith Community Nursing program which helps local churches with their health needs.

Dr. Randy Wild then introduced Chris Spence with Wesleyan Homes who spoke of their ministry and partnership with the conference and invited all of us to share with them in the celebration of 50 years of ministry on October 20, 2012.

Bishop Lowry called for a 15 minute break.

The Business session reconvened with music led by Owen McKnight ("Jesus Keep Me Near the Cross").

INCLUSIVENESS REPORT

PAT LOOMIS

Daily Proceedings

Pat Loomis, Chair of the Inclusiveness Task Force of the Connectional Table, noted the conference has made great strides in our inclusiveness since 2000 and in the last year and then showed a number of slides of the diversity of the general population of our conference, our local churches, our clergy, including breakdowns in each group by race, gender etc.

Pat asked, "What does inclusiveness mean? It is respect and equal treatment of all of God's children." We have made progress in diversity in growth of all our ethnic groups but we must continue to bring more people of color into our fold, train and recognize them and continue to show that their contributions are a vital part of our congregations after all more than half of the general population in Texas is from some kind of ethnic background.

Central Texas Conference Journal 2012

In our clergy gender representation our male clergy population has remained steady while our female clergy have grown.

For the future, while we have shown wonderful growth in almost every area of inclusiveness, we must continue our work to be inclusive in all areas. The journey goes on. We would like to provide training, mentoring and support so that every one of you can reach your potential. Cabinet has continued emphasis on appointments that will include all people of all race and age and will continue to monitor our inclusiveness. There is a Native American Course Study offered to improve on our act of repentance. In Membership, we should put a task force together who are committed to inclusiveness. We have to work within the mission field. Develop ways to cross barriers. Address real issues to make a difference in who we are and reach out to those who do not feel included. We need to do church ministry in different ways. To improve we must continue to change. Any suggestions or how you would like to receive resources, please give me a call. Let's keep inclusiveness front and center.

40TH ANNIVERSARY GCSRW

We continued the report by watching a video and celebrating with the General Commission on the Status and Role of Women on their Fortieth Anniversary.

MISSION OF THE CHURCH WORK DAWNE PHILLIPS

Rev. Dawne Phillips shared a first-hand view that Christianity was alive and well in the Eastern Mexico Conference and that ministry is available to the CTC in a relationship/partnership with the Eastern Mexico Conference. She called on us to reestablish a Covenant Relationship with the Eastern Mexico Conference in which we can establish mission trips safely and with confidence, to work with educating bodies, to build relationship with the churches in Mexico, and to have reciprocal presence at the annual conferences in Eastern Mexico and CTC. The Preliminary Report (Page 66 line 18) calls for the development of a task force and is a recommendation. This requires a vote from the conference to re-establish a formal covenant connection with the Eastern Mexico Conference. (Approved) Dawne Phillips described the resources available to the local churches through the Parish Nursing Program.

She listed the requirements to be a church with a Five Star Recognition designation: Pay 100 percent connectional mission giving (apportionments), contribute to a GBGM Missionary, contribute to an advanced special, support ongoing program of mission education, and support outreach in the local community. She then recognized the 16 new and 29 continuing (12 more than last year) churches that had earned that designation in 2011. All received a banner (first time) or patch to place on their existing banner if a continuing designee.

She recognized and presented certificates to the 53 CTC churches who contributed financially to a missionary and the 34 CTC churches who supported a full covenant relationship with a UM missionary (\$2500/year or \$5/member/year).

Central Texas Conference Journal 2012

She reminded us of some of the initiatives that are underway: Safe Sanctuary initiatives and training for churches; Elementary Bible Camp in September at Glen Lake Camp; Fiesta Cristiana: Understanding Christian Celebrations in the Hispanic Tradition; Christian Educators Fellowship Partnership; Curriculum Workshop at FUMC Keller on children and teen spiritual development.

In Ministry with the Poor: Ministry Partnerships with local churches who know the ministry needs of their mission field; Outreach Outings; Mission Backpack, combating hunger to feed hungry children and JFON partnerships.

D In Global Health: Imagine No Malaria; Global AIDS Ministry; Healthy Families, Healthy Planet; the Church and Addiction Workshop in Ballinger; Faith Community Nursing workshop in the fall led by Texas Health Resources.

She described a database being developed on who is doing what in their local communities and encouraged every church to respond which will allow us to assist churches in connecting with one another around common ministries.

Dr. Randy Wild returned to thank those in the Center for Mission Support but also the entire Service Center staff for their hard work and moved the adoption of the report. (Approved)

CONFERENCE TRUSTEES PROPOSAL – CONFERENCE SERVICE CENTER RELOCATION

EARL WOOD, CARL STENGER

(Addendum p. 18-20 and the packet that was distributed Monday)

Dr. Randy Wild began the presentation by calling attention to the two packets of information and waited till that information was found. He reminded us that we added 2 names on Monday and corrected a mistake changing the name Wayne Lewis to Wayne Matthews. The information on the proposal is that we sell the current Conference Service Center, give \$1,000,000 of the proceeds to Texas Wesleyan University in an agreement for a pre-paid 10 year lease on a 15,000 square foot building, which they propose to build to suit our needs.

Earl Wood then outlined the steps that had been taken to come to this decision and outlined a few of the benefits to the conference, less than \$7 a square foot, it gives us a missional presence in neighborhood, it connects us with an UM educational institution, and gives us flexibility as we continue to live into the Exodus Project...Who knows what our needs will be in 10 years with the advances in technology etc.

He called upon Carl Stenger, chair of the task force who said we have spent 4 years on this project and the task force wholeheartedly endorses and recommends this plan.

He introduced Dr. Fred Slabach, President of TWU who made comments related to the university and the campus and CTC becoming part of the campus, the mission and vision for the future of the university, a master plan with a significant public investment in the Rosedale Corridor in Fort Worth and showed a slide show featuring the master plan concept and the location of the CTC Service Center.

Central Texas Conference Journal 2012

Bishop Lowry opened the floor for discussion and questions....a few are captured below:

- I. A sinking fund is mentioned, do we need an amendment to be sure this is accomplished?
- II. What is the current square footage compared to new and size of lots?
- III. What about the remaining \$1.9 million?
- IV. How long to obtain that amount and what happens if it is not raised?
- V. If we sell our building before the new one is built what do we do?
- VI. One of the criteria is that it be available to the largest number of churches why not relocate to Waco?
- VII. In that neighborhood will safety at evening meetings be an issue?
- VIII. What is the timeline?
- IX. Does TWU have a long term use of the building being built?
- X. This gives us a neat way to partner with a university and to live out our mission to the poor.
- XI. A realtor stated she had several questions until she saw the whole proposal and the detail work that had been done and suggested we get an appraisal.
- XII. Would our lease give us exclusive use of the facility?
- XIII. When would our lease begin?
- XIV. What kind of contingency options exist if our conference merges etc.?

Someone thanked the Trustees for being as transparent as possible.

A motion was made to adopt the report as submitted. Bishop Lowry called for a vote to see if we were ready to vote on the report. (Motion to vote – Approved)

The adoption of the report vote was before us. The resolution was shared again, found in the document that you have before you, but basically it provides for the Conference Board of Trustees to sell the current property, to pay TWU \$1million for a 10 year pre-paid lease, and appoints a building committee to work out any final detail and work with TWU on our needs for the building.

Bishop Lowry took the vote on the resolution and report. (Approved overwhelmingly.)

GENERAL & JURISDICTIONAL DELEGATION REPORT MIKE MCKEE

Dr. McKee called all the delegates to the stage and said that this was the hardest working group he had been associated with. We began working immediately after last year's annual conference and that it was an honor for each of the delegates that the annual conference bestowed on them with their vote last year.

Several of our delegation was honored, Jeannie Trevino Teddlie was a nominee to the University Senate, Tim Brewster was elected an alternate to the Judicial Council the first time for CTC person and Kim Simpson was elected to the 2016 planning committee.

Some of the Highlights: Lowered budget by 6%; Pension plan for clergy which reduces the amount paid by churches; Ordained ministry: complaint process is more understandable and less cumbersome; did away with Security of Appointment (guaranteed appointments) – the concern as to how it would be done. Process was reworked and clarified...the Episcopacy Committee will hold Bishops accountable for appointments and for not giving a person an appointment. This will always be done with sensitivity; Lay Speaker will now be Lay Servant Minister; Two constitutional amendments coming up: 1) Timing of General Conference to make it easier for students to attend; 2) Allow Annual Conferences to choose delegates to Jurisdictional and General Conferences two years ahead – helps with getting Visas, where needed. Attempts to propose restructuring at the conference ended up with no action. Comment: Your work is not dependent on the General Church. You can be effective in your ministry or not. We ought to claim and acknowledge that. The basic unit of the UM is not the General Conference, it is the Annual Conference. No change on issues of sexuality. Worldwide nature of the church will change. The majority will not be from the U.S. in the future. We must learn how to live and work with other world views. How can we hear each other, love each other, and continue to be in ministry with each other? We are called to be faithful, not to be right. God is continually seeking to sanctify us and bring us into that place of perfect love.

Again Thanks for the opportunity you have given this group to go to Tampa and Oklahoma City to represent you.

CENTER FOR EVANGELISM AND CHURCH GROWTH

REPORT 1

The Center for Evangelism and Church Growth continues evolving and living into the Exodus Project adopted last year. This has been a year of deep changes as we strive to fulfill our mission of "Making Disciples of Jesus Christ for the transformation of the world," by "energizing and equipping local churches." During the past year we have been:

- **Establishing** the Center Executive Team. Team members include Armando Alvarado; Susan Briles; Ed George; Rick Jenkins; Leanne Johnston; Jeff Jones; Casey Langley; Gary Lindley; Andrew Nunley; Joel Robbins and Carl Stenger.
- **Hiring New Staff**, Leanne Johnston is the Director of Youth and Young Adult Ministries; Jeff Jones is the Director of Operations; Susan Briles, Center Administrator; and Ed George, Facilitator of Healthy Church Initiative and Cluster Groups.
- **Equipping** the new staff to operate within a new paradigm of working directly with local churches to learn about their unique mission fields and to equip them to make disciples of Jesus Christ.
- **Launching** the Healthy Church Initiative. HCI is a process, not a program, of transformation for local congregations. Components include continuing learning groups for clergy and laity, leadership development, coaching, and consultation. We launched in February in the West and Central Districts with four Small Church Learning Groups, four Pastor Leadership Development Groups, and four Laity Leadership Development Groups. In April, we began accepting applications of our September groups which we will launch conference wide. Dr. Ed George will be identifying and training facilitators and coaches and assisting in the development of continuous learning groups.
- **Supporting** new church starts across the conference. This includes starting one new church in Robinson, Texas and continuing to support four other new start congregations. New Day Church in Mansfield closed in April. Rev. Shelia Fiorella worked diligently; however, the congregation was unable to meet the benchmarks for continued support. This was a difficult decision. At the same time we know that the Parachute Model of starting new churches is extremely risky. This is the reason we are moving away from Parachute Drops to the Mother/Daughter model of new church starts.
- **Encouraging** Senior Pastors and congregations to become "mother" congregations by helping birth new congregations and/or adopt established ones.
- **Introducing** the General Conference "Vital Congregations" ministry. Nearly 100% of our congregations have set goals for 2012. As of April 1, congregations began to report their "vital signs" weekly via email.
- **Partnering** with the Center for Mission Support and La Trinidad United Methodist Church in developing a new ministry at the Diamond Hill property in north Fort Worth. We have also partnered with First Cleburne to develop a ministry at the St. Paul property in Cleburne.
- **Traveling** around the conference visiting local congregations, listening to their needs and offering support.

- **Helping** clergy to discern a call to be a new church start pastor. Anyone who is interested in starting a new church is required to attend the New Church Leadership Institute offered in October and January.
- **Strengthening** our witness to youth and young by working directly with local churches, clusters and districts. Leanne Johnston addresses the ministry with youth and young adults in Report 2.

It has been a year of growing transitioning and changing. We are just beginning to live into the Exodus Project and the Center for Evangelism and Church Growth team is looking forward to the year ahead.

YOUTH AND YOUNG ADULT MINISTRY

LEANNE JOHNSTON

REPORT 2

G

In the midst of transitions at the district and conference level and the birth of my first child, ministry happened in the lives of youth and young adults in the Central Texas Conference this year. I am thrilled to be in ministry with youth, youth workers, young adults, clergy, and laity across the Central Texas Conference.

I spent the first few months following Annual Conference 2011 in research, prayer and getting to know people. I was out in local churches meeting with leaders from Eastland to Ferris, Bedford to Cedar Park and lots of places in between. I have enjoyed Back to School events, visiting youth groups, and worshipping across the conference. I am on the road a lot and make the local coffee shop my office more often than not! I always bring with me encouragement, support, a sounding board, and resources that span far beyond our meetings.

In October, I began accepting applications for our Conference Council on Youth Ministries. Marianne Brown, former SLT president, describes CCYM as "being in the business of changing hearts." Andrew Trigg, chairperson for the Hospitality/Publicity team agreed and has chosen that as the theme for the year. At a recent meeting students described this committee as their family. These student leaders are prepared to go into their districts and churches to serve using their gifts and strengths in the areas of missions, worship, organization, and publicity. They will continue to receive intentional leadership training and spiritual growth development to be effective ministers.

Our Mid-Winter Planning Committee planned and executed two very successful Mid-Winter Retreats at Glen Lake Camp in February with 473 participants. Participants experienced small groups and meaningful worship about being nourished in the spirit of God. Kevin Gregory, junior from FUMC Mineral Wells heard the call to youth ministry last year and is able to serve on CCYM this year as president. He says Mid-Winter Retreats have "changed my life not just faith-based, but in every way possible. I've made so many new friends and thanks to the connection of the United Methodist Church we've all managed to remain extremely close to each other and to help one another when we're struggling."

I enjoy having the opportunity to meet with youth workers, young adults, and pastors in their church settings to resource and equip them in ministry. Each district has several

Reports

Central Texas Conference Journal 2012

youth worker gatherings scheduled for each month. Gatherings are scheduled throughout each district for coffee, lunch, or dinner in hopes to reach the greatest number of youth workers. There is a lot of laughter at these gatherings and my prayer is that youth workers go back into their local churches feeling refreshed and equipped. Youth workers share curriculum ideas, conflict management solutions, and ways to recruit quality adult leaders over coffee, sandwiches, and ice cream. I love sharing how the conference can provide resources in the local church to strengthen ministry. Some resources I've been able to provide are curriculum, book suggestions, and funding to attend conferences.

While our conference is wide geographically, we use technology to bring people together. Virtual gatherings, conference calls, and Facebook groups connect youth, youth workers, and young adults from churches from the North to the South. We are also offering Vital Youth ministries resources for youth workers to state and track their goals. We are always expanding ways to gather for fellowship, training, and sharing resources.

PARTNERS IN MINISTRY SHARE PROGRAM REPORT 3

Is your church listed below? Did the number of SHARES for your church increase in 2011?

Did your congregation give its members an opportunity in 2011 to become Partners In Ministry?

Will your congregation commit to presenting the Partners in Ministry SHARE Program in 2012?

A Partner in Ministry is a person who believes in the mission of the United Methodist Church and who commits annually to SHARE in the cost of starting a new church. Partners in Ministry recognize that starting a new church provides one of the best avenues for first-time Christians and the un-churched to experience the grace and salvation of Jesus Christ

Most Partners in Ministry purchase at least one or more shares at \$60 a SHARE. Some choose to purchase a ½ a SHARE or a ¼ of a SHARE. Together Partners in Ministry provided \$200,000 in 2011 to help start new churches. Every one of our Partners is important. We desperately need more members of the Central Texas Conference to Partner with us.

If you are not a Partner in Ministry then Become a Partner today!
If you are a Partner, Increase your SHARES by at least one!

CENTER FOR LEADERSHIP CONFERENCE CORE LEADERSHIP TEAM REPORT

At the end of the great Pentecost as the Holy Spirit has settled upon them with "flames of fire alighting on," the gathered new born church asks the common question. "What shall we do?" (Acts 2:37) As followers of Christ, we too seek the answer to this piercing question. The Lord calls us to this age in faithfulness and fruitfulness. Then as now the heart of the answer lies in the scriptural admonition to "change our hearts and lives." The claim of Acts 2:42 stand before us. "The believers devoted themselves to the apostles' teaching, to the community, to their shared meals and their prayers." This great teaching of the purpose and mission of the church continues "god performed many wonders and signs; they helped "everyone" in need. "They praised God and demonstrated God's goodness to everyone. The Lord added daily to the community those who were being saved." (Acts 2:43-47)

This biblical mission is ours. As the Conference Core Leadership Team we have been tasked with ensuring that the following responsibilities and strategies enable us to energize and equip the churches of the Central Texas Conference in their mission of making disciples of Jesus Christ for the transformation of the world. Together we have focused on defining our responsibilities and delineating our conference core strategies.

CONFERENCE CORE LEADERSHIP TEAM RESPONSIBILITIES:

- Keeps the CT Conference mission, vision and values out front.
- Recommends policies and direction based on Annual Conference actions.
- Spear heads/coordinates long range planning for the CTC.
- Provides critical review, from a big picture perspective, on the alignment of budget, deployment of resources, major policy issues, and outcomes of the centers.
- Creates a culture of accountability against those outcomes.
- Looks for and identifies emerging missional needs.

MISSION:

To make disciples of Jesus Christ for the transformation of the world.

CORE STRATEGIES:

To energize and Equip Local Congregations to make disciples of Jesus Christ for the transformation of the world through engagement and development of the following:

- Wesleyan Spirituality and Theology
- Clergy and Lay Leadership
- Ministry with the poor
- New Churches
- Accountability
- Extravagant Generosity

Central Texas Conference Journal 2012

CENTER TEAMS:

Center teams are currently identifying the specifics of how they will energize and equip CTC churches through the engagement and development of the strategies listed above. It is our hope as we move forward to adopt specific conference goals and engaged in targeted initiatives along the lines of our strategic imperatives. One such engagement is the Healthy Church Initiative (HCI) with its component parts including the Small Church Initiative and both Pastor and lay leadership development groups. We envision further steps to integrate the Core Leadership Team's oversight and direction with the work of the three Centers and their executive ministry teams.

EXODUS PROJECT A TRANSFORMATIONAL ROADMAP FOR A CHURCH IN TRANSITION PROGRESS CHECK

As the 2012 Annual Conference begins the Exodus Project is on track. As you can see by the chart below we have accomplished a great deal in the last twelve months.

Conference Nominations will recommend new quadrennial leadership through the Centers and Connectional Table and those groups will spin off multiple task groups to involve more persons and accomplish tasks and projects.

Conference Trustees will bring to Annual Conference their proposal for the future placement of the Conference Service Center.

On-going accomplishments and or up-dates will be shared by the individual center presentations.

REPORT OF THE ANNUAL CONFERENCE AGENDA TASK FORCE

REV. RANKIN H. KOCH, CHAIRPERSON

The Annual Conference Task Force was appointed by Bishop Lowry for the purpose of providing him support in the planning and execution of the 2012 session of the Annual Conference. The Annual Conference Task Force continues with the responsibilities of the former Agenda Committee. We thank all who have worked so hard to prepare for this Annual Conference. We especially thank Bishop Lowry, Rev. Georgia Adamson, Rev. Randy Wild and the entire conference staff for their support. We thank Rev. Chris Mesa who has planned our worship services and who is serving as our host pastor. We thank Pat and Patricia Stroman for their leadership with local arrangements and hospitality. We thank Rev. Don Scott, host Superintendent. We thank the Austin Avenue UMC who is serving as our host church. And, we thank all who have given their time and labors to plan for this Annual Conference. In keeping with the work of that committee, this Task Force brings the following items to you for your action:

G

1. We recommend that the bar of the conference be established as those who are seated at the tables in sections 1, 2, 4, and 5 and in section 3, rows 1 & 2 and beginning with the 4th row in our meeting room. Guests will be seated in chairs without tables in the back of the room and in row 3 of section 3.
2. We recommend that a per diem allowance be set for those in actual attendance at conference for retired clergy, retired diaconal ministers, retired deaconesses, ministers' surviving spouses, pastors receiving total salary of or less than minimum compensation of the conference, students appointed to attend school and ministers on disability leave. We recommend that the 2012 per diem allowance be set at \$17.50 for those who reside in McLennan County and \$35.00 for those who reside outside McLennan County. The form needed to request per diem is available at the end of the Preliminary Reports.
3. We recommend that up to \$75,000 of budget funds be allocated for the expenses of annual conference for 2013.

We will continue the practice of alternating the site of our Annual Conference and have set the site for 2013 at Arborlawn UMC in Tarrant County. We thank them in advance for their gracious invitation and hospitality. We are exploring alternatives for future annual conference sites and will report our recommendations at a later date.

CENTER FOR LEADERSHIP

DR. GEORGIA ADAMSON, EXECUTIVE DIRECTOR

June 2011 the Central Texas Annual Conference approved the implementation of the Exodus Project: A Transformational Roadmap for a Church in Transition. This action launched us all on a challenging new path. Everything we had known was changing and we were all asked to begin thinking and acting in new ways. I say begin because the Exodus Project calls us to a process not a finished project. Done right we will always be evolving.

Reports

Part of that new way of being involved creating three centers; Center for Evangelism and Church Growth, Center for Leadership, and the Center for Mission Support. While this required dealing with many technical/very practical things it also required that we continually ask key questions:

Central Texas Conference Journal 2012

- What are our desired outcomes?
- How does this fit with our values and mission?
- How will we know when we have reached our outcomes?
- What part of the situation have we not yet explored?
- Is this bathed in prayer?
- Are we offering God the very best we have?

Specifically The Center for Leadership exists to energize and equip churches to make disciples of Jesus Christ for the transformation of the world.

So how do we as the Center for Leadership accomplish this overall mission?

A FEW OF OUR ACCOMPLISHMENTS:

G Over the summer months we established and began training the three to five people who make up the initial Executive Leadership Team (ELT). That team is comprised of Mike Young, Kim Simpson, and Clifton Howard and has met at least 6 times. We began to talk about the Core Ministry areas and what questions we had. The Executive Director did on-site visits to all our campus ministries to describe our new way of operating and what they might expect this year.

September 10, 2011, we partnered with First UMC Mansfield to bring Reggie McNeal to our conference to lead us in facing change. McNeal shows three significant shifts in church leaders thinking and behavior that must change; From an internal to an external focus, ending the church as exclusive social club model; From running programs and ministries to developing people as its core activity; and From church-based leadership to community engaged leadership.

In October we met with the Director's and Board Chairs of Campus Ministries to review their ministries and discuss budget allocations for 2012.

October 15, 2011, the Conference Core Leadership Team met for the first time for orientation followed by several meetings to begin work on Core Strategies.

October 19-21, 2011, the entire CTC Cabinet was trained in Healthy Church Initiative.

December 1, 2011, we provided the Conference Finance and Administration their category break downs for the 2012 budget and by the end of March 2012 we provided the proposed 2013 budget.

December 2011 we established a Texas Assistant to Bishop's Gathering which meets 3-4 times a year for sharing Best Practices and resources.

January 13-14, 2012, we worked with Richland Hills UMC to experience a Partner in Ministry training. April 2012 we established a three person task force to debrief Partner in Ministry trainings, review curriculum, and recommend changes. Jolynn Lowry, Mike Springer and Sharon Reid serve as that task force.

May 4-5, 2012, First UMC Killeen will experience a Partner in Ministry training.

May 9, 2012, Held an Orientation for Campus Ministry Cluster Group. During our Annual Conference presentation we will share some up-coming plans for the remainder of 2012.

COMMUNICATIONS & IT REPORT

VANCE MORTON, DIRECTOR

When the gavel fell to close the Central Texas Annual Conference meeting of 2011, the Communications and IT office passed two significant milestones – 1) the conference was now officially operating under the guidelines set forth in the Exodus project and 2) I had just completed my first month as Director of Communications and IT for the Central Texas Conference.

With Annual Conference in our rear view mirror for 2011, the Communications and IT team set out to evaluate the existing state of our communications and IT infrastructure and delivery vehicles and set them against the initiatives set forth in the Exodus Project. What we quickly discovered was that if we wanted to live into the Exodus Project and put our best efforts towards energizing and equipping the local churches of the Central Texas Conference (CTC), we needed to heed the lesson of Luke 6:48 and spend a significant amount of time and energy on digging deep and laying out a strong technology and communications foundation. It also became quickly apparent that this foundation needed to be flexible enough to adapt to the ever-changing communications and technology tools and trends of today.

In support of the need for a strong and flexible communications and IT foundation, several initiatives – some that were rather large in scope and ambition – were set in motion. A sampling of those initiatives include...

- A complete refresh of the ctcumc.org website
 - ♦ Establish that the focus of the website would be on providing information to the leadership (lay and clergy) of the CTC so that the local church sites could provide the information and direction required for their congregation and, more importantly, those seeking a church.
 - ♦ Reorganized information pertaining to the three centers (Evangelism & Church Growth; Leadership and Mission Support) in an effort to make it easier to navigate and find the information clergy and lay leadership need.
 - ♦ Added new rotating news banner that is refreshed at a minimum three times a week and sometimes multiple times a day.
 - ♦ Retired and archived a huge majority of files and information that was no longer relevant and slowing down navigation.
 - ♦ And more is being added and updated all the time – it is still a work in progress.
- Retired E-Link as a communications vehicle and replaced it with Quick Notes in an effort to provide more concise and immediately relevant information.
- Worked with existing vendors and UMC General Agencies to streamline reporting process with EZRA and our own conference database.
- The CTC Service Center was completely rewired and connected to an updated and centralized server and backup unit.
- Updated up to 80% of the existing PC's – many going to laptops so that the team can be free to be out of the office and with the churches, task-forces and mission teams we hope to energize and equip.
- Established an annual hardware and software refresh program – for both pc's and servers.

Central Texas Conference Journal 2012

- Developed plans to link all district offices into a centralized server to better share files and other digital assets and take conference e-mail off our local servers and out into the cloud to provide more efficient, cost-effective solution and reduce down time.

In the year following Annual Conference 2012, it is our plan to build on the foundations we have spent so much time securing and getting in place. You can expect to see things such as (but not limited to)...

- An increased and more active social media presence.
- An updated database for the conference.
- Continued improvements on streamlining church reporting processes and online registration.
- More diversity in our communications vehicles so that the narratives of the conference can be more efficiently share with members of the CTC in ways that they can then share them with their communities.
- A mobile version of the ctcumc.org website.

G This has been an exciting year of learning and growing and foundation laying for the Communications and IT team and we would like to thank the conference for its patience, support and continued constant feedback and ideas.

COMMITTEE ON EPISCOPACY

BLISS DODD, CHAIRPERSON

During 2011-12 Bishop Lowry's primary commitment has been toward conference restructuring, making mission field appointments, leadership development, and evangelistic engagement with the changing culture.

The conference restructuring has been accomplished with a total commitment to the growth and empowerment of the local church, and Bishop Lowry's focus has been to complete the move of all conference resources toward that goal. One example of this shift in focus was experienced when the Texas Methodist Foundation provided a grant for ministry with persons in poverty. The funds received were forwarded to key rural/small town ministries of food and emergency aid, to enable them to more fully participate in the UMC focus on ministry with the poor.

In the midst of global recession and conference organizational changes, Bishop Lowry has congratulated the conference on providing approximately \$190,000 toward Fair Share Goals and an additional \$380,000 in special offerings to support Glen Lake Camp, UMCOR, Imagine No Malaria, the victims of the Central Texas wildfires, the spring storms in Missouri and Oklahoma, and the Tsunami and related earthquake disaster in Japan. If the spiritual health of United Methodism in Central Texas is reflected in the generosity of the churches, surely we are faithful, strong and durable - capable of serving our Lord by making disciples, and being disciples, for the transformation of the world. We continue to be grateful for the leadership of Bishop Lowry.

BISHOP'S PREACHING EXCELLENCE AWARD

ESTABLISHED BY BISHOP MIKE LOWRY IN 2010

Deeply biblical preaching proclaims a transcendent and divine Word from the Lord. In a secular world that believes it can live without God, preaching brings radical news about a bigger world, a new world, the real world. Christian preaching deals with profound, life-and-death matters that have eternal consequences. It is momentous.

Excellent preaching is biblical, authentic, contextual, and life-changing. By the power of the Holy Spirit, preaching moves from the text through the preacher into a specific situation toward the gospel's goal.

Preaching is always connected with the church but ultimately goes beyond the church itself and proclaims the kingdom rule of God over all things and mission of God "to reconcile to himself all things, whether on earth or in heaven (Col. 1:20).

The Central Texas Conference Bishop's Preaching Excellence Award was established not as an award one could apply to receive. This award is recognition of those pastors who have a demonstrated pattern of excellence as a communicator of the gospel. Bishop Lowry, after consultation with the cabinet, is the sole determiner of the person named to receive the award. There may be a year in which no award is given.

Recipients of the award will have their name placed on a name plate of the award which is displayed in the Central Texas Conference Service Center. They also receive \$1,000 to be used as they see fit for further personal ministry development.

In the years when awarded it will be done at Annual Conference.

In 2010, Dr. Mike McKee, Senior Pastor, First United Methodist Church Hurst was the first recipient.

In 2011, Dr. John McKellar, Senior Pastor, White's Chapel United Methodist Church was our second recipient.

In 2012, Rev. Quinton J. Gibson, Senior Pastor, Temple St. James/Kell's Branch United Methodist Church's was our third recipient.

TASK FORCE ON COUNSELING

In our ongoing effort to continually provide the most effective counseling services and resources for clergy, diaconal ministers and families of the Central Texas Conference, the Task Force on Counseling is pleased to announce the following improvements in benefits and services:

- Participants are encouraged to take full advantage of the increased benefits and services currently available through the 2012 Employee Assistance Program (EAP) and Behavioral Health Services component already included as part of the Health Flex active plan.
- The EAP offers greater benefits and broader access to vital counseling resources and services. EAP participants are allowed eight counseling visits at 100% coverage with precertification which represents a significant improvement over our current Conference program. In addition, the Employee Assistance Program and Behavioral Health benefit offers

Central Texas Conference Journal 2012

assistance with legal, financial, adult/elder support, child/parenting support, life learning and chronic condition support. Many of those benefits and services are not currently offered through the existing Conference Counseling program.

- We encourage participants to take full advantage of EAP benefits and services now. The Conference Counseling Program will continue in its present form through December 31st 2012, primarily to allow those who are currently in a counseling relationship to begin transitioning to the new model. A number of our current conference approved counselors may also be included in the network of providers listed under the EAP. Please go to www.gbophb.org or call 1-800-788-5614 for an approved list of network counselors or for additional questions regarding benefits and services.
- As of January 1st 2013 the Conference Counseling program will no longer exist. Instead, participants will be able to access greater benefits and services provided through EAP and the Health Flex active plan. The plan is already in place and participants are encouraged not to wait but to take full advantage now of the opportunities provided by EAP.

G The Committee on Counseling is pleased to offer an improved and more efficient model designed to provide a broader range and wider scope of important benefits and services to our participants and their families. The details of the Employee Assistance Program are highlighted below.

EAP Can Lighten Your Load

"I see a counselor on a fairly regular basis, just to talk about things ... It's not necessarily crisis oriented, but it's helpful to have someone outside who can give you an objective listening post." —United Methodist clergy member

Too much to do in too little time ... personal or family issues that consume your thoughts ... financial worries that weigh you down ... blurred boundaries between work and personal time. It's no wonder you feel stressed or stretched sometimes.

The Employee Assistance Program (EAP)* can help—with confidential resources available online, over the phone or in person.

Support for a Variety of Needs

As a participant or spouse covered by a HealthFlex active plan, you can use the EAP to address a variety of issues related to work, relationships, family life, finances, time management and personal challenges. This program provides support in several ways: through information available at no cost online or by phone from United Behavioral Health (UBH), and through in-person sessions with local network providers.

Turn to this program for help with:

- conflict resolution at work;
- maintaining boundaries between professional life and personal life;
- marital and family satisfaction;
- financial strain, including household budgeting and paying off educational loans or other debts;
- settling into a new community and finding local resources, such as child care or elder care;
- emotional impact of living with a chronic or serious illness or caring for an ailing family member;
- stress, anxiety or depression; and
- legal matters, such as wills and adoption (one attorney consultation at no cost).

Confidential

Services are completely confidential. Your conference or employer will not be informed if you use these resources.

Eight Free Visits

Participants in active HealthFlex plans are eligible for eight, in-person counseling visits *per concern* at no out-of-pocket cost. If more visits are warranted, they will be covered under the plan's standard behavioral health benefit—with low co-payments for in-network providers. Some services are available free by phone or online.

Please note: You must obtain an authorization number from UBH to qualify for in-person benefits. If a new concern arises in the future, repeat the process to obtain eight visits at no out-of-pocket cost.

*The HealthFlex EAP is administered by United Behavioral Health.

BOARD OF ORDAINED MINISTRY

MIKE MCKEE, CHAIRPERSON

The Board of Ordained Ministry adopted five goals in the fall of 2008 for its work during this quadrennium. These goals guide our work of qualifying and credentialing persons who are seeking ordination as clergy in the Central Texas Conference. These goals are:

1. Create a standard of best practices for the District Committees on Ordained Ministry.
2. Develop a qualification and interview process to be used by the Central Texas Conference Board of Ordained Ministry with candidates seeking to be commissioned, with those who are continuing as provisional members and with those who are seeking ordination and full connection.
3. Evaluate the current Residency program as to the effectiveness for the probationary members of the Central Texas Conference. During this process, recommended changes to the process should be designed with the primary goal of helping a probationary member form a pastoral identity for his/her ministry.
4. Create an environment and process for the enlistment of young adults to serve in ordained ministry into the Central Texas Conference.
5. Develop a program of continuing education for members of the Board of Ordained Ministry to ensure each member's effectiveness in representing the Central Texas Conference.

The work of the Board of Ordained Ministry continues to focus on the five goals that guide our work during this quadrennium. Ongoing improvement, continually striving for excellence and effectiveness, and a passionate commitment to develop ordained clergy to be leaders in the churches and ministries of the Central Texas Conference motivate the members of the Board as they seek to serve the Kingdom of God.

The primary responsibility of the Board focuses on qualifying and credentialing men and women for faithful ministry. This is a shared responsibility with the District Committees on Ordained Ministry and the churches of the Central Texas Conference.

During the last year, training for the new District Committees on Ordained Ministry focused their work on behalf of the Board of Ordained Ministry. The training focused on the important role that these committees have in qualifying persons for ordained ministry. As persons present themselves for candidacy for ordained ministry, the initial work of the district committee is to ascertain if the person is fit for ministry in the United Methodist Church. The issue of fitness focuses upon a person's personal attributes and character for ministry. The district committee is also responsible for determining if a person is ready for commissioning as a clergy person in the Central Texas Conference of the United Methodist Church. At this point, it is important to evaluate a person's knowledge and skills. While a person may have a call to ordained ministry, it is not necessarily a call to ordained ministry in the United Methodist Church and it is vital that the district committee and the Board of Ordained Ministry give attention to that important work.

In the Central Texas Conference 11.0 percent of our elders are 35 and younger, one of the highest percentages of young clergy, who are members of an annual conference, among all United Methodist Conferences. While other conferences have organized efforts to attract and invite young persons for ordained ministry, the Central Texas Conference is fortunate to have this number of younger clergy because of other

G

Reports

Central Texas Conference Journal 2012

factors: effective student ministries in local churches, the excellence of the Central Texas Conference Youth Mission and Student Ministries, and the presence of two fine seminaries in our area. The Board believes that we can increase the number of younger persons seeking ordination by developing a comprehensive enlistment plan; therefore, the Board of Ordained Ministry will create a team of persons who will enlist younger persons for ministry in the Central Texas Conference Student Ministries.

The process for ordination in The United Methodist Church can seem complex and rigid to those who are exploring a call to ordained ministry. The Board of Ordained Ministry continues to work on ways to make the process clearer given the mandates of the Book of Discipline. Persons who are exploring a call to ordained ministry are encouraged to be in conversation with their District Superintendents and the chairpersons of their District Committee on Ordained Ministry.

Our conference's Residency Program has implemented many changes in the past three years. We continue to work on enhancing this process so that provisional members of the annual conference discover ways to live into and create a pastoral identity.

G

The Board has implemented a process where the files and work of the Board and the candidates are completed electronically. While initially time consuming, the result was greater efficiency and clarity for the candidates, broader access to candidate files for board members, and a reduction in paper and mailing costs. The response to the transition to electronic files was overwhelmingly positive by both candidates and Board members.

Kathy Ezell has assumed the position of Administrative Assistant to the Board of Ordained Ministry. She was responsible for a smooth transition in the work of the Board of Ordained Ministry following the retirement of Gala Trimble and has guided us through the process of converting all of our files to electronic format. The board is deeply appreciative of her work. Finally, the Board of Ordained Ministry is comprised of clergy and laity who have additional responsibilities in their local churches, other ministry settings, or in other endeavors and callings. The gifts of their time and service during this year of change and renewal have been exemplary.

BOARD OF LAITY

STEVE MCIVER, CONFERENCE LAY LEADER

The Board of Laity provides coordination and support services for United Methodist Women, United Methodist Men, United Methodist Youth, Lay Speaking Ministries, and Lay Leaders. The mission is to enhance our effectiveness as partners in ministry to make disciples of Jesus Christ for the transformation of the world. In continued promotion of this mission, the following activities were held: the combined Clergy and Laity Memorial Service, the "Partners In Ministry Luncheon," training for new Lay Members of Annual Conference, Laity Sunday celebrations in local churches, lay speaking training and one "*Partners In Ministry*" workshop.

Leadership development continued to be a focus of the Board of Laity with Bishop Lowry presenting updates on the *Exodus Project* and the *Call to Action* and introducing the *Healthy Church Initiative* at the fall 2011 meeting. The *Lay Leadership Development* component of *HCI* was a topic of discussion at the spring 2012 meeting.

MORRIS WALKER SCHOLARSHIP AWARD

MORRIS DELANEY WALKER

1909-1972

The Morris Walker award was established to recognize Morris DeLaney Walker's distinguished and exemplary service to The United Methodist Church as a conference lay leader. He was outstanding in how he filled his duties, but he also set a high standard of service that reflected throughout the conference. Morris once said his parents had taught him to "tithes my abilities and time as well as my income for the benefit of the church. I have found the opportunity of being some small service to the church most gratifying."

Walker's jovial and delightful personality assisted in his role of encourager to the members with whom he worked. He met life with twinkling eyes and a mischievous grin. Even today, those who knew him still tell of their adventures with him.

G Walker served as president of the District Board of Missions and president of the Protestant Men's Council of Tarrant County. He was one of the initial 24 directors of the Metropolitan Board of Missions and one of its three incorporators. He was a member of Meadowbrook [United] Methodist Church from the time of his youth, later serving as lay leader, district lay leader for the church's Fort Worth East District, and Conference lay leader.

During the early 1960s, while carrying a full work load and serving in so many positions in the Central Texas Conference and beyond, he rarely missed Monday night visitation meetings in his church. His beyond-the-local-church activities did not keep him from being an exemplary witness in his local church.

In 1963 Walker represented the Methodist Church in Denmark through a United Nations cultural and spiritual exchange for a six-week period. He was Methodist representative to the United Nations Conference where he met Bishop Tutu.

He excelled in his professional and community life. He worked for Mrs. Baird's Bakery for 42 years, holding the highest position of a non-Baird family employee. He spent as much time in church work as in his job and the Bakery supported it. He was a faithful disciple of Christ whose work was an example for all who knew him.

CENTER FOR MISSION SUPPORT CONFERENCE CONNECTIONAL TABLE

The creation of the Conference Connectional Table was a key piece of the Exodus Project approved by the special session of the Central Texas Annual Conference in November 2010. The purpose of the Connectional Table is to make sure that all voices are represented around the table and are heard in the conversation about the mission and ministry of the church. The group is inclusive in nature, collaborative in style, and while being efficient in the stewardship of resources it is also transparent, accessible and accountable in all relationships. It is a place for listening, learning, and coordination of Central Texas Conference ministries around the mission of 'making disciples of Jesus Christ for the transformation of the world.' It is organized as a forum for understanding and communication between/among the General Conference

representatives, task forces, centers, annual conference, agencies, and other representational ministries.

The Connectional Table is currently made up of: Conference Lay Leader, Associate Conference Lay Leader, Disaster Response Coordinator, Emmaus Board of Director's Representative, representative from the Renewal of Eastern Mexico Covenant task force, Health and Welfare team leader, Church and Society team leader, President of Conference UMW, President of Conference UMM, Inclusiveness Team (which includes representatives of Status and Role of Women, Native American Ministries, Disability Concerns, Religion and Race) ,Conference Council on Youth Ministry Representative Age 12-18, Division of Ministry with Young People Representative Age 12-30, Team Leader of Christian Unity and Interreligious Concerns, Team Leader of Commission on Archives and History, members of General and Jurisdictional bodies who reside in the Annual Conference and ex officio are the Executive Directors of The Centers.

The team has really only begun their work having organized earlier this year. We realize there still is much work to do, but are confident they have made a strong beginning. The development of the three conference centers, appointment of new leaders and realignment of resources has enabled the progress.

UNITED METHODIST WOMEN *WALK WITH WHOLENESS* **THE PURPOSE OF UNITED METHODIST WOMEN**

United Methodist Women is a community of women whose purpose is:

- To know God and to experience freedom as whole persons through Jesus Christ
- To develop a create, supportive fellowship and
- To expand concepts of mission through participation in the global ministries of the church.

The women of the Central Texas Conference are women in mission! United Methodist Women are working to fulfill our Purpose which includes the support of mission, especially ministries directed toward women, children, and youth. This year, as we continue our mission and educational efforts throughout the conference and beyond, the theme for United Methodist Women is "Walk With Wholeness".

A Realignment Task Force chaired by Dr. Edie Jones led us in a successful reorganization of the conference to reflect the five district structure and we celebrated that at our Annual Autumn Gathering on October 1, 2011 with Bishop Lowry.

We are continuing our effort to strengthen and revitalize existing local organizations and "birth" new ones including our new groups in Cahill and Gholson-Wesley Chapel. It is always exciting to see the wonderful spirit of the local women and hear of how they are living out the purpose of United Methodist Women. We are blessed to be a blessing.

This year began with the UMW Legislative Event in Austin January 22-24. Women from our conference joined some 150 other United Methodist Women from across Texas. Our Central Texas Conference voted to address 5 priorities this year, they are:

Central Texas Conference Journal 2012

STATE BUDGET

We affirm that the state budget is underfunded, structurally unsound, and insufficient to meet the needs of the people of Texas. We are especially concerned that the education budget is woefully underfunded. Texas needs a public school budget that fully funds enrollment growth, guarantees funding to implement state educational requirements, and fulfills Texas' constitutional mandate to provide free public schools. A generation of litigation has squandered the public's resources and must end. Texas needs a real budget to meet our real needs, even if it takes new revenue.

IMMIGRATION

G Texas must use our limited state law enforcement resources to keep Texas safe, not to enforce federal civil immigration laws. The Legislature must avoid wasting valuable time debating punitive state immigration policies that have little or no chance of actual implementation. We call on Texas legislators to use their influence in encouraging the Texas Congressional delegation to enact compassionate federal immigration reform.

PREDATORY LENDING

The Legislature should build on the foundation of sensible regulation of payday and auto-title lending established in 2011 and work to eliminate the cycle of debt in the 2011 legislative session, through strategies such as limiting rollovers, capping fees, and allowing partial payments.

HEALTH AND WELLNESS

Legislators should maintain and strengthen Medicaid and CHIP, and ensure that Texans receive the maximum benefit due them through the provisions of the Affordable Care Act such as access to affordable private health insurance. Lawmakers should renew and strengthen initiatives to improve Texans' health and wellness through nutrition and preventive health programs.

WOMEN AND YOUTH IN THE CRIMINAL JUSTICE SYSTEM

CYNTHIA RIVES, PRESIDENT

We call on legislators to guarantee humane treatment for all Texans caught up in the state's criminal justice system, especially the most vulnerable, including women, children and youth. We urge the Legislature to increase access to mental health and substance abuse treatment for offenders. We are concerned about disproportionately punitive treatment of youthful nonviolent offenders, and we urge legislators to reward prudence and wisdom in ticketing, sentencing, and incarceration of juveniles. The Charter for Racial Justice Event (Sing a Rainbow) was held at Woodway UMC in Waco on Feb. 18. It was the first time in a number of years that we have held this event outside the Metroplex and we were thrilled to have 200 in attendance. We looked at the issues and how they related to racism - Maternal Health, Immigration

Central Texas Conference Journal 2012

(The Dream Act), and Domestic Violence. We were blessed to have Julie Warren as our study leader of Maternal Health and Domestic Violence. Julie designed the birthing kits for UMCOR and led us in putting together 200 kits to go to Sager Brown. Through the General Board of Church and Society's program Healthy Families/Healthy Planet we learned about the need for change to improve the lives of women and children around the world. Many of us wrote Rep. Kay Granger to encourage her to support aid for maternal health programs around the world. Our own Heidi Careaga and Karla Rodriguez did a great job of leading us as learned about the Dream Act issue.

On March 23 & 24 the CTC UMW Spiritual Growth Retreat, "Being Alive in a Crazybusy World" was held at Glen Lake Camp. Our leader was Rev. Dr. Cynthia Rigby of Austin Seminary.

The UMW Luncheon is being planned for Tuesday, June 5, at the Brazos Room in the Waco Convention Center with the help of the women of the South District as well as those from around the conference. We look forward to sharing our mission story and a meal with the new and old friends we meet at Annual Conference. The focus of the event will be ending poverty. Donations for the United Community Centers and the Laura Edwards Christian Early Learning Center will be collected and the children of the Laura Edward Early Learning Center will sing for us.

In addition to the UMW Luncheon we are sponsoring our Second Annual Ubuntu Day of Service. Ubuntu means "because you are human, I am human". Following the luncheon we will be filling food bags for the Kids Against Hunger program and then travel to Laura Edwards Center work with the children.

Cooperative School of Christian Mission is the best kept secret in the Central Texas Conference. We hope you will join us for at least one of the four events planned for July 23-27: An Evening Class and Weekday School at Fort Worth FUMC, and the Evening and Weekend School at Temple FUMC. The studies are – Immigration in the Bible, Poverty, and Haiti.

Our CTC UMW Mission Trip is scheduled for September 3-8 to McCurdy Mission School in Espanola, New Mexico. We also have a mission trip to Sager Brown scheduled for June 16 - 22, 2013.

We continue our support for the only national mission in the Central Texas Conference, United Community Centers of Fort Worth. All the districts support the Centers through donations and gifts. We also gave leadership to the UCC Annual Dinner on April 19. This year we are having our first UMW Work Day at UCC on May 19th as an effort to help the three centers prepare for their summer program. In December we celebrated the 3rd Annual UCC ACT III Teen Christmas party sponsored by the CTC UMW. We celebrated with approximately 60 teens from the three centers at the new Poly Tech Center. We were especially blessed to have conference, district, and local UMW members giving leadership. A special thanks to Leslie Garcia of Ridglea UMC, Karla Rodriguez of El Buen Samaritano and the Acton UMW who brought a whole van load to the party. A great time was had by all.

Central Texas Conference Journal 2012

This coming October 5 we will have our Annual Autumn Gathering at Temple FUMC with Jerri Savuto as our guest speaker. Our theme will be Walk with Wholeness - Tell Your Story.

This has been a year of wonderful opportunities and blessings. I thank the Conference Mission Team, all the district and local officers, and every woman in every unit for all they have done to make this year very special. This is my last year to serve as CTC UMW president and it has been an honor. In the years to come, I see women in mission in the Central Texas Conference building on the past and looking to the future knowing that God is with us all the time - no matter what. Thanks be to God! For those who have come before, those who are working with us now, and those who are preparing to take up the mantle in the future, I give thanks.

THE WALK TO EMMAUS

MIKE RIDDLE

G The Walk to Emmaus is a spiritual renewal program for Christians. It is intended to awaken us, to rekindle the fire we experienced when we first became aware of the light of Christ shining in our lives, and to remind us that Jesus walks with us each and every day along every road we take. Whether our "road" is from Jerusalem to Emmaus as in Luke 24: 13-35, or is down IH-35 or around Loop 820 in heavy traffic, or is through family issues or dealing with some addiction, Jesus walks beside us. Jesus wants a daily, moment-to-moment relationship with us no matter what we are experiencing. Jesus is calling to us every minute but we get so "busy" we don't hear him or even know he is there with us. The Walk to Emmaus is a time to listen. It is a time to hear the voice of Jesus calling to us. It is hopefully an experience which will remain with us long after the three-day weekend is over. It is an experience which will keep us aware of Jesus in all our Fourth Days, every day after our Walk event.

The Walk to Emmaus Program in Central Texas has been experiencing a decline in participation just as other Christian denominations and programs. Over the last several years there has been a slow but steady drop in the number of Pilgrims attending Walk weekends each year in the Central Texas Conference. From a High of 36.5 Pilgrims per Walk on 18 Walk events in 2004, the average dropped to 29.8 Pilgrims on 13 Walk events in 2010. The total number of Pilgrims dropped from 657 in 2004 to 388 in 2010. Responding to this decline the Board approved a schedule for 2013 with only eight Walk weekends, hoping that decreasing the number of Walks would increase the average number of Pilgrims participating in each Walk. The most immediate effect of this decision of the Board was the necessity to eliminate the full-time paid Administrator position and return to a variety of volunteer positions to accomplish the administrative tasks of the program. This elimination is being phased in over the 2012 year with the majority of the tasks being transferred to volunteers by July 1. Ironically, after this decision was made figures for 2011 and early 2012 indicate a surge in Walk participation. The 2011 average was 31.3 Pilgrims on 12 Walk events, and the to-date average for 2012 for 6 Walk weekends is 34.3 Pilgrims.

Reports In 2004 and 2005 CTC Emmaus held Conference-wide Gatherings which had attendance in excess of 300 people. These were day-long events beginning with a Worship Service, including several breakout sessions during the day for information sharing, training, and spiritual formation, and concluding with a Worship Service and Communion. There was much fellowship, lots of singing, and excellent preaching.

Central Texas Conference Journal 2012

Many people stayed long after the event concluded to just talk and be with Christian Emmaus friends. After several years of no Conference Gathering another was held in October of 2010. As could be expected following a period of absence, attendance in 2010 was low. Another Conference Gathering was held in October of 2011, and despite conflicts with several big-draw events such as the United Methodist Women's Conference-wide day, attendance at the Emmaus event improved. A third consecutive Conference-wide Gathering is scheduled for September 29, 2012. The 2012 Gathering will be held at Glen Lake Camp, beginning with worship at 9:00 am and concluding sometime around the dinner hour. Please check the Emmaus website – www.ctcemmaus.org – for details on this Gathering. Information will be posted as it is planned and the event develops.

The way you think about your situation determines how you feel about it, and how you feel about it largely determines what you will do. The Walk to Emmaus empowers people to think about life in terms of relationship with God and one another. This enables us to trust in God and to have faith in God's plan for our lives.

For additional information about Emmaus contact the Board Lay Director, Mike Riddle, at 817-483-5305, or by e-mail at riddle_m@sbcglobal.net. Information can also be obtained at the conference website, www.ctcemmaus.org.

DISASTER RESPONSE *REV. LARAINÉ WAUGHTAL*

The fall of 2011 and spring of 2012 have proven to be a very busy time. Five teams from our conference have been to Haiti in 2011 to continue to respond to the removal of debris and the rebuilding of Haiti. In 2012 we have six teams either going back or returning to Haiti to be the presence of Christ to others as they recover from the 2010 earthquake. The spring has been very busy for us on a couple of levels. So far we have had three Early Response Team trainings in our conference with several more planned for the year. Please check the conference webpage to register for upcoming trainings. If your church would like to host training please contact Kyland Dobbins at the conference office or myself to schedule training. On Tuesday, April 3rd, a tornado tore through the Kennedale and Arlington area. Hundreds of homes along with St. Barnabas United Methodist Church were badly damaged in the storm. Our Early Response teams responded immediately to the cause. We had a total of 111 people for a total of 605 hours respond in this time of disaster! Almost all of these hours were accomplished from the day after the tornado, April 4 until Saturday April 7th. Work was done on both homes and the church. The work done by the ERT's and church volunteers allowed St. Barnabas United Methodist Church to have their sunrise service on the grounds of the church. At this time of celebrating our Savior's resurrection we helped resurrect the spirit of Christ and the spirit of hope to a people who were in such a great time of need. We are in the process of reforming the Disaster Response Task Force and rewriting our Conference Disaster Response Plan.

CENTER FOR MISSION SUPPORT

This Center has both a technical and adaptive responsibility in carrying out its mission in the annual conference. It is as technical as offering clergy and lay pensions and health insurance and as adaptive as seeing to it that we energize and equip local churches so they can make disciples of Jesus Christ to transform the world to carry forth ministries of mercy, justice and being the church through its mission and ministries.

The Mission Support Leadership Team has only been meeting for a little over 6 months now and has been busy at organizing the center responsibilities along with pursuing objectives and plans for the Center as a whole and for helping each staff person more fully understand and live-out their relationship to the vision and mission of the Annual Conference and its connection to the larger global church. This has been accomplished around a spirit of collaboration and collegiality that has resulted in a more cohesive approach to ministry.

- G** Through the ministry areas of:
1. Risk Taking Mission and Service;
 2. Intentional Faith Development;
 3. Engaging in Ministry with the Poor; and
 4. Global Health.

The Center for Mission Support serves as a resource to equip people and local congregations to make disciples for Jesus Christ for the transformation of the world to the glory of God.

In 2011 and early 2012, the Center staff and leadership team has collaborated to further the work at the district and local church levels. As you will read in the reports that follow, we have worked hard to provide effective training and avenues for reaching out to, and building relationships with, individuals and communities both locally and internationally, in witness to the Gospel of Jesus Christ which addresses the whole person in body, mind, and spirit and offers redemption and acceptance into the family of God regardless of a person's status in life or in the community.

This witness has been seen within the development of ministries of justice, including immigration and other social reform, community development, disaster recovery, compassion, advocacy, presence, proclamation, and care for the sick, the prisoner, the hungry and thirsty, the stranger, and those without adequate shelter, clothing, jobs, education, and access to public and social benefits. In this way, the Center seeks to invite, empower, and support the missional life of every pastor, lay person, and congregation as vital to what it means to be a Christian in this world both in our own local communities and around the world, so that all come to a saving knowledge of Jesus Christ and participate in God's abundance for all people and all of creation.

In 2013 we will continue our focus of connecting, resourcing and partnering with agencies, individuals and churches in order to more adequately offer the redemptive love of Jesus Christ.

We invite you to dream with us by answering the following questions.....

Central Texas Conference Journal 2012

- How can we help you meet the ministry needs of your community?
- How can we help you connect with other individuals/churches/agencies to reach out?
- How can we partner with you?

2012 has been a year of refocus, learning, and discovery in the Center for Mission Support. In the midst of transition, God has been at work in mighty ways. We are thankful for the ministry that has taken place in 2011-2012 and for the groundwork that has been laid for the future. Thank you for your faithfulness in being the church in this time of transition. The following are a few of our accomplishments for 2011-2012:

SPRING STORM RESPONSE

G

(Arlington & Kennedale): Through the leadership of our trained Emergency Response Teams, Central Texas was ready to respond to the storms in Arlington and Mansfield as needs were available in the following ways:

GREAT DAY OF SERVICE

This Spring approximately 350 persons from around the Central Texas Conference engaged in ministry in their local communities as part of the Great Day of Service. Through the love of Christ, wheelchair ramps were built, UMCOR kits were put together, flowers were planted at nursing homes, and love was shared through many more ways.

EASTERN MEXICO EXPLORATORY TRIP

In January, 2012 Bishop Lowry, Dr. Randy Wild and Rev. Dawne Phillips travelled to the Eastern Mexico Conference to visit with Bishop Raul Garcia about the re-establishment of a covenant between our two conferences. The covenant which had existed between the two conferences since 1996 had not been renewed since 2006. We were greeted warmly by Bishop Garcia as well as a number of pastors and laypersons in the conference. It was the observation of the team that The Methodist Church is alive and well in Eastern Mexico, with many opportunities for connection in the following ways:

- o Mission trips to serve alongside the churches of Mexico in their communities.
- o Renewed relationship with the Juan Wesley Seminary with opportunities for reciprocal internships, perhaps with Texas Wesleyan University.
- o Mission opportunities in the Central Texas Conference for youth and adults from the church of the Eastern Mexico Conference.
- o Reciprocal presence at Annual Conference in Central Texas and Eastern Mexico to solidify and grow relationships between pastors and laypersons.

ENGAGING IN MINISTRY WITH THE POOR

Through our partnership with Texas Methodist Foundation, five churches in our conference, one in each district, received funds to support their food pantry in their local community.

Through our partnership with La Trinidad UMC (Rio Grande Conference) and the Texas Methodist Foundation, new community relationships are being forged at the site of Diamond Hill UMC in Fort Worth.

Center for Mission Support Ministry Partnerships were developed to energize and equip local churches to be in ministry in the focus areas in new ways, with new partnerships and renewed focus on the areas of Ministry with the Poor, Intentional Faith Development, Global Health and Risk Taking Mission and Service. Talk to us at the "Risk Taking Mission and Service" table and pick up an application for partnership in any of these areas.

G During 2011 and 2012, we began a dialogue with local mission pastors and laypersons about effective local missions and the need for opportunities to share best practices. The Outreach Outings emphasis was developed to meet that need. It is an attempt to provide opportunities for local churches to connect with other local churches and share their best practices of local ministry. We kicked off this ministry this Spring with a workshop led by Teresa Sherwood, Director of Missions at FUMC Mansfield discussing the book *When Helping Hurts* and will continue to a monthly visit to a local church mission site within our conference to learn and share together. A flier with the schedule for the coming year is available at the *Risk Taking Mission and Service* table.

In response to our need to know how to help you connect with one another about the ministries in which you are engaged, we have developed a survey vehicle to help us in the Conference Service Center develop a database of the types of ministries in which local churches are engaged with the goal of facilitation your sharing with one another. Please fill it out today and bring it to us at the Center for Mission Support tables.

Our 2012 Annual Conference offerings will be used to encourage innovative ministries with the poor in our local congregations through the *Ministry Partnership Application*. We look forward to sharing stories of these ministries with you next year.

OUR 2011 CONFIRMATION CLASSES

The Central Texas Conference recognizes your congregation as being one of 101 congregations that held a Confirmation Class during 2011.

Confirmation refers to the decision a person makes to respond to God's grace with intentional commitment, publicly reaffirming his or her baptismal vows before the congregation. Most confirmands are youth who have been nurtured in the church. During confirmation class, confirmands learn about the meaning of the Christian faith, the history and teachings of Jesus, the workings of the UMC and an explanation of the baptismal and membership vows. Confirmation is usually a person's first public affirmation of faith. In other words, the confirmand is taking responsibility for living as a member of the body of Christ and for fulfilling God's purposes.

CELEBRATING OUR PROFESSIONS OF FAITH

The Book of Discipline states that the purpose of the UMC is to make disciples of Jesus Christ for the transformation of the world. According to the records submitted by the pastors and local churches of the CTC, the following 305 Churches received at least one person by profession of faith during 2011.

The fact that your congregation is listed is testimony to your faithfulness to the Great Commission's commandment to "go make disciples of all nations." Matthew 28:19

May God continue to bless your ministry of making new disciples of Jesus Christ

The Central Texas Conference recognizes your congregation as being one of the 121 congregations reporting growth in worship attendance during 2011.

"I was glad when they said unto me, 'Let us go into the house of the Lord.'" Psalm 122:1

"Worship the Lord, all the earth! Honor him, all peoples." Psalm 33:8

"As a deer longs for streams of cool water, so I long for you, O God. I thirst for you, the living God. When can I go and worship in your presence?" Psalm 42:1-2

The fact that your congregation is listed is testimony to your faithfulness to the Great Commission's commandment to "go make disciples of all nations." Matthew 28:19

CELEBRATING OUR 2011 MISSION TEAMS

The Central Texas Conference recognizes your church as one of the congregations that reported a VIM or other Mission Team sent from your church during 2011.

¶1301 of the *Book of Discipline* declares that "the Church in mission is a sign of God's presence in the world." Mission has a sacramental nature as it channels love and embodies a community of faith that has been water-washed and spirit-born. To be in mission is not about mere programs, and projects, and training sessions - it is about being the hands and feet of Christ. Ordinary men and women are transformed into a holy community - a church that is a sign of God's presence as we pursue God's mission.

"For I was hungry and you gave me food, I was thirsty and you gave me drink, I was a stranger and you welcomed me, I was naked and you clothed me, I was sick and you visited me, I was in prison and you came to me." Matthew 25: 16-37

COMMISSION ON ARCHIVES AND HISTORY

CALVIN SCOTT, CENTRAL TEXAS CONFERENCE ARCHIVIST

Under the direction set for the conference by the adoption of the Exodus Project, 2012 has been a year of continuous change in the Central Texas Conference, and the world of Conference Archives was no exception. I began my role as the conference archivist last May and have enjoyed every minute of it. After graduating from the University of Texas at Arlington with a masters of arts in history and a graduate certificate in archival administration, I worked on my internship at the National Archives and Records Administration. It has long been a dream to get to turn those skills, education and the passion I have for history into a career. I feel very blessed that I have been

Central Texas Conference Journal 2012

able to live that dream as the archivist of the Central Texas Conference. Beyond the work itself, the biggest blessing has been getting to work with and learn from the staff at Texas Wesleyan Eunice and James L. West Library. I would like to thank them, and especially, Louis Sherwood, Jean Traster, and Michael Patison for all their support and the warm reception that they've provided.

This year, I have begun two multi-year initiatives. The first is to clear the backlog and make significant progress on cataloging our current acquisitions. This is vitally important since records degrade significantly year-by-year, especially when no proactive care has been taken to protect the integrity of the records. It is imperative that we minimize easily prevented degradation loss. As far as cataloging current acquisitions, so far my efforts and progress have been focused on two of our biggest un-cataloged collections, Overton Park and Westcliff.

My second initiative has been to start an electronic database for our archival records. This not only provides a secure location for our records, but also invaluable cross-referencing and metadata functions to better accommodate requests. It is my belief that these two initiatives will help solidify our archives foundation. This year I have also completed more than 150 archival requests and have worked with Diamond Hill and Riesel to collect their records when they closed this year.

In the Future I plan to start to focus on performing more outreach to our churches. I plan to start training to help church archivists' better preserve their records. I also plan to create more guides and instructions for deciding what records need to be kept permanently. Another initiative I plan to start in the future is to perform oral history interviews with clergy and lay members. This will create a new dimension in our archival records and help researchers understand the stories and members that shape the Central Texas Conference.

HEALTH AND WELFARE *REV. LARA WHITLEY*

The Health and Welfare Committee of the Central Texas Conference remains committed to the connection our annual conference shares with wonderful institutions

Central Texas Conference Journal 2012

and programs that provide for the care and wellbeing of all God's children. Out of this commitment grows our support and encouragement of the work of our partner organizations that offer vital ministries for people within and outside the boundaries of the Central Texas Conference. Methodist Children's Home in Waco, Wesleyan Homes in Georgetown, Methodist Mission Home in San Antonio, and Texas Health Resources through the work of Harris Methodist Hospitals, all work diligently to provide care and services rooted and grounded in the values of our United Methodist tradition, in the name and spirit of Jesus Christ.

In addition, the health and wellness taskforce continues to find ways of caring for clergy and laity from within our churches and to provide resources to encourage healthy living. The Central Texas Conference is proud of its connections with these great organizations. To learn more about these wonderful ministries please join us for lunch on Wednesday during annual conference.

ANNUAL CONFERENCE ORGANIZATION & ADMINISTRATION BACKGROUND INFORMATION TO THE 2013 BUDGET RECOMMENDATION

In 2009, in the midst of the financial recession in the country (ever notice how most things get looked at when finances are threatened?), our annual conference realized that the way we were working wasn't working anymore. The way we were going about the business of the church was no longer sustainable, nor were we as effective as we once were in reaching people for Jesus Christ.

In 2010, we formed a committee (ah yes the United Methodist way). The Alignment Task Force brought a radically new design to the ways of doing mission and ministry in the CTC with the approval of The Exodus Project at a special called session in November, 2010. The Exodus Project is helping us, as an annual conference, sharpen the focus and concentrate on aligning our resources with our priorities. The clear direction is that one of the most important elements in the annual conference is the local church. The local church is best suited to know the needs of their mission field and what best works for them while the annual conference staff and office is there to equip and energize the local church to be more effective, faithful and fruitful for making disciples of Jesus Christ for the transformation of the world. Gone are the days of one size fits all, replaced by a very clear pinpoint, laser focus on the resources and partnerships that is discovered by the needs of the approximately 300 individual CTC churches.

As a part of the Exodus Project, financially speaking, we wanted to push more of the conference resources to the local church and at the same time to transfer the costs to the church of each of their clergy.

Financially, 2011 was something of a "hybrid" year. While the connectional mission giving (CMG) budget was adopted at the 2010 Annual Conference session according to the previous conference structure and the first five months of 2011 operated under that structure, the last seven months of the year was under the new center structure. This was most evident in the beginning alignment into the three centers budget, the District Administration budgets and the campus ministry budgets. The 2011 Annual Conference session adopted a 2012 CMG budget which further aligned our conference resources according to the priorities of our mission as delineated in the Exodus Project. As we continue to live into our new center structure our 2013 budget

Central Texas Conference Journal 2012

further spells out the directions and priorities of our Annual Conference as defined by the Core Leadership Group.

CONFERENCE BUDGET DECREASES

Recognizing that some families and churches are continuing to struggle in the uncertain and challenging times in our nation, CFA is recommending a 2.57 % decrease in the connectional mission giving budget for 2013. This is the fourth year in a row for the budget to be decreased.

<u>2013</u>	<u>2012</u>	<u>2011</u>	<u>2010</u>	<u>2009</u>
9,758,64	10,008,982	11,380,074	11,553,612	11,636,573

We do realize that while the Conference budget has continued to decrease that some of that decrease has been shifted to the local church. Knowing this we have tried to continue to hold the line on any increases in the annual conference budget knowing that churches were absorbing more of their own direct costs for their clergy and the additional needed priorities of the annual conference.

G

LOCAL CHURCH COSTS INCREASES.....BUT NOT AS MUCH AS YOU MIGHT THINK

Remember we are just shifting the cost of the clergy health insurance premiums. The church has always paid the premiums whether in the form of apportionments (now called Connectional Mission Giving) or in direct billing (which begins in June). It is the same amount of money just paid differently. In the past, in the apportionment system prior to direct billing, some churches were paying more than the cost of their individual church clergy while others were paying less. So in the shift from the local church paying the premiums through apportionments to direct billing, some churches have experienced an increase while others have experienced a decrease. Remember, since 2009 the annual conference has set as its goal for each local church to directly pay only the costs of their clergy in terms of salary and benefits. In this way each church can better budget and ascertain the true costs of "doing business" in their local ministry setting.

WHAT'S THE BOTTOM LINE ? OR WHAT'S THE NET EFFECT?

The shifting of costs for clergy health insurance premiums, the decrease in number of districts and the decrease in conference personnel and changing the priorities of our conference mission and ministry has resulted in an overall increase to the local churches of 6.85%. In other words, keeping the clergy health insurance premiums in the conference budget or taking them out, the total increase in the conference budget over the last 5 budget years has been 6.85%.

WHERE IS THE INCREASE?

Much of the increase has come about this year, not because of the Exodus Project or the shifting of health premium costs, but as result of the necessity of doing something about a conference service center building and the setting of the directions and priorities of our Annual Conference. (See Notes to the 2013 Budget Recommendation below for the major changes in the budget.)

Reports

Central Texas Conference Journal 2012

LOOK WHAT COULD HAVE HAPPENED..... OR WHAT'S THE BOTTOM LINE 2?

So what would the effect have been on the local church had we done nothing but simply shift the way we are paying the health insurance premiums? It is really quite easy to figure out. We've had savings from reducing the number of districts (salaries & administration), reductions in conference staff and administration, (in addition to no salary increase for 2012 for a total savings of just over \$ 1,000,000. So, had we done nothing.....no cutting of district administrative expense or DS salaries, no cutting of annual conference staff, no sharpening of financial priorities and focus with the additional expenses, the local church would have seen an additional increase of over \$1,000,000 or approximately 7.50% for a total increase to the local church of a whopping 14.35%.

EXODUS PROJECT....PROMISES KEPT

As promised, the changes that were outlined in the Exodus Project adopted at the 2010 Special Called Annual Conference session have not caused the budget to increase. Any budget increase has resulted from the setting of other annual conference goals. (See "Where is the Increase?" section above). We have continued to realign our resources according to the priorities of our mission, as delineated in the Exodus Project, under the direction of the Conference Core Leadership Team.

FURTHER ALIGNING AND PRIORITIZING OF THE ANNUAL CONFERENCE MISSION

Thus, aside from General Conference and Jurisdictional Conference budget items, and the District Funds, the 2013 recommended connectional mission giving (CMG) budget is built around the three centers: (1) the Center for Leadership Development, (2) the Center for Evangelism and New Church Development, and (3) the Center for Mission Support, with a fourth area for our Annual Conference organization and administration items which is also housed within our Center for Mission Support. As called for in the Exodus Project, the District Administration Fund budgets and the Campus Ministry budgets have come into the conference budget. The staff salary and benefits budget items are aligned with their respective centers. It should be noted that the conference has reduced staff and is continuing to realign the staffing to coincide with the ministry priorities of our Conference. According to CTC guidelines and policies, the 2013 District Superintendent and Executive Director level salaries are calculated with a 1.37% increase. There were no increases in staff salaries for 2012 and the 2013 staff salaries are calculated with an aggregate increase of 2.0% plus a benefits cost increase of 3.5%. Included in the salary increases for 2013 are the full year funding of staff positions and the further aligning of personnel across centers.

HOW DO WE COMPARE THE VARIOUS YEARLY BUDGETS

The 2013 CMG Budget recommendation further aligns our conference resources into the ministry centers and five district format and making any comparisons, except for General, Jurisdictional and District budget items, with any of the last five budgets is

Central Texas Conference Journal 2012

extremely difficult except for bottom line totals. Below you will find the 2013 Budget Recommendation along with (where possible) the 2012 line item comparisons.

You can see in the notes section that much of what we have tried to do is continue to align the use of our resources with the priorities we have set as an annual conference:

1. Developing Principled Christian Leaders,
2. New Places for New People & Transformation of Existing Congregations,
3. Ministry With The Poor,
4. Eradicating Killer Diseases

NOTES TO THE 2013 BUDGET RECOMMENDATION

1. STAFF SALARIES – There are no new staff positions requested. The increase includes an aggregate increase of 2% plus a benefits cost increase of 3.5%, along with full year funding of staff positions and the further aligning of personnel across centers.
2. PROPERTY MANAGEMENT – Property Management reflects the cost to maintain property owned by The Center for Evangelism and Church Growth and closed churches that the Center receives from the Districts. Some funds may be recovered if a property sales.
3. GLEN LAKE CAMP - Intentional Faith Development of our children and youth is a core strategy and ministry priority area of our Annual Conference. We are restoring a funding decrease from 3 years ago.
4. JUSTICE FOR OUR NEIGHBORS (JFON) – Partnering with the North Texas Annual Conference and others in ministry with the poor and risk taking mission and service to fund a lawyer and staff to help in the immigration and refugee issues. This restores some funding that was removed 5 years ago.
5. ANNUAL CONFERENCE EXPENSES - The 3 biggest categories of expense are \$18,000 for facility use/rental, \$40,000 for audio visual expense, and retiree per diem expenses of \$6,000.
6. RELOCATION EXPENSES/BUILDING READINESS & TECHNOLOGY/EQUITY FUND - This fund will be allocated for the expenses associated with relocation, making ready the building including technology (i.e. phone system, computer/server needs, a/v equipment). In addition, an amount to replace the equity for future needs of the conference.

Approximate expenses in 2013:

- \$100,000 – Relocation Expenses
- \$125,000 – Building Readiness & Technology
- \$100,000 – Equity Fund

COUNCIL ON FINANCE & ADMINISTRATION

REPORT No. 1

The Council on Finance and Administration expresses thanks to the churches of our Central Texas Conference for their fine support of the mission partnership of the United Methodist Church through the Connectional Mission Giving (CMG) program. The percentage of giving increased from 2010 which is a magnificent indication of the faithfulness of Central Texas United Methodists and the strength, vitality and pride of the churches of the Central Texas Conference!

Our overall percentage receipts in 2011 totaled 93.41% with the churches contributing a total of \$10,630,637 for CMG and the total giving for all askings, fair share goals, Advance Specials and other giving was \$11,574,510. A total of 262 of our 300 CMG Conference churches paid 100% of their share amounts in full. (For a full listing of each local church and their percentage paid you may log on to the conference web site www.ctcumc.org and highlight finance and click the link to Connectional Mission Giving.) The Conference was able to pay 100% of its General Church obligations in full after not being able to in 2010. We especially commend the South District for leading the way with 100% payout from their district churches followed by the West District - 97.98%, North District - 94.70%, Central District - 90.21% and East District - 90.19%. We are especially aware that several pastors and churches truly went the extra mile to achieve these results and we are deeply grateful to all who made extraordinary efforts. The Council continues to expect 100% payout of our connectional obligations and urges every church to take seriously the recommended ten-month payout plan in which 10% of the annual CMG amount is remitted monthly. Without doubt, making monthly payments beginning in January or February is an important step in paying your connectional mission opportunities in full.

¶ 622 of the 2008 *Book of Discipline* states that the Board of Pension and Health Benefits amounts, the Episcopal Fund, the District Superintendents Fund, and Equitable Compensation are apportioned funds which are to be paid on the same schedule as the pastor's salary is paid. The Cabinet joins the Council in reminding each church to adhere to this mandate monthly.

The Council, the Executive Director of Mission Support and the Conference Comptroller/Treasurer are making special efforts to provide the information conference leaders and members expect in a more open and transparent way. The Council takes seriously its fiduciary responsibility and is working with conference leaders to insure the continued faithful and effective stewardship of all conference funds. Log on to the Conference web site www.ctcumc.org and highlight the Finance tab and click on the "Connectional Mission Giving" (CMG) tab for the most current information.

1. Compensation for District Superintendents and Executive Center Directors is determined by the following:

- a. Salary: the increase in District Superintendents and Executive Center Directors salaries will be the same percentage increase as is reflected in the salaries of those Elders in full membership of the Conference who serve as Senior Pastors of churches within the Central Texas Conference. This formula percentage increase for 2013 is 1.37%. The 2013 salaries of the District Superintendents and Executive Center Directors will be \$117,094.

PROPOSED CHANGE: Beginning with the compensation amount for January 2014, the salaries of the District Superintendents and Executive Directors will be the same percentage as is reflected in the Conference

Central Texas Conference Journal 2012

average Compensation (CAC) formula calculated by the GBOPHB. (Had this been in effect for 2013 the increase would have been 1.40% for a total salary of \$117,128, a difference of \$34.)

- b. Beginning in 2012, where there is a Housing Allowance at the District Superintendent and Executive Center Director level, the formula will be 20% of salary rounded to the nearest thousand. The percentage will be reviewed every four (4) years. The Housing Allowance for 2013 will be \$23,000.
2. There may be amounts set to provide for the District Superintendents' and Executive Directors' expense for conference meetings and additional ministerial expenses in an accountable reimbursement plan, the district superintendent's portion of the conference health benefits plan premium, for an amount requested by each district superintendent or executive director to be excluded from salary and added to the district (or conference) contribution toward housing allowance, and each district superintendent and executive director's salary. The line item amount for each of these is to be determined in consultation with and approved by the Council on Finance and Administration. It is required that the accountable reimbursement plan for the district superintendent and executive director's expense for conference meetings and additional ministerial expenses be established in accordance with Sec. 62 of the Internal Revenue Code (IRC). Also, any Housing Expense Set-aside, as desired by each district superintendent or executive director shall be established in accordance with Sec. 107 of the IRC in like manner. Further, the cost of the Clergy Retirement Security Program, billed directly to the conference, will be an apportionment to the districts. An additional amount for voucher, reimbursed expenses related to each executive director's office is also a part of the respective council's or commission's budget.
3. The district committees on finance are authorized to prepare budgets for presentation to the district stewards. An amount up to 10% of the support and compensation for the district superintendent may be included in the district budget to defray the utility costs of the district parsonage. In addition, an amount up to 10% of the support and compensation may be included in the district budget for the purpose of voucher reimbursement of travel and business-related expenses. District budgets shall not include a discretionary fund, but may include a District Operations Expense item. The district budget shall be submitted to the Annual Conference Council on Finance and Administration for approval each year. The district stewards are authorized to apportion a Connectional Contingency Fund to be used for paying in full at the district level apportioned items, which may fall short within the respective district. The Connectional Contingency Fund will be administered at the district level in the same manner as the District Work Fund. It is understood that if a portion of the Connectional Contingency Fund is not used in any given year, it will remain in the fund and future connectional mission giving funds will be reduced. Any adjustments for unusual local church situations will be made in the CMG of the Connectional Contingency Fund only. All other necessary funds will be distributed to every local church on the basis of the decimal.
4. We recommend a \$100,000 amount for Texas Methodist College Association. The Council also recommends that funding for Campus Ministries will be a set dollar amount rather than based on conference membership.
5. At the end of each fiscal year unexpended unrestricted operation/budget funds, less the amount needed to cover deficits in conference budget accounts, shall be transferred into the operating reserve and an accounting of all operating reserve funds shall be made at each Annual Conference.

- Each year the use of the unspent Contingency Fund shall be reviewed by the Council on Finance and Administration and the Bishop to decide if any amount should be used for Conference, Jurisdictional and General Church apportionments before going into the Operating Reserve.

4. The Executive Director for Mission Support is authorized to:
- a. Consolidate the various funds of the Annual Conference and of the agencies into one or more bank accounts.
 - b. Write all checks for the agencies of the conference upon requisition by authorized officers of the agency and in keeping with approved conference budget. The Treasurer is also authorized to transmit to the authorized treasurers all other funds that are raised by the local churches in response to General, Jurisdictional and Annual Conference askings that have been approved by the appropriate body.
 - c. The conference treasurer, after the close of the fiscal year, shall transfer from the accounts of all boards, commissions, and other agencies of the conference into the operating reserve all unexpended balances of the annual appropriations for the year just closed (excepting only items specifically exempted by CFA) making allowances for all outstanding checks. This procedure is recommended with the understanding that the Executive Director for Mission Support will honor the requisitions for all necessary expenses of the new fiscal year within the limits of the appropriations.
 - d. Invest the funds of the conference in government securities and federally insured depositories up to and not exceeding insurability, and/or with the Texas Methodist Foundation and to borrow on and dispose of investments at, or prior to, maturity, and to deposit the proceeds from these investments in accounts of the conference under the guidance of the Council on Finance and Administration.
 - e. Deposit funds for specifically designated purposes in federally insured depositories up to and not exceeding insurability, and/or with the Texas Methodist Foundation under the joint control of the Central Treasury (Conference Council on Finance and Administration) and the agency concerned, with the approval of the Executive Committee of the Conference Council on Finance and Administration.

RESERVE FUNDS REPORT No. 3

In order to establish a better system of accountability, the Council on Finance and Administration, following action of the 1991 Annual Conference, implemented the following management procedures for reserve funds beginning 1/1/92:

- a. The operating reserve is no longer treated as a contingency fund but as a cash flow fund.
- b. A separate contingency fund has been set up to cover unbudgeted expenses with accounting of these expenditures to be made to the Annual Conference.
- c. A contingency fund of \$50,000 has been established from the operating reserve.
- d. The contingency fund will be replenished at the beginning of each year by the interest earnings on both the contingency fund and the operating reserve. Any interest earnings over and above that necessary to replenish the contingency fund to a balance of \$50,000 will go into the operating reserve.
- e. The goal is a permanent operating reserve fund of 10% of the current budget to be used strictly for cash flow.

Reports

Central Texas Conference Journal 2012

- f. The operating reserve will be replenished by funds unused by the conference at the end of the year.
- g. The authority for the administration of these funds rests with the Council on Finance and Administration pursuant to the Book of Discipline of the United Methodist Church and the Guiding Principles and Best Practices of the Central Texas Conference.

CONTINGENCY FUND POLICY

1. Expenditures will be made from the Contingency Fund under one of two circumstances:
 - a. Unforeseen circumstances, unpredicted, unplanned for, emergency situations that could not have been foreseen by reasonable people and reasonable committees.
 - b. Failure of expected income to support a budgeted expenditure.
2. The conference treasurer may authorize up to \$250; the CFA executive committee may authorize up to \$5,000 either in meeting or by phone; those over \$5,000 must be authorized by the full board either in meeting or by phone.
3. No disbursement will be made without the authorization signature of either the conference treasurer or the chair of CFA.

G

MILEAGE REIMBURSEMENT REPORT NO. 4

The accountable mileage reimbursement for conference staff shall be the IRS rate. All others shall be reimbursed at 25 cents per mile for one to six persons in a car, and 35 cents per mile when seven or more members ride in the same car for necessary travel on conference business. Due to the fluctuation of gasoline prices, the CFA is authorized to change the mileage rate between sessions of the Annual Conference if deemed necessary. This reimbursement rate will be effective at the close of this Annual Conference.

ACCOUNTABILITY REPORT NO. 5

The Council on Finance and Administration, through the Executive Director of Mission Support, shall monitor monies received through the apportioned funds and keep those Boards and Agencies receiving funds from the conference advised of possible shortfalls to enable them to adjust their expenses where at all possible in order for expenditures not to exceed actual income for the year. CFA will seek to work with Boards and Agencies to allow the maximum funding of ministries and programs without creating a deficit situation in the Conference Budget.

NEXT YEAR BUDGET REPORT NO. 6

At Annual Conference, CFA will present a budget which is comprised of the major ministry components of the Conference. When the Conference approves the budget, it will be voting on the figures of those components and the composite total. If occasion arises to meet unforeseen and unusual expenses, or to provide for emerging ministries that could not be known at the time of budget preparation, a request may be made to:

Reports

Central Texas Conference Journal 2012

CFA for approval to shift monies from one major ministry component to another major ministry component of the budget. In faithfulness to the Financial Best Practices this procedure will not be used simply because a ministry area anticipates some funds will not be spent.

CHURCH INCORPORATION RECOMMENDED REPORT No. 7

In these days when churches are more vulnerable to being sued than they were in the past, and for a far wider list of causes, it is imperative that each local church be incorporated. Failing to be incorporated puts each of the members of the church in jeopardy. In addition to being incorporated each church must review its property and liability insurance coverage with consideration for areas of liability not only between church staff and members or guests, and not only between the church as an entity and whomever might happen upon the premises, but also for the area of liability of employer versus employee.

NEWLY CHARTERED CHURCH CONNECTIONAL MISSION GIVING REPORT No. 8

By action of the 1999 Annual Conference, each newly chartered church shall be apportioned 25% of what would be its connectional mission giving, under Annual Conference Financial Procedures point C., for its first year after records are available, 50% its second year, 75% its third year and 100% its fourth year and thereafter.

COMMISSION ON EQUITABLE COMPENSATION AND CLERGY BENEFITS REPORT No. 1 LARAIN WAUGHTAL, CHAIR

The commission has met as needed and has carried out its responsibilities of overseeing the Minimum Compensation program for the Annual Conference. Because of the changes in appointments from time to time which often changes the number of persons and the amount needed for supplements, it is extremely difficult to project the financial needs as far in advance as required.

The commission seeks to be responsible to the churches of the Annual Conference in not requesting more than is needed in Connectional Mission Giving (CMG) and at the same time provide adequately for the program. The commission is also very much aware of the financial constraints that produce the need for equitable compensation in some appointments. The commission is therefore willing to not only provide financial assistance, but also provide educational assistance to help all equitable compensation entities with the tools and help to rise above the minimum compensation levels for their clergy.

Reports

Central Texas Conference Journal 2012

We are recommending that Equitable Compensation levels for all categories of supplements be increased by 1.37% for the 2013 Conference financial year. Additionally, we recommend that the 2013 budget for Equitable Compensation be \$50,000.00 in Salary Compensation, \$65,000 in the Moving Expense Fund.

The Equitable Compensation Commission of the Central Texas Conference will offer to participate with those churches receiving equitable compensation in obtaining workers' compensation insurance for lay and clergy employees through the Conference-wide insurance program, up to \$250.00 per policy.

EQUITABLE COMPENSATION FUND REPORT NO. 2

There shall be a program of equitable compensation support in the Central Texas Conference under the management of the Commission on Equitable Compensation and Clergy Benefits. This program shall be patterned after ¶625 of the 2008 Discipline. Based on these guidelines, the following paragraphs shall compose the operating procedure for the Equitable Compensation Program.

1. A prerequisite for consideration of salary supplements from the Equitable Compensation Fund shall be the filing with the Commission of a written application (Form EQ1/2013) by the District Superintendent each January 1 or anytime an appointment change occurs in an Equitable Compensation appointment. The District Superintendent shall certify classification of the clergy and the salary (using Pastoral Compensation and Support Worksheet figures) set by the charge.
2. Salary grants shall be made for a calendar year with payments made monthly. In cases of appointment changes at or between Annual Conference sessions, the District Superintendent shall file a written request with the Commission. Approved supplements shall then be paid on a pro-rata basis for the part of the year actually served.
3. Beginning January 2009, a church/charge is eligible to receive equitable compensation benefits for a maximum of three (3) years; a one year extension may be granted by the Cabinet if the charge exhibits progress and potential.
4. The following conditions must be met by the pastoral charge before it can become eligible for consideration to receive supplements from the Equitable Compensation Fund:
 - a. The pastoral charge shall have conducted a stewardship campaign for the local budget of each of its churches during the previous calendar year. This shall be an every member campaign. The Commission will assist in such a campaign upon written request from the charge pastor or district superintendent.
 - b. All connectional mission giving (CMG) items shall have been paid in full by the local church for the previous calendar year.
 - c. The charge must have at least 100 members.

In unusual situations the Commission on Equitable Compensation and Clergy Benefits may waive any or all of these conditions.

Central Texas Conference Journal 2012

5. The Commission on Equitable Compensation and Clergy Benefits will pay any amount up to 1/4 of the minimum salary set by the Annual Conference for each applicant according to his/her ministerial classification. If any exception under paragraph 3 or 4 is sought, the request must be endorsed by a 2/3 vote of the Cabinet before it can be considered by the Commission.
6. Persons of the following ministerial relationships are eligible for consideration for salary supplements at the level indicated for 2013. Rates for adjustment will be considered annually by the commission, but no less than the same percentage increase as that computed for the District Superintendents. The increase for 2013 will be 1.37%. The amounts reflected include the pastor's support and compensation amounts according to the cabinet worksheet, exclusive of parsonage considerations or a housing allowance. In calculating equitable compensation payments, no more than 25% may be deducted from total compensation as a housing allowance (even if the housing allowance actually constitutes more than 25% of the total compensation). Exception to this rule may be made for missional considerations.

7. Pastors who are appointed to less than full-time service as addressed in the 2008 *Book of Discipline*, (§ 338.2) shall be eligible to receive salary supplements from the Equitable Salary Fund. The amount of salary supplement for which the pastor is eligible will be determined by the Cabinet's interpretation of time actually spent in serving the charge. For example, if the pastor is deemed as serving 1/4 of full time, his/her minimum salary eligibility would be 1/4 of the minimum of his/her conference relationship classification. The categories of 1/4, 1/2, and 3/4 will be followed in determining less than full-time eligibility for salary supplements from the Equitable Salary Fund.
 8. Ministers who are not eligible for salary supplements are:
 - a. Those whose appointment is other than pastor of a charge.
 - b. Those classified as part-time local pastor.
 - c. Retired ministers.
 - d. No pastor shall be eligible to receive salary supplements from this fund who has been offered appointments with higher salary, but who persistently prefers for personal reasons to remain in a present appointment.
 - e. Associate Pastors.
 9. The Commission is studying ways in which Equitable Salary funds may be used to supplement unusual situations beyond the Conference minimum scale to provide assistance for pastors who remain in churches for missional purposes at the request of the Cabinet. We continue in dialogue with the Cabinet about such a policy.

HOMES FOR RETIRED MNISTERS

NANCY SCHUSLER, SUPERINTENDENT

It is a tremendous privilege to be a part of the Homes for Retired Ministers (HRM) program of the Central Texas Conference. In 1906 the Conference began to accept the gift of homes to house its retired ministers and/or their widows who could not provide a home of their own. Since then, there have been as many as 38 retirement homes at one time. Hundreds of retired ministers and their spouses have been residents in the homes. Over the years, salary and retirement benefits for our clergy have improved and the majority of retiring clergy are able to provide housing on their own. As this trend continues the need for homes decreases.

Therefore, it is the policy of the HRM Board of Trustees to sell homes as they become vacant and hold the funds in reserve to purchase a home as the need arises. If you know of a retired clergy or surviving spouse that might be in need, please have them contact me.

This year, Homes for Retired Ministers sold 1 home and we are now down to 2 homes in our ministry as of April 1, 2012. Both homes have residents.

Houses and their residents are as follows:

clergy and their families, other church workers, and lay employees of the UMC, its institutions, organizations, and agencies within the Annual Conference, except as otherwise provided for by the General Board of Pension and Health Benefits. The Board works closely with the General Board of Pension and Health Benefits of the UMC which provides excellent interpretation and guidance in our pension, health insurance and other benefits.

FUND SUMMARIES **REPORT NO. 1**

The amounts shown below are a summary of the funds sent to our accounts at the General Board of Pension and Health Benefits and the payments made to the General Board for Pension and Comprehensive Protection Plan benefits:

Amounts received from 2011 Apportionment (Conf. Claimants)	\$758,652.00
Amount used from accumulated interest earned at GBOPHB	\$0.00
Obligatory payment to GBOPHB Pre-82 funding	\$718,491.00
CPP Paid from Deposit Account	\$0.00
Received in Apportionments (CPP)	\$0.00
Paid from Earnings in Deposit Account	\$0.00

DEPOSIT ACCOUNT

This account is our basic "draft" account at GBOP where we deposit apportionment monies for the Pre-82 Pension Program and the Comprehensive Protection Plan. The General Board then drafts from this account to pay our obligations as they become due. The balance represents accumulated earnings from across the years, and is unencumbered except for what is needed for cash flow purposes. This account is invested in the Fixed Income Fund and Inflation Protection Fund. The Board authorized a transfer of \$600,000 to fund a cash-flow reserve for the HealthFlex account January 2004, \$300,000 of which has been repaid.

Balance 1-1-11	\$1,587,970.24
2011 Deposits (including interest)	\$4,201,127.84
CPP Premium Holiday Offset	\$544,881.23
Apportioned Settlements and Debits	<u>(\$4,908,195.91)</u>
Ending Balance 12-31-11	\$1,425,783.40

On deposit in this account are the funds received from the 2011 CPP apportioned component of Conference Claimants. The GBOPHB is allowing every Conference a three (3) year CPP premium payment holiday. This is due to the drastic economic downturn of 2008 and early 2009. As shared at the 2010 Conference session, we did have a 2011 one-time payment to make to undergird MPP annuities and we made that payment in December 2011. By action of GBOPHB, we are allowed to use these deposited funds for that purpose. Also shared at the 2010 Conference session, other CPP funds received allows a reserve to be constituted.

CONFERENCE SUPERANNUATE FUND

This fund originated as a result of the merger of the Methodist Episcopal and Methodist Episcopal South Conferences. The principal amount of this fund (\$63,986)

Earnings (Loss) on investments	<u>(\$9,100.00)</u>
Ending Balance 12-31-11	\$892,010.00

CONFERENCE ENDOWMENT AND TRUST FUNDS (CAPITAL FUNDS CAMPAIGN)

This fund represents the amounts collected from our 1986/87 capital funds campaign (\$996,112.00). Included in the beginning balance is interest, which has been earned since funds have been placed on deposit. These funds are dedicated for funding our Pre-82 unfunded liability.

PRE-82 PENSION FUNDING PLAN REPORT No. 2

G The 2000 General Conference mandated that every conference have in place a funding plan to insure that monies will be in place no later than December 31, 2021 to cover any unfunded liability for those pastors with pre-82 years of service (¶1506.8 2008 Book of Discipline). The valuation of this funding plan will fluctuate each year. In addition to increases and decreases in assets due to stock market fluctuation, GBOPHB actuarial changes also increase or decrease the present value of benefits due.

The 2012 Formal Pre-82 Funding Plan is based on funding status of the plan on January 1, 2010. It is anticipated that the 2013 funding plan based on January 1, 2011 numbers will be further improved from this.

The funding plan for the Central Texas Conference as of January 1, 2012 is summarized below.

Current Plan Funding	\$26,055,522.00
-Supplement One Liability Assuming a PSR \$640.00	<u>(\$27,852,909.00)</u>
Funded Status	(\$1,797,387.00)
Funded Ratio	94%
 Expected Funding Status, 1-1-12	 (\$732,087.00)

(These numbers were projected from the 2012 actuarial valuation as of January 1, 2010 using 7% interest at 3% PSR increases and the RP-2000 mortality table. Our CAC has increased approximately 2% over the past several years while the PSR average has been slightly higher at 2.36%. We anticipate that trend to continue. We intend to keep the PSR at .9% of the CAC.)

- Additional Plan Assets: Capital Campaign Account GBOPHB \$1,592,567.00

(These funds are dedicated for funding our Pre-82 unfunded liability.)

Note: Our goal is for our Pre-82 funding level to be at 120% by 2016. This percentage of funding would allow us to be adequately funded to ride the market swings. Our

Reports

Central Texas Conference Journal 2012

funding level has increased from 81% to 94% so we are making progress on our goal. Your Conference Board of Pensions is in consultation with the General Board of Pension and Health Benefits as we assess the current and future financial needs to insure the stability of the Pre-82 Plan.

Therefore, we request that the Conference Claimant Apportionment be set at \$900,000. This is a \$50,000 increase from 2012. We must be prepared for further increases in coming years until the plan is secure and we can limit the volatility of the market effects.

RE: 2012 Funding Plan for the Central Texas Conference

Dear Rev. Wild:

Attached is a copy of the funding plan for 2012 submitted for the portion of Supplement One to the Clergy Retirement Security Program attributable to the Central Texas Conference.

The total liability as of January 1, 2010, for 2012 is \$27,852,909 based on the following key actuarial assumptions:

- 7.0% interest
- RP-2000 mortality table unprojected
- Past service Rate (PSR) of \$640 and
- 3% average increase in the Past Service Rate

In the opinion of The General Board of Pension and Health Benefits of The United Methodist Church, the attached funding plan meets the funding requirements of Paragraph 1506.8 of *The Book of Discipline of The United Methodist Church 2008*. This opinion applies only to the attached funding plan.

Sincerely,

Jeanne Featherstone

PENSIONS **REPORT No. 3**

1. In accordance with Conference action, which requires that the Past Service Rate (PSR) be at least 9/10 of 1% of the Conference Average Compensation (CAC for 2013 is \$70,258) for those clergy with pre-1982 service years who qualify for annuity, the Conference Board of Pensions recommends that the PSR for 2013 be \$653. This makes the PSR at .93% of the CAC which exceeds the minimum requirement.
2. Based on our Funding Plan, we request the following amounts be apportioned to our churches in 2013:
 - a. Conference Claimants requirement (Pre-82 funding) \$900,000.00
 - b. CPP-to be Direct Billed
 - c. Total 2013 Request \$900,000.00
 - d. In the case of Family Leave or Leave of Absence appointed after January 1, 2004, the Board recommends that the Conference make CPP contributions of 3% of the Denominational Average for Full Members, Associate Members, and Probationary Members for the period of one year.

CLERGY RETIREMENT SECURITY PROGRAM (CRSP) **REPORT No. 4**

On January 1, 2007, the Clergy Retirement Security Program (CRSP) became effective as the new Pension program for all eligible United Methodist Clergy.

CRSP offers a two component benefit design:

1. Core Defined Benefit – promises a specific dollar amount at retirement regardless of market conditions or investment performance. The amount is based on a formula that specifies a monthly retirement benefit to eligible clergy for the remainder of their lives.
2. Core Defined Contribution – promises a defined amount that is deposited into an active clergyperson's account with monthly deposits. This benefit distributed at retirement is the accumulated amount plus earnings (losses) in the individual's account.

The 2013 financial obligation CRSP requires of the Central Texas Conference is:

1. Core Defined Contribution – 3% of each eligible clergyperson's plan compensation.
2. Core Defined Benefit -- \$1,909,206.00

2013 Funding Plan:

The cost of participation in CRSP will continue to be direct billed to the local church for the two core components (Defined Benefit and Defined Contribution).

1. Defined Contribution – 3% of participant plan compensation.
2. Defined Benefit –

Full-time Clergy	-	\$7,300.00
¾ time Clergy	-	\$5,475.00

¼ time Clergy	-	\$1,825.00

FUNDING FOR THE ACTIVE HEALTH CARE PLAN

REPORT No. 5

For 2012 the Active Health Insurance Program will be apportioned for the first five (5) months of 2012 and the remaining seven (7) months beginning June 1, 2012 will be direct billed to the local church/conference-sponsored agency. The direct billed amount will include the total premium of which the church/agency pays $\frac{1}{2}$ and the participant pays $\frac{1}{2}$. If the local church/agency so chooses, it may pay the clergy share as a benefit.

PROPOSED in 2013: We will continue to direct bill the total active health insurance premium to the local church/conference-sponsored agency for the entire year. In an effort to enable churches to better budget the costs for the health care of their clergy, especially in light of a change in pastors, we recommend:

1. The entire amount of the single premium (\$9,912) for full-time clergy appointed to local churches within the Conference is to be paid by the local church or the salary paying unit as a benefit (line item in the budget) for all mandated clergy categories. This includes all Elders, Provisional Elders, Associate Members, and Full-time Local Pastors appointed to local churches in the Conference, as well as those for whom the Conference is the Plan sponsor for the Pension program such as District Superintendents, Conference staff appointees, and Campus Ministers. In addition, this will also apply to Elders appointed at least one-half time and Student Local Pastors. (We would encourage every congregation to include the full amount in their budget whether or not their current pastor is in one of the mandatory categories.)
2. The balance of the family premium for the appointee's spouse and dependents is the responsibility of the appointee.
3. An optional agreement may be made between the church or salary paying unit and the appointee for the church or salary paying unit to pay the family premium.
4. The Conference will pay the single premium for lay employees of the Annual Conference. The balance of the premium for dependents is the responsibility of the employee.
5. Responsibility for the premium for eligible lay employees of local churches or institutions within the connectional structure will be determined by the employer and the employee.

PENSION AND BENEFIT ARREARAGE REPORT

REPORT No. 6

The Board recommends that it continue to actively pursue the issue of pension arrearage utilizing a very fair but stringent examination of each situation to determine what steps need to be taken to assure the integrity of the affected minister's future pension benefits and as such recommends the following procedure for dealing with current and future pension contributions:

1. Each January we will review a report of the accounts showing arrearage for the past year.
2. Letters will be sent to the following lay leaders of the churches involved: Administrative Board/Council Chair, Pastor/Staff Relations Committee Chair, Finance Committee Chair, and Treasurer. The pastor and the District Superintendent will also receive the letter. The letter will emphasize the importance of this issue and urge them to bring their contributions current by

Central Texas Conference Journal 2012

sending their check or making other payments arrangements with the Service Center at Central Texas Conference, 464 Bailey Avenue, Fort Worth, TX 76107.

3. Each church which does not meet its obligation will report this fact to its Charge Conference and give an explanation. The District Superintendent will keep a record of this action.

The local churches are reminded that pension benefits are in reality deferred ministerial compensation which should carry the same urgency in terms of payment as the monthly salary itself. Failure to pay this pension could result in reduced pension benefits. The Board feels strongly that, if a local church is not able to pay the pension dollars, there is a serious question as to whether that church remains a financially viable congregation. In fact, we consider it irresponsible for a congregation to "use" a pastor but be unwilling to assure his or her retirement receipts. As of December 31, 2011, we had 13 churches/salary paying units in pension arrears, 6 churches/salary paying units in health premium arrears and 2 churches/salary paying units in arrears in the café plan for a total arrearage of \$ 151,584.69.

CONFERENCE ACTIVE GROUP HEALTH INSURANCE PROGRAM

REPORT No. 8

We are now in our ninth year of providing medical and pharmacy benefits through HealthFlex, sponsored by the General Board of Pension and Health Benefits of the United Methodist Church and administered by BlueCross BlueShield of Illinois and Medco, and we continue to be very satisfied with the program. We are again offering the EPO B/RX FX2 and PPO A500/RX FX2 plan structures in 2012 but with some HealthFlex initiated changes to the ER and Urgent Care copays for both plans and the addition of a deductible to the EPO plan. As anticipated and reported at the 2011 Annual Conference Session, our current EPO, PPO and prescription plan structures will no longer be offered by HealthFlex in 2013. Beginning January 1, 2013, we will offer the PPO B500 plan structure with the prescription plan P1 only. Specific plan information will be distributed to participants during the open enrollment period for the 2013 plan year.

ACTIVE HEALTH PLAN ELIGIBILITY

Our health insurance plan will continue to be a mandatory program administered according to the HealthFlex rules for mandatory conference programs. Those for whom the program is mandatory are Elders, Provisional Elders, Associate Members, and Full-time Local Pastors appointed to local churches in the Conference, as well as those for whom the Conference is the Plan sponsor for the Pension program such as

Reports

Central Texas Conference Journal 2012

District Superintendents, Conference staff appointees, and Campus Ministers. In addition Elders appointed at least one-half time and Student Local Pastors will be included. Deacons serving at least one-half time are eligible for coverage at the Salary-Paying Unit (local church) level under a Sub-Adoption Agreement, but are not mandated. Not included in the plan (and thus not allowed insurance through the Conference) will be Elders serving less than one-half time, Ministers of Other Denominations, those appointed to extension ministries other than those named above, and Part-time Local Pastors. The Conference Board of Pensions reserves the right each year to choose the optional categories of appointments to be selected to best serve the needs of the Conference. Where a clergyperson in a mandatory category chooses to waive the program, the church served by that clergyperson will be assessed a minimum contribution equal to the single PPO rate for the year, which in 2012 is the default plan for the Conference, to be paid monthly. This is to insure the stability of the program so it will be in place for other clergy who will serve that church.

Lay employees, normally scheduled to work 30 hours or more per week, may be eligible for coverage at the Salary-Paying Unit (local church) level under a Sub-Adoption Agreement if Risk Pool requirements are met. The Risk Pool Rules apply to lay employees on an employer-by-employer basis. Surviving spouses and dependents of covered lay employees deceased on or after January 1, 2009 are eligible for coverage as long as they are a covered participant at the time of death and will be responsible for the entire premium. A new spouse acquired by a surviving spouse, lay or clergy, is not eligible for benefits through the Conference.

RETIREE/MEDICARE ELIGIBLE HEALTH BENEFITS REPORT NO. 9

In 2012, the Central Texas Conference (Conference) subsidized Retiree Health Insurance is the Medicare Companion Plan 2, which is inclusive of prescription benefits (RX Plan FX2), through HealthFlex sponsored by the General Board of Pension and Health Benefits of the United Methodist Church and administered by BlueCross BlueShield of Illinois and Medco.

SERVICE REQUIREMENTS FOR RETIREE HEALTH BENEFITS

The Conference shares the funding of the Retiree Health Benefit Program for eligible retired participants with the retired clergy and spouses. The Conference Retiree Health Benefit Program assumes participation in Medicare Parts A and B and is designed to extend certain benefits beyond what Medicare pays. The Conference will subsidize the premium for the clergy retiree and his/her eligible spouse if the following service requirements have been met (these rules are in effect for any clergyperson who retires after Annual Conference June, 2002): **Service Requirements for Clergy Retiree Health Benefits:** At the time of retirement, the clergyperson must have been working in at least a ¾ time appointment as a Full Member of the Central Texas Conference or as a Full Time Local Pastor eligible for retirement per the Discipline and the rules of the Annual Conference. At the time of retirement, the clergyperson must be a member of the Central Texas Conference, serving in a local church or one of its conference-responsible agencies, and they must have at least five (5) years of ministerial service in the Central Texas Conference and ten (10) years of service in the United Methodist Church. A waiver of the five (5) year requirement for service in the Central Texas Conference may be considered by the Central Texas Conference Board of Pensions upon recommendation of the Cabinet.

For those eligible clergypersons and their eligible spouses enrolled in the HealthFlex Medicare Companion Plan offered by the Conference who retired before January 1, 2008, the Conference will continue to subsidize the premium at 50%.

Surviving spouses of deceased retired clergy are eligible for the subsidy as long as they are a covered participant at the time of death. A new spouse acquired by a retiree or surviving spouse after retirement is not eligible for retiree benefits through the Conference.

RETIREE/MEDICARE ELIGIBLE HEALTH PLAN – NEW IN 2013

The Central Texas Conference Board of Pensions has listened diligently for several years as retired clergy have requested greater choice and more flexibility in their

Central Texas Conference Journal 2012

health care options. These suggestions and concerns have been noted and continually explored to see if they could be incorporated to meet the needs of all retired clergy and their families. We have heard and are prepared to offer our Medicare eligible clergy, their families and surviving spouses with a wonderful new option that will allow us the opportunity to not only honor our commitment to our retirees in the near term but also make the program sustainable for the long term as well. Effective January 1, 2013, the Central Texas Annual Conference and the General Board of Pension and Health Benefits are partnering with Extend Health to provide you with plan advice and enrollment assistance in choosing your Medicare supplemental health coverage and prescription drug plan in the open market. The current coverage you have through the HealthFlex program at the General Board will cease after December 31, 2012. With Extend Health, you will be able to select the type of plan and coverage that you need. Through this new arrangement you will be responsible for paying your premiums, but you will be assisted with premium and out of pocket expenses by the Central Texas Annual Conference through a Health Reimbursement Account (HRA) funded specifically for you. Only those currently enrolled in a HealthFlex plan at the end of 2012 are eligible for the HRA.

RETIREE/MEDICARE ELIGIBLE HEALTH PLAN FUNDING 2013

For those eligible clergypersons and their eligible spouses, the Conference will fund a Health Reimbursement Account (HRA) up to a maximum of \$900 per year/per person for early and full retirees based on their years of ministerial service in the United Methodist Church. Surviving spouses of deceased clergy are eligible for the HRA as long as they are a covered participant at the time of death. A new spouse acquired by a retiree or surviving spouse after retirement is not eligible for retiree benefits through the Conference.

Years of Service (full years)	HRA Amount (per year per person)
0-9	\$ 0.00
10-19	\$300.00
20-29	\$600.00
30 or above	\$900.00

For those eligible clergypersons and their eligible spouses who retired before January 1, 2008, the Conference will fund the HRA at the maximum amount per person.

PRE-65 RETIREE FUNDING 2012 AND 2013

If, at the time of early or full retirement, the clergyperson or spouse is less than 65 years of age and has been covered for five consecutive years under HealthFlex, they are eligible to remain on the active plan. The Conference will partially fund participation in the Conference's plan for active clergy by discounting the premium: \$110.00 for single coverage at \$220.00 for family coverage only if the same service requirements are met as those who are 65 years of age. Beginning with those retiring June 1, 2012, in 2013 the discount amount will change to equal the amount the person would qualify for through an HRA. Those retiring under the 20 Year Rule would pay the entire cost of the active plan premium until such time as they become Medicare.

Central Texas Conference Journal 2012

eligible and then they would receive an HRA based upon their years of service at the time of retirement if the same service requirements are met. If the service requirements listed above have not been met, then the clergyperson and his or her spouse are responsible for providing for his or her own healthcare from that point forward.

For those eligible clergypersons and their eligible spouses who are Pre-65 retirees and who retired before June 1, 2012, the Conference will continue to discount the premium at the 2012 rate of \$110.00 for single coverage at \$220.00 for family coverage until such time as they become Medicare eligible, then they will receive an HRA equal to their years of service at the time of retirement.

OPTING-OUT AT RETIREMENT

If, at the time of retirement, a retiree has Other Employer-sponsored Group Health Coverage (e.g. through a spouse's employer), he/she may decline retiree coverage and retain the ability to receive retiree health benefits at a future date. If the retiree loses his or her coverage, it is the retiree's responsibility to notify the Conference within 30 calendar days of loss of other coverage. If this 30-day requirement is not met, the retiree will forfeit the ability to receive retiree health benefits through the Conference at a future date. If an eligible retiree without Other Employer-sponsored Group Health Coverage declines coverage at the time of retirement, the retiree will forfeit the ability to receive retiree health benefits through the Conference at a future date.

MEDICARE SECONDARY PAYER EXCEPTION

Beginning January 1, 2009, the Central Texas Conference has elected the exception that allows a multiple employer plan to exempt certain individuals from the Medicare secondary payer rules for the working aged. This election helps reduce costs incurred by the Conference and the overall HealthFlex program. This exception applies to clergy, lay employees and spouses who are 65 years of age or older, entitled to Medicare due to their age, and have coverage under the HealthFlex program through an employer (local church or conference-sponsored entity) who employs fewer than 20 employees. For those individuals affected by the exception, Medicare will be the primary payer of their claims beginning the first day of the month they attain age 65 (or the first of the month following approval from Medicare), even if still an active employee, and the participant will no longer be eligible for coverage under the active plan. In 2012, eligible clergy and clergy spouses will be moved from the active plan over to the Conference subsidized retiree Medicare Companion Plan at that time. *The premium will be subsidized at 50% for the first five months of 2012 and then billed in full for the remainder of the year just as with any other active clergy.* Beginning in 2013, the eligible clergy person and/or spouse will also be transitioned to Extend Health with an HRA at the maximum amount per person. Upon retirement, if eligible for retiree health benefits, a subsidy in 2012 or an HRA from 2013 forward, will apply based upon years of service at the time of retirement as indicated in the charts above. Eligible lay employees, 65 years of age or older, will be moved from the active plan to the Medicare Companion Plan in 2012, or into the open market with access to Extend Health from 2013 forward, and will be responsible for the entire premium. Lay employees are not eligible for an HRA.

Central Texas Conference Journal 2012

LAY RETIREE/MEDICARE ELIGIBLE COVERAGE

Beginning with a retirement date of January 1, 2009 or later, a lay employee whose active service has ended and who has completed a minimum of five years of continuous and uninterrupted coverage in HealthFlex immediately preceding the date of retirement, may continue with HealthFlex. If, at the time of retirement, the lay employee is less than 65 years of age, they may continue on the active plan. If, at the time of retirement, the lay employee is 65 years of age or older, they may continue under the Medicare Companion Plan. This will also apply to any eligible family members covered at the time of retirement. The lay employee will be responsible for the entire premium. Surviving spouses of retired, deceased lay employees are eligible for coverage as long as they are a covered participant at the time of death and are responsible for the entire premium. A new spouse acquired by a retiree or surviving spouse after retirement is not eligible for benefits through the Conference. Effective January 1, 2013, the Conference will no longer offer a Medicare health plan through HealthFlex. Lay retirees/spouses who are 65 years of age or older, or those to whom the Medicare Secondary Payer Exception applies, will have access to Extend Health to assist in the move out into the open market but they will be responsible for their entire premium. Lay retirees are not eligible for an HRA.

OPTING-OUT OF SOCIAL SECURITY

We continue to have a concern for clergy who may have opted out of the Social Security system. It is imperative that those persons be Medicare eligible when they turn 65, or they likely will not be able to obtain any medical insurance. Some who have opted out may have this eligibility through a spouse, or through enough previous employment. However it should also be noted that eligibility for Social Security disability payments differs from the requirements for retirement and Medicare benefits. If a pastor is considering this course, they should investigate these matters very carefully.

RETIREE AND MEDICARE ELIGIBLE HEALTH PLAN INCENTIVE PROGRAM

HealthFlex Incentives: Again in 2012, HealthFlex is using a combination of reward incentives and disincentives to promote good health and encourage participants to be more responsible for their health-related behaviors. The HealthFlex Incentive Program continues to provide financial incentives to HealthFlex participants for participating in the Virgin HealthMiles (VHM) walking program. VHM is a physical activity program brought to HealthFlex participants by HealthFlex and the Center for Health. This program allows participants to earn rewards for making a commitment to improve your health by walking or getting active in other ways.

amount of the rental-housing allowance designated by the Clergy person's employer or other appropriate body of the Church (such as this Conference in the foregoing resolutions) for such year; (2) the amount actually expended by the Clergy person to rent or provide a home in such year; or (3) the fair rental value of the home, including furnishings and appurtenances (such as a garage), plus the cost of utilities in such year.

SECTION 125 CAFETERIA PLAN REPORT NO. 12

PLAN ELIGIBILITY

For the purpose of paying for health care without having to pay taxes on the money which one spends, the Central Texas Conference established a Cafeteria plan under Section 125 of the Internal Revenue Code for all lay and clergy employees working 1040 hours per year (20 hours per week), who work in our churches, as Conference staff, at Glen Lake Camp and Retreat Center, or who are appointed to conference-responsible extension ministries within the bounds of the Conference.

G

PLAN FEATURES

The Cafeteria Plan has an automatic feature and four optional features. The automatic feature, for which one does not need to fill out an enrollment form, is the exclusion from one's wages, on a pre-tax basis, one's medical insurance coverage premium. One needs only to indicate the yearly premium amount on one's Pastoral Support and Compensation Form and tell one's treasurer to exclude each month's premium and send it to the proper address. The four optional features require filling out an enrollment form and paying the proper administrative and posting charges which apply. These are also paid with pre-tax dollars. The optional features one may select to exclude from wages include:

1. Un-reimbursed Medical (URM) Flexible Spending Account up to \$5,000 (on a use-it-or-lose-it basis) through Aflac's FlexOne. **Starting on January 1, 2013, annual health flexible spending account contributions will be limited to \$2,500.00 per IRS regulations.**
2. Dependent Day Care (DDC) Flexible Spending Account up to \$5,000 (for care of dependents under 13 years of age or dependents mentally or physically incapable of self-care, also on a use-it-or-lose-it basis) through Aflac's FlexOne.
3. Supplemental Medical Policies from Aflac.
4. Supplemental Dental Policies from Aflac.

PLAN ENROLLMENT

Enrollment occurs within 30 days of employment and then is offered yearly to all eligible employees. It is important to note that re-enrollment in the Flexible Spending Accounts do not automatically occur or "roll over" into the following year. Each participant must re-enroll in the fall of the previous year for the next year's participation. The Supplemental Medical and Dental policies will remain in place in subsequent years unless a cancellation form is submitted to the Conference Service Center during the open enrollment period requesting the same. New materials for

enrollment are available on the Conference website in October of each year for re-enrollment for the following year.

STUDENT LOCAL PASTOR YEARS CREDIT REPORT No. 13

Pursuant to actions of the 1987 Annual Conference setting forth special guidelines for Pre-82 Student Local Pastor years pension credit, we recommend to this session of Annual Conference that the following be given pension credit for Student Local Pastor years: Rev. Dr. Edwin R. Wadsworth, 2 years; Rev. Gary F. Turner, 1 year.

INVESTMENT COMMITTEE REPORT No. 14

In an attempt to better manage and evaluate the risk of our invested funds, we have set up an Investment Committee. This committee, made up of persons with a wide variety of funding and investing experience, will assist the Conference Board of Pensions in clearly defining its purpose and financial requirements and develop investment goals and strategies, funding policies and other operational guidelines in an effort to better maximize the investment potential of our funds.

SUSTENTATION FUND REPORT No. 15

By action of the 2007 Annual Conference a sustentation fund was established as part of the benefit program through the Annual Conference Board of Pensions and Health Benefits. The fund represents a tangible expression of a collegial relationship among clergy under appointment in the Conference to provide transitional aid. The fund is to provide needed resources and temporary financial assistance to clergy and to assist local congregations in times of clergy transition.

In order to maintain confidentiality, resources from the Sustentation Fund may be used with the recommendation of the Cabinet for:

1. Vocational counseling for clergy exiting ordained ministry.
2. Temporary salary and/or benefit support for clergy under suspension or exiting ministry.
3. Special assessment and intervention strategies to restore clergy to effectiveness.
4. Provision of interim ministry supply.
5. Support of a crisis response team for congregations/church staffs in times of crisis.
6. Other unique needs to support clergy effectiveness/clergy families.

In the case of clergy going on Leave of Absence, the Cabinet, Executive Committee of the Board of Ordained Ministry and/or the clergy session of members in full connection in accordance with ¶354.1 may approve resources from the Sustentation Fund for use.

In the case of clergy taking Honorable Location or Administrative Location, resources from the Sustentation Fund may be used upon recommendation of the Board of Ordained Ministry in accordance with ¶359.1 and ¶363.3 b)(4), respectively.

Central Texas Conference Journal 2012

The Board of Ordained Ministry or its Executive Committee may also make a request to the Cabinet for the use of Sustentation Fund resources in other situations to provide resources or transitional support for clergy.

The Sustentation Fund will not be billed in 2013. As a point of information, the funds are underwritten with an amount of .25% of the total Annual Conference plan compensation collected from CTC churches through the connectional ministry budget of the Conference.

BOARD OF TRUSTEES CONFERENCE RELATED STRUCTURES/ENTITIES INSURANCE

G The Board of Trustees takes seriously its responsibility to verify that the Conference Insurance coverage is current. To that end, a review of all the Conference insurance policies has been completed, and we are satisfied that the Conference insurance coverage's are adequate. The Conference continues to offer our churches the opportunity to participate in a group policy for Workers Compensation, Employee Liability, and Directors and Officers Insurance. This coverage is available through Roach, Howard, Smith, and Barton in Fort Worth at 1-800-295-6607. Churches often find that lower rates can be obtained through this Group Plan; therefore, we encourage our churches to consider this insurance option.

CHURCH INSURANCE COVERAGE

Conference policy requires that each church in the charge carry adequate property, liability and Workers' Compensation Insurance on pastors and other employees. If a pastor (or other worker) receives a work-related injury, health insurance will not pay on what should be a worker's compensation claim. In addition, regular liability insurance will not pay or protect a church against such a gap in coverage. Please, if you do not have workers' compensation coverage, check with our Conference agent, Roach, Howard, Smith and Barton (1-800-295-6607) in Fort Worth, or any agent of your choosing.

We encourage churches to survey the insurance coverage that they now have and compare it with new policies and new carriers. We remind churches that a required part of Charge Conference reporting is a report from the Trustees, which lists insurance coverage and deed recordings.

CONFERENCE ELECTRIC AGGREGATE PLAN

Electric utilities in the state of Texas were deregulated effective January 1, 2002. Deregulation offered the opportunity for the churches of the Central Texas Conference to join together to purchase electricity. All of the churches of the conference have been invited to participate in this effort. To date approximately 250 CTC entities have enrolled and the program continues to be beneficial with the benefits of achieving scale, the ability to anticipate costs in budgeting, and protection against the volatility of natural gas prices and future cost increases. The current contract concludes June 30, 2013, and we have already negotiated an extension at a further reduction of 30% reduction in cost.

Conference Service Center Office Relocation

BACKGROUND

In the fall of 2007, it became obvious to staff and the members of the Board that the present facility that houses the offices of the Annual Conference would require considerable renovation in preparation for hosting the General Conference. The sum of \$ 50,000 was authorized for the renovation of the Bishop's suite and the cabinet conference room. In addition there were projects that involved landscaping and painting the interior of the facility.

It was noted that substantial additional work would be necessary because of the age of the building and the heating and cooling unit as well as a reconfiguration of the air handling duct work. An outside consultant was authorized to explore our options.

As shared at the 2010 Annual Conference a facility study was performed by the firm of Hahnfeld, Hoffer and Stanford. Their report indicated that our options included reconfiguring our present facility by adding a second story and perhaps a parking garage; relocating to an existing building; or building a new facility at another site. That annual conference adopted a tentative recommendation pending the action of the Called Session of the Annual Conference, that we name a task force and relocate to either an existing building or build a new structure at some site other than the present location and that we sell the existing building.

At the November 2011 Called Session the Exodus Project was approved and the Conference Service Center task force began its work to bring a new Service Center Office recommendation.

TASK FORCE

Following a discussion with Bishop Mike Lowry, where he shared his vision for the proposed facility, the Task Force developed a list of requirements for the new location. Those requirements (in no order) were:

1. Technology & Communications availability Handicap Accessibility
2. Operational Efficiency
3. Ease of access
4. Adaptable for future staff and use
5. Affordability
6. Approximately 15,000 - 18,000 square feet
7. Available to largest # of churches & church population
8. Meeting, training & worship space
9. 1 hour from major airport or closer
10. Adequate parking for capacity of facility
11. Near-by restaurants and hotels

To date we have explored 17 existing church sites, 23 other office complex/commercial buildings, in addition to several sites which have raw land on which to build. A full report will be added at a later date.

Central Texas Conference Journal 2012

INFORMATION FOR THE RECOMMENDATION FOR THE CONFERENCE SERVICE CENTER OFFICE RELOCATION

Our current facility is 58 years old. As systems wear out, such as the heating and air conditioning equipment, parts are no longer available when needed and must be fabricated at considerable cost. Further, our use of the building is limited by space and configuration. Estimates to bring the equipment up to date and reconfigure to provide for current needs range from \$675,000 (an estimate in 1998) to an estimated \$950,000. Even with the reconfiguration, we would not have adequate space for large meetings (50 or more people).

Following the recommendations of the consultants (p.18 Addendum), more than 40 possible sites, including the current real estate on Bailey Avenue, were considered as prospects for the Service Center.

G Texas Wesleyan University, has supplied a large number of clergy over the years to the Central Texas Annual Conference, and an even greater number of dedicated lay persons. The University has offered to build a 15,000 square foot facility designed to meet our specific needs, as part of the Rosedale Redevelopment project across from the new main entrance to the University Campus. The Service Center portion of the project is projected to cost \$2.9 million, including a maintenance endowment.

The Annual Conference will execute a ten year prepaid lease in the amount of 1.0 million dollars, which we expect to gain from the sale of our property on Bailey Avenue. We will pay for our utilities and the insurance on our contents. We will maintain our own internal equipment (telephones, computers, and audio visual devices). The university will be responsible for maintaining the building.

For large gatherings we will have the facilities of historic Poly United Methodist Church and TWU available to us. There may be a nominal sum paid for additional utilities and liability for large and or extended meetings.

While the current rate for lease of comparable commercial space in the same block of Rosedale is \$14.00 per square foot, per year, the rent for the Conference will be around \$6.75 per foot, per year for the initial 10 year period (prepaid). At the end of ten years, the Conference would have the right of first refusal and the amount of the rent would be adjusted for changes in the economy.

While we feel that the financial arrangement is a benefit to both the Annual Conference and the University, the opportunity to renew, rebuild, and strengthen the historic ties between the church and the school is an even greater benefit.

On the following pages you will find other background information, the resolution, and a list of the building committee.

Reports

Central Texas Conference Journal 2012

Center Relocation Task Force is finally one vote away from being ready to make its official recommendation to Annual Conference as to where to move the Service Center.

"Huh? What? We're moving the Service Center, when did that happen?" If that is your first reaction to the paragraph above, it is quite understandable as this has been a move in the works for the last several years. As such, we thought that before the task force announces its recommendation in the next few days, it might be a good idea to refresh your memory as to all that has transpired to get us here.

The origination of this action can be traced back to the fall of 2007. Now that may not seem like all that long ago, but to put in context, in 2007, only the most bleeding-edge technophiles with money to burn possessed an iPhone. As the conference made preparations to host the 2008 General Conference of The United Methodist Church, it was decided to give the conference offices in downtown Fort Worth a \$50,000 facelift in expectations of hosting many extra meetings and dignitaries during General Conference. The offices were originally purchased for the conference in October 1987.

During the pre-General Conference spruce up, several not-so cosmetic issues with the building were discovered. Issues like...

- a faulty roof and lack of sufficient drainage;
- an antiquated and deteriorating HVAC (heating and air conditioning) system;
- inadequate electrical systems; and
- non-compliance with the American Disability Act.

In response to these findings, the Central Texas Conference Board of Trustees commissioned an architectural and design firm to analyze the situation and recommend all available and responsible options for the building. In December of 2009, the firm presented the following five options to the trustees:

1. Add a second floor to the existing building (\$6,000,000*);
2. Expand horizontally across the city alley (\$2,820,197*);
3. Demolish existing building and rebuild on current location (\$4,975,503*);
4. Update and repair existing building (\$2,062,989*);
5. Relocate (\$?,???,???)

**indicates the estimated cost of each option in 2009 dollars. The U.S. has an annual inflation rate average of 6.9 percent since 2009, though it is not certain that applies to question marks.*

After studying these findings and figuring in the need for an increased and more efficient workspace for the conference staff, the trustees recommended to the 2010 Annual Conference that relocation was the best option for the conference. That recommendation was voted on and approved by the 2010 Annual Conference. Later that year, when the Exodus Project was officially sanctioned during the called special session of the Annual Conference in November 2010, the Central Texas Conference Service Center Relocation Task Force officially began its work to determine the new

location of the Service Center. A task that has been quite the wilderness journey of its own – a journey best chronicled once the task force announces its final recommendation in the next few days.

CTCSC RELOCATION TASK FORCE RECOMMENDS TWU CAMPUS

EARL WOOD, CHAIR

5/17/2012

In our ctcumc.org report from May 8 we told you that the Central Texas Conference Service Center Relocation Task Force (try fitting that on a T-Shirt or logo) was days away from making its final recommendation as to where to move the Conference Service Center (CTCSC). That recommendation has been made to and accepted by the CTC Board of Trustees; and that recommendation is that the service center moves into a new building being erected on the expanded campus of Texas Wesleyan University. The expanded campus at TWU is a cornerstone of a multi-million revitalization project in east Fort Worth.

G

The Board of Trustees has issued its formal recommendation to the Annual Conference (as stated in the Addendum to the Preliminary Journal) to approve the move. Just as it served well to remind us of the wilderness journey we've been on since 2007 that got us to this recommendation, here is a little more background as to what went into the task force's decision to recommend TWU. The relocation task force explored and reviewed 17 existing church sites, 23 commercial office buildings and myriad parcels of undeveloped land with an eye on building a new structure. Each site was reviewed with the following requirements as set forth by the Annual Conference, the Board of Trustees and Bishop Lowry (the following are **not** in order of importance).

- Proximity and availability to largest number of conference churches
- Abundant access to necessary technology and communications resources
- Operational efficiency
- Ease of access and compliance with ADA laws
- Adaptability and Affordability
- Approximately 15,000 – 18,000 sq. ft.
- Adequate meeting, training and worship space
- Maximum of one hour from a major airport
- Adequate parking
- Near-by restaurants and hotels

In addition to the guidelines above, it was also a goal of the task force to select a new location for the CTCSC without the need for a conference-wide capital funds campaign. None of the sites reviewed met all of the above guidelines and requirements. One of the building sites considered was on the campus of TWU. While that initial building was rejected along with the others, an additional option – a plan to build a new building on the expanded campus – was brought forth. During a number of exploratory conversations between the president of the Board of Trustees and the president of Texas Wesleyan University, it became obvious that the possibility of moving the CTCSC into a new building on the expanded TWU campus would have tangible benefits for both the conference and the school as well as create unique synergies between the CTC, TWU and the United Methodist Church.

After decades of discussion between federal, state, county and city governments, plans are moving forward on the \$32 million East Rosedale Street Improvements project in southeast Fort Worth.

Engineering and architecture firm Freese and Nichols Inc., which won the design contract for the project from the city of Fort Worth, presented the conceptual designs for the reconstruction of East Rosedale Street from US 287 to Interstate Highway 820 at a public meeting April 24. Final designs are expected to be detailed at a public meeting on Sept. 13.

The project is divided into two phases. Phase I with a budget of \$15.5 million, is from US 287 to Miller Avenue and will be administered by the city of Fort Worth.

Phase II, from Miller Avenue to IH-820, will be administered by the Texas Department of Transportation and has a budget of \$16.1 million.

Construction on the first phase would begin in March 2013 with completion slated for November 2014.

Key funding partners in the roadway reconstruction project, in addition to the city of Fort Worth and Tarrant County, are North Central Texas Council of Governments and Texas Wesleyan University.

The 122-year-old university, nestled in the Polytechnic/Wesleyan Urban Village and in the heart of the reconstruction project, has been awarded a \$1.8 sustainable development grant specifically for improvements from Nashville Avenue to Collard Street that will include streetscape and landscape enhancements.

The improvements project works in perfect harmony with Texas Wesleyan's facilities master plan, designed to take the university well into another century.

The university's board of directors recently approved Freese and Nichols' recommendations on the master plan and officials said they look forward to new construction and enhancements on the campus as well as in its surrounding neighborhood.

"The results of the master plan will leverage the public investment in the Rosedale redevelopment in a way that will help transform the look and feel of the university," said Texas Wesleyan President Fred Slabach.

The top priority of the master plan is the pro-

posed construction of a new entryway and clock tower to be located on East Rosedale and Vaughn Boulevard.

Additional amenities proposed by a citizen advisory committee made up of constituents and property owners along East Rosedale include new streetlights, traffic lights, crosswalks and sidewalks, and landscaping.

The current design includes consideration of two roundabouts as potential solutions for traffic flow and safety. Sites for the roundabouts include the Mitchell Boulevard and Ayers Avenue intersections.

"We are excited about the collaboration of so many entities, businesses and individuals in this process and know that the time is right for the revitalization of the Poly area," said Deborah Roark, director of grants and research and Title III at Texas Wesleyan. "We also know that good roadways, pedestrian-friendly amenities, and infrastructure will spur economic development, further invigorating the Polytechnic/Wesleyan Urban Village."

The second priority in the sustainable development grant is the new construction/adaptive reuse of the historic fire station on Vaughn Boulevard, across the street from the university.

Texas Wesleyan plans to renovate the almost 100-year-old fire house, abandoned by the city of Fort Worth in 1939, into a business incubator that will be managed by the university's School of Business faculty. Business student interns will provide consultation services to new businesses in this facility.

Related to the new construction component, a proposal is pending for a 15,000-square-foot office facility facing East Rosedale in the same block that houses the fire station.

Don Boren, city plan commissioner for District 8 and a member of the East Fort Worth Business Association, serves on the East Rosedale Advisory Committee. A graduate of both Polytechnic High School and Texas Wesleyan University, Boren says the university's master plan together with the Rosedale reconstruction project will have a tremendous impact on growth in the Polytechnic/Wesleyan Urban Village.

"There have been so many attempts to revitalize that area. Housing has been in fits and starts. We've been trying to encourage economic development and new construction but it has just stalled," Boren said. "The reconstruction of Rosedale will help tremendously in encouraging not just Texas Wesleyan University but the whole Poly area. Poly is already getting better. It's not the problem child we had a decade or so ago. It's personally very gratifying that the commitments are being made to revitalize the whole area."

University officials anticipate renovation of the fire station and construction of the office building will begin prior to the completion of Phase I of the East Rosedale Street Improvements Project.

Roark said additional projects of the master plan will be phased in over time and presented to the board for approval before any specific actions are taken. ■

RESOLUTION

RECITALS

In the Fall of 2007, it became obvious to staff and the members of the Board of Trustees of the Central Texas Conference (the "Conference") that the present building that houses the offices of the Conference were suffering from deferred maintenance and would require considerable renovation in preparation for hosting the General Conference. The sum of \$50,000 was authorized for the renovation of the Bishop's suite and the cabinet conference room. In addition there were projects that involved landscaping and painting the interior of the building.

It was noted that substantial additional work was also necessary because of the age of the building. Among other things, the heating and cooling unit needed repair or replacement as well as a reconfiguration of the air handling duct work. An outside consultant was authorized to explore our options.

As shared at the 2010 Annual Conference, a building study was performed by the firm of Hahnfeld, Hoffer and Stanford. Their report indicated that the Conference options included restoring and reconfiguring the Conference's present building by adding a second story and perhaps a parking garage; relocating to an existing building; or constructing a new building at another site. The 2010 Annual Conference adopted a tentative recommendation pending the action of the Called Session of the Annual Conference, that a task force be named, that the Conference relocate to either an existing building or construct a new building at some site other than the present location and that the Conference sell the existing building.

At the November 2010 Called Session the Exodus Project was approved and the Board of Trustees was authorized to appoint a task force.

Following the Called Session, the Board of Trustees authorized and appointed a Task Force including members from various geographical regions and constituencies of the Conference.

The Task Force as a whole and smaller groups of the Task Force visited and reviewed every new site that was suggested.

TASK FORCE

Following a discussion with Bishop Mike Lowry, where he shared his vision for the proposed building, the Task Force developed a list of requirements for the new location. Those requirements (in no order) were:

1. Technology & communications availability.
2. Operational efficiency.
3. Ease of access.
4. Adaptable for future staff and future uses.
5. Affordability.
6. Approximately 15,000 - 18,000 square feet
7. Available to largest # of churches
8. Meeting, training & worship space.
9. No more than 1 hour from major airport.
10. Adequate parking for capacity of building.
11. Near-by restaurants and hotels.
12. Handicap accessibility.

Central Texas Conference Journal 2012

THE SEARCH

The Task Force explored 17 existing church sites, 23 other commercial or office complex buildings, and several parcels of raw and developed land on which to build. None of the prospective locations met all of the guidelines.

In addition to the other guidelines, the Conference sought to achieve the goal of acquiring a new building without a Conference-wide capital funds campaign.

One of the building sites considered was on the campus of Texas Wesleyan University. It was discovered that, coincidentally, T.W.U. was already contemplating a new building on its expanded campus.

THE BEST OPTION

In a number of exploratory conversations between the president of the Conference Board of Trustees and the President of Texas Wesleyan University, the possibility developed that a new building might be constructed by the University on its campus for the use of the Conference.

The preliminary proposal (herein after the "Project") provides:

1. The Conference would deposit the net proceeds (up to \$1,000,000) of the sale of the present building located on Bailey Avenue in Fort Worth (estimated to be approximately one million dollars*) as prepaid rent on a ten year lease.
2. The Conference, under the leadership of the Bishop, would support the efforts of the University to secure additional gifts of approximately one million, nine hundred thousand dollars necessary to construct the building and create a maintenance endowment.

In addition to the tangible benefits to both the Conference and the University, the Project will create additional synergies between the Conference, the University, and Poly United Methodist Church.

The Board of Trustees has approved and accepted the recommendations of the Task Force.

The Board of Trustees and the Council on Finance and Administration have recommended that the Conference approve the Project.

Now, therefore, be it resolved by the Central Texas Annual Conference of the United Methodist Church assembled in Waco, Texas this sixth day of June, 2012, as follows:

That the Recitals set forth above are incorporated herein;

That a Building Committee be authorized, nominated and elected by the Annual Conference to conclude the Lease and any and all other related agreements with Texas Wesleyan University;

Central Texas Conference Journal 2012

That the Annual Conference, under the leadership of the Bishop, support the effort of the University to secure additional gifts of approximately one million, nine hundred thousand dollars necessary to construct the new building and create a maintenance endowment;

That the Board of Trustees be given the authority to sell the Conference's existing property on Bailey Avenue and use the funds in an amount not exceeding one million dollars to fund the prepaid lease with Texas Wesleyan University.

That the Board of Trustees may execute any contract, deed, bill of sale, mortgage, or other necessary written instrument needed to implement this resolution.

LANDMARK POLICY

Pursuant to the 2008 *Book of Discipline* ¶2512.7, the "Establishment of Annual Conference Policy with Regard to Government Landmark Efforts to Designate Church Owned Property as Landmarks", policy was approved at the 2011 Annual Conference Session. We offer it again for information purposes.

CENTRAL TEXAS CONFERENCE BOARD OF TRUSTEES EXECUTIVE SUMMARY

Pursuant to the necessity of the Conference to have a policy with regard to voluntary or governmental efforts to designate church owned property as landmarks this brief explanation of the types of historic designations is being provided.

HISTORIC MARKERS/DESIGNATIONS IN THE UNITED METHODIST CHURCH

- The United Methodist **Historic Site Marker** is a subject/educational designation marker that has **no limitations** on use of the church structure or changes to it. Even if the church were to move, the marker goes with.
- A **UM Heritage Landmark** is a structure or location specifically related to significant events, developments, or personalities in the **overall** history of the

Central Texas Conference Journal 2012

UMC or its antecedents and must have distinctive historic interest and value for the denomination as a whole. However, **the General Commission on Archives and History has no direct control over the administration, interpretation, and preservation of Heritage Landmarks** but it does have guidelines to maintaining the integrity of the landmark which if breached could simply result in the Heritage Landmark status being revoked.

HISTORIC MARKERS/DESIGNATIONS FROM THE TEXAS HISTORICAL COMMISSION OR LOCAL GOVERNMENTAL AGENCIES OR ORGANIZATIONS

- **THC Subject Markers** are educational in nature and reveal aspects of local history important to a community or region such as church congregations, schools, events and individuals. Subject markers are placed at sites that have historical associations with the topic but **no legal restriction is placed on the use of the property or site**. THC requests they be notified if the marker is relocated.
- **Recorded Texas Historic Landmarks** are awarded to **structures** deemed worthy of preservation for their historical and architectural significance. It is a **legal designation** and comes with a measure of protection. The designated structure must give 60 days' written notice before any alterations are made to the structure as well as other limitations.
- **Public Organizational/Association Designation Landmark Status** may well serve community historical, cultural or architectural purposes but depending on their own criteria and restrictions may substantially restrain the use, transformation and transferability of any church owned property that has been so designated. These limitations will be dictated by the governing body regardless of whether entered into voluntarily or involuntarily.

CENTRAL TEXAS CONFERENCE LANDMARK DESIGNATION POLICY

This policy is established pursuant to the 2008 *Book of Discipline* of The United Methodist Church as follows –

“Establishment of Annual Conference Policy with Regard to Governmental Efforts to Designate Church-Owned Property as Landmarks – The board, after consultation with the conference commission on archives and history, or alternate structure, shall develop a policy for an annual conference response, on behalf of any local church, church-related agency, or district or annual conference board of trustees located within the bounds of the annual conference, to any governmental effort to designate a property held in trust for the benefit of The United Methodist Church (§2501) by any such board of trustees as a cultural, historical or architectural landmark.” (§2512.7 of the 2008 Book of Discipline)

WHEREAS, the Conference Board of Trustees is the designated agency to intervene and take all necessary legal steps to safeguard and protect the interests and rights of the Annual Conference anywhere and in all matters relating to property and rights of property of any of its local churches and church-related agencies. (2008 *Book of Discipline* §2501, §2512.4)

Central Texas Conference Journal 2012

WHEREAS, landmark designation of property by a public or governmental body, or other non-profit organization may well serve important cultural, historical, architectural or other community purposes, but it may also substantially restrain the use, transformation and transferability of any church-owned property so designated. Whether voluntary or involuntary on the part of the church property owner, landmark status thus results in a transfer or sale of property under *The Book of Discipline*.

WHEREAS, the Conference Commission on Archives and History has been duly consulted, and whereas, in addition, this policy cannot conflict with the recognition of United Methodist Sites and Landmarks as provided in ¶1712 of *The Book of Discipline*.

THEREFORE, BE IT RESOLVED THAT, at the earliest opportunity following notification or receipt of information that voluntary or involuntary landmark status efforts may affect its property, a local church or church-related agency in the Central Texas Conference shall notify the Conference Treasurer or Conference Chancellor, who in turn shall notify the resident Bishop and the District Superintendent in whose district the property is located.

G If the local church or church-related agency desires to cooperate voluntarily with landmark status for its property, the church or agency shall obtain an approval vote of the Conference Board of Trustees who shall confer with the Bishop prior to or during its deliberations. The local church or agency shall then comply with the provisions on sale or transfer of property (as applicable) of *The Book of Discipline*, including the convening of any required meeting or charge conference.

In the event of efforts to landmark involuntarily property owned by a local church or church-related agency, the Conference Board of Trustees may in their discretion assist local churches and church-related agencies in responding to such efforts, and may intervene and take such measures as appropriate to protect the interests of The United Methodist Church in the property in question.

GENERAL OVERVIEW OF LANDMARK DESIGNATION

Generally speaking, landmark designation seeks to preserve some historic, cultural, architectural or other similar aspect of a building or defined geological area. Government bodies and non-profit organizations at the federal, state and local levels are involved in these efforts.

Landmark status can be voluntary or involuntary on the part of the property owner. A typical example of voluntary landmark status is when a government body and a property owner agree to preserve some architectural façade or historic feature of a building. The owner agrees to a perpetual easement restricting future use and development rights on the building and property in exchange for the governmental body's payment of money and extension of tax credits to the owner.

Involuntary landmark status typically occurs at the state and local level when a government body designates a defined geographical area as a historic or cultural district. The restrictions on the property vary from district to district, and compliance with the restrictions can be voluntary or mandatory. In all cases, the decision on whether to permit a use or expansion request is beyond the control of the property owner. There may be tax incentives for a property's location within a district.

Central Texas Conference Journal 2012

Property owners may feel that landmark designation is an honor, or that a historic district or neighborhood is a positive part of urban life. However, as a practical matter, there may be many negatives to landmark status. Chief among these are the scope and nature of the restraints on use, transformation and transferability of the property.

The Legal Department of the General Council on Finance and Administration generally advises against obtaining voluntary landmark status of property owned by local churches or church-related agencies.

"In summary, church organizations need to be extremely careful before making any decision that its property would be enhanced in any way by landmark status. Landmark status may be desirable in certain limited circumstances. However, landmark status can drastically limit the availability and allocation of resources and severely restrict a church's freedom to make its own decisions about important issues, including how it practices its faith." (GCFA Legal Manual, V-March 18, March 2005.)

From the standpoint of property owned in trust for The United Methodist Church, landmark status may very well prevent a local church from transforming the donations given in the past into new structures or establishments for United Methodist use or enjoyment in the future. Further, the tax benefits available to private property owners are generally worthless to a church since a church does not usually pay income or real estate taxes.

Certainly, each landmark status effort needs to be assessed on its own merits, and there may be instances where landmark status is in the best interests of both the public and the church organization. However, generally speaking, landmark designation should be discouraged.

SEXUAL ETHICS POLICY FOR PROFESSING MEMBERS OF THE CENTRAL TEXAS ANNUAL CONFERENCE OF THE UNITED METHODIST CHURCH

REGARDING HARASSMENT OF CLERGY APPOINTED TO THE LOCAL CHURCH
PRESENTED JUNE 2011, BY CTC CABINET

STATEMENT OF POLICY

A Professing Member of the Central Texas Conference of The United Methodist Church shall not engage in harassment, including but not limited to sexual and/or gender harassment of clergy (§§ 605.8 and 2702.3 in the 2008 *Book of Discipline*).

THEOLOGICAL FOUNDATION

All persons are created by God. God intends all persons to have worth and dignity in their relationships. We are one connected body, and when one part of the body is injured physically, emotionally or spiritually, the entire body is rendered less than God intended. Misconduct of a sexual nature of any kind violates a person's wholeness and is an unjust use of status and power and a sinful behavior against God and one another. The Scripture witnesses to a God who brings about justice, mercy and grace. The Church is called to express God's love in concrete actions of compassion and healing for all people.

DEFINITIONS

1. **Sexual Harassment:** Sexual harassment is a form of sexual misconduct and is defined in the *Social Principles* as "any unwanted sexual advance or demand, verbal or physical that is reasonably perceived by the recipient as demeaning, intimidating or coercive. Sexual harassment must be understood as an exploitation of a power relationship rather than as an exclusively sexual issue" (2008 *Book of Discipline*, ¶ 161). Sexual harassment of clergy includes, but is not limited to the creation of a hostile or abusive environment which undermines the ministry of the clergy person serving within the appointment. (2008 *Book of Discipline*, ¶ 2702.3). Behaviors considered sexual harassment can include "unwanted sexual jokes, repeated advances, touching, displays or comments that insult, degrade, or sexually exploit women, men, elders, children or youth" (2008 *Book of Resolutions*, page 135). Sexual harassing behaviors may be in person or by phone, e-mail, texting, and social networking sites.
2. **Power:** Clergy are generally considered to be in positions of power due to their professional role as spiritual leaders within a church. There are, however, situations in which professing members of a church have the power to create a hostile or abusive environment which undermines the ministry of the clergy person serving within the appointment to the local church. Some of those situations are related to gender, race, age, wealth, education, and status within the community.
3. **Sexual Abuse:** Sexual abuse means unwanted physical conduct of a sexual nature, sexual contact or sexualized behavior and may include, by example, touching, fondling, other physical contact and sexual relations.
4. **Sexual Misconduct:** The 2008 *Book of Discipline* identifies sexual misconduct as a chargeable offense for clergy (§2702.1) and for lay (§ 2702.3).

Central Texas Conference Journal 2012

MAKING A COMPLAINT

Clergy and other persons who have knowledge of a possible violation of this policy by a Professing Member may report the same to the chairperson of Staff/Pastor Parish Relations Committee and District Superintendent. Upon receipt of any complaint, the Staff/Pastor Parish Relations Committee with the guidance of the Conference Consultant and District Superintendent will investigate, consider any response, and take action to seek a just resolution.

PROCEDURES FOR REPORTING, INVESTIGATING, AND RESOLVING VIOLATIONS OF THIS POLICY

The clergy person who feels harassed by a lay person is encouraged to use the following procedures. If the offending behavior and complaint is sexual abuse or sexual misconduct then the immediate procedure is a formal complaint as outlined in *the Book of Discipline* ¶ 2703.4. Identifying sexual or gender harassment depends on a determination of what a reasonable person would perceive as unacceptable. It is important to resolve complaints confidentially and, if possible, informally.

G

INITIAL RESOLUTION PROCESS

Clergy are responsible for establishing and maintaining clear boundaries of professional conduct.

Therefore, a clergy person should respond immediately and clearly to the harasser that such behavior is unwelcome and uncomfortable

If the behavior continues:

- Avoid being alone with the harasser.
- Keep accurate records of the harassing behavior.
- Contact the Chair of the Staff Parish Relations Committee (if the Chair of SPRC is the harasser then contact the District Superintendent directly).
- Notify the District Superintendent to begin the informal process for complaint resolution.

The District Superintendent will contact the Central Texas Conference Consultant who will meet with the chair of SPRC (or person designated) to explain the informal process and introduce two advisors.

INFORMAL RESOLUTION PROCESS

After meeting with the Conference Consultant the chair of SPRC (or a person designated) and the two advisors the intervention team will form and will meet separately with the clergy person and with the accused. The purpose of the meeting is to:

- Determine if the complaint is valid or a miscommunication and a misunderstanding.
- Ask the accused to make an appropriate written statement to the clergy person. The written response may include explanation of the behavior resulting in a misperception of intent, an apology, and a promise not to repeat the behavior.

Reports

Central Texas Conference Journal 2012

If the clergy person finds the response satisfactory then the complaint will be considered as resolved and the District Superintendent will be notified of the result.

If the response of the accused is not satisfactory or the accused refuses to respond, then the complaint will move to the formal process and the District Superintendent and Staff Parish Relations Committee will be notified that a formal process of complaint has been initiated. At any point during the informal process the clergy person, the accused or the SPRC committee may request in writing to the District Superintendent a formal resolution process.

FORMAL RESOLUTION PROCESS

If the District Superintendent determines that the process outlined above has been followed and the complaint is not resolved, then the District Superintendent will appoint a committee on investigation according to ¶ 2703.4 in the 2008 Book of Discipline.

The final decision of the committee will be communicated in writing to the clergy person, the accused and the Staff Parish Committee.

For 53 years, the Central Texas Methodist Foundation has celebrated the generosity of many individuals who entrusted their estate giving plans to the care of CTMF. Our mission of promoting good stewardship and to assist in planned gift arrangements has in turn benefited many churches and ministries in carrying out their gracious ministries. We are grateful for this magnificent journey and for the generous stewards whose gifts we have administered.

Coinciding with the retirement of Pat Sprayberry-Hall in May of 2011, earnest discussion with the Texas Methodist Foundation led to the consideration of joining our foundations. In addition to offering similar services, the two foundations share a common purpose of helping to bring about the world God imagines through assisting United Methodist churches, institutions and individuals with a variety of financial and leadership resources.

It is with great pride that the news has been shared that the Central Texas Methodist Foundation and the Texas Methodist Foundation have combined resources under the name of the Texas Methodist Foundation. While the prayerful discussions between the foundations spanned many months, the official action of the Central Texas Methodist Foundation was taken at the December 13, 2011 meeting of the Board of Directors.

Reports

Central Texas Conference Journal 2012

The official closing documents for the transaction that combined the foundations were signed February 16, 2012, and the Texas Methodist Foundation assumed the majority of CTMF's assets and liabilities. The total assets for the newly combined organization exceed \$400 million.

We wish to acknowledge with deep appreciation the generosity of the Texas Methodist Foundation staff and Directors in assuming the majority of the assets and liabilities of the Central Texas Methodist Foundation. It is gratifying to know that all of the CTMF investors and borrowers will be served with an even higher level of stability, as well as opportunities for future growth.

Under the original name of the Foundation for the Central Texas Annual Conference of the United Methodist Church, Inc., there will be a continuation of a limited operation of the former CTMF to carry out responsibilities for certain assets. This operation will be limited, and will no longer include making church loans, offering investments, conducting programs or counsel in planned giving. All of these services are very capably provided by the Texas Methodist Foundation.

The unaudited financial statements of the Central Texas Methodist Foundation for the year ending December 31, 2011 follow.

On behalf of the Directors and the staff of the Central Texas Methodist Foundation, please accept our gratitude for your support for these many years, and please join us in celebrating the joining of the CTMF and the Texas Methodist Foundation.

RESOLUTION OF THE BOARD OF DIRECTORS THE FOUNDATION FOR THE CENTRAL TEXAS ANNUAL CONFERENCE OF THE UNITED METHODIST CHURCH, INC.

RICHARD REED, SECRETARY

WHEREAS the initiation of discussion by our Foundation with the leadership of the Texas Methodist Foundation for the potential of joining our organizations together has been graciously met with openness, and;

WHEREAS the prayerful discussions between the leaders of both organizations have spanned a year of learning, diligent examination and discovery of the potential for joining, and;

WHEREAS the generosity of the Texas Methodist Foundation, as expressed through its President Thomas L. Locke in the pursuit of the best pathway to joining the organizations led to an offer by Texas Methodist Foundation to acquire substantially all of the assets and liabilities of the Central Texas Methodist Foundation, and;

WHEREAS the transaction for the acquisition was official as of February 16, 2012, and it is the desire of the Directors of the Central Texas Methodist Foundation to gratefully acknowledge the magnanimous acts, words and deeds of the Staff and the Directors of the Texas Methodist Foundation in joining our organizations, and;

WHEREAS the investors, donors, and borrowers, as United Methodist churches and as individuals, who entrusted the care of their money, benevolent objectives, and aspirations of advancing Christ's Church through CTMF services are now very admirably served through the Texas Methodist Foundation, and;

WHEREAS the Texas Methodist Foundation is the largest United Methodist Foundation in the United States, we recognize its rise to such prominence in our church's many ministries is due largely to the efforts of the staff and Directors in holding fast in its purpose "to empower the church in the achievement of her God-appointed missions."

THEREFORE, it is our prayer that the God of all generosity continue to richly bless the Texas Methodist Foundation mission and ministry.

Unanimously adopted by the Board of Directors of the Central Texas Methodist Foundation this the 1st day of May of 2012.

LYDIA PATTERSON INSTITUTE
SOCORRO DE ANDA, PRESIDENT

It is my pleasure to submit this report to the Bishop and members of the conference with great appreciation for your love, support and prayers as we work together to do God's work on the border.

Lydia Patterson Institute is a true representation of the meaning of connectionalism as proclaimed by the United Methodist Church. Together, with every member of this conference and beyond, we have just entered into the 99th year of ministry with underprivileged young men and women on the US-Mexican border.

Life on the border is a daily challenge. In the last few years, our students have lived some of the most horrifying experiences that one can imagine. Some have lost members of their families, including one or both of their parents. Most have experienced assaults, kidnappings, and death and violence on the streets. The

Reports

Central Texas Conference Journal 2012

character of our students is such that in spite of all, they still manage to smile. They have faced the situation with courage and faith. They have remained focused on their school, and they constantly thank Lydia Patterson and the United Methodist Church for bringing them hope and a place of refuge where they feel safe. They are grateful for the spiritual encouragement they receive here, and continually talk about Lydia Patterson as their mean for survival. Their goal is to graduate and go to college. Again, thanks to the support of our United Methodist colleges and universities, 95% of our students are reaching that dream. Last year, the United Methodist colleges and universities awarded more than \$1 Million in scholarships to our students alone.

After two years of drops in enrollment as a result of the violence and the economy across the border, we recovered our students this year. With so many parents out of work, we doubled the number of work scholarships in order to keep the students in school. It is at times like these when the faith of our supporters becomes most evident. We are thankful to United Methodist individuals and churches that went beyond paying for their apportionments to provide for one or more scholarships to save our students. Many in your conference were among those who made the difference, and we are extremely grateful.

The work of Lydia Patterson goes beyond providing a good education to the students. It is about preparing leaders for the church and forming disciples for Jesus Christ and the transformation of the world. The lay ministry program has grown from 5 students to 95 this year. Students continue to serve churches locally and throughout the jurisdiction. Many are now in seminary; others are in the process for ordination; and some are youth leaders, Bible teachers, choir directors, or maybe even leading small churches. Through this program, we hope to comply with the needs of the church as well as change the lives of many, including ours.

The support of our United Methodist friends is evident in their recognition of our work. At times it is expressed in visits to our campus. Last summer we hosted the 40th anniversary of MARCHA who returned to celebrate in the place where the organization was born. We were also honored by the visit of the College of Bishops who undoubtedly committed their total support. Work teams, mission groups, individuals, and everyone coming to share a meal with our students, is a new spark of hope for them.

We will soon be celebrating our Centennial Anniversary. Among the numerous events planned for the year 2013, is the publishing of the Lydia Patterson history. As a guiding light and beacon among the missions of the United Methodist Church, it is only right that its past be properly recorded. Plans are also in place to launch a capital campaign to rebuild our campus and place Lydia Patterson among those ministries of the United Methodist Church that will continue God's work for another 100 years. As we approach this memorable date, we offer our words of gratitude and ask for your continued prayers for the safety of our students and continued success of our ministry.

MOUNT SEQUOYAH CENTER, INC.
LAMAR PETTUS, INTERIM EXECUTIVE DIRECTOR

2011 was a year of recovery for Mount Sequoyah Retreat and Conference Center. The future is bright due to great support from the various Conferences it serves. 386 Texans made individual visits to Mount Sequoyah in 2011. Because of the support of

~ 285 ~

Reports

Central Texas Conference Journal 2012

individuals as well as the conferences from Texas, Mount Sequoyah continues to serve the United Methodist Church as a place for spiritual reflection, renewal and growth. The support, prayers, and gifts of time and money by the Central Texas Conference are appreciated.

In November 2011 Dr. John and Mrs. Sheri Altland, the Executive Directors, submitted their resignations to pursue other opportunities. The Board is grateful for their contributions to Mount Sequoyah over the past seven years. Lamar Pettus, a Trustee of Mount Sequoyah and Chair of Board of Trustees of the Arkansas Conference, is serving as Interim Executive Director. Lamar and his wife, Donna, are retired attorneys. Lamar is keenly aware of the needs and the business of Mount Sequoyah. Lamar has a 30 year history of active participation and service at the local, District, and Conference levels.

G With the generous financial assistance of the Arkansas Methodist Foundation, the Board employed The Alban Institute, a consulting firm, to evaluate its operations. A nationwide search for an Executive Director produced fifty applicants who will now be evaluated by the Search Committee. The Board has set a salary which allows it to be very competitive and believes it will find a committed and practicing Christian with experience in conference, retreat, and hotel/motel marketing and private sector fund raising experience and skills to lead Mount Sequoyah.

Significant changes are being made. All areas of operations are being analyzed. Programs having a history of producing financial losses are either being eliminated or redesigned and are projected to generate a positive cash flow in 2012. A new caterer for food service is under contract and Food Service will return a positive cash flow to offset the costs of maintenance, insurance and utilities for the cafeteria. Facility use fees are under constant review and increases have already been initiated in some areas. Even with the increased fees, Mount Sequoyah faces scheduling problems and will begin remodeling of cottages which have not been in use for five or more years. The main level of Young Lodge has been remodeled to serve one client for an additional 36 weeks as a training facility. Due to increases in programming and attendance at events, even with the additional facilities, Mount Sequoyah will not be able to accommodate all who desire to use its facilities in 2012. Local architects and general contractors have volunteered to provide assistance in determining significant maintenance required and the costs to be incurred in the renovation and restoration of old buildings which continue to serve but are in desperate need of renovation.

Based on current registrations for 2012, Mount Sequoyah will have an exciting year, financially its best in years. The way we operate and our programming focus is changing. While continuing to seek conferences and retreats primarily targeted at religious organizations and secular groups, we are building programs specifically designed to attract young families with children of all ages. Church leaders envisioned Mount Sequoyah as a retreat filled with the laughter and yells of our youth and we want to make the Mountain a place where that can happen once again--an affordable vacation site where young families can bring their children, experience the nature of God's creation and grow together in Christ.

Mount Sequoyah will not shy away from its heritage or purpose. Mount Sequoyah emphasizes Christian hospitality and it is the goal of Mount Sequoyah and its staff that all who visit this mountain will experience the love of Jesus Christ and the spiritual

Central Texas Conference Journal 2012

renewal and growth which accompany that encounter. By our actions, our words, our deeds and our prayers Mount Sequoyah's desire is that visitors, especially any who have never heard the Good News of Jesus Christ, leave this Mountain wondering what is different about the Mountain and the staff who serve it. We at Mount Sequoyah refer to this as Christian love and hospitality. Come share Christ with us.

Our prayer is for wisdom for our new leadership and the Board in its stewardship role and that God will use Mount Sequoyah to ignite a revival within this area, this jurisdiction, and His world.

Your suggestions are appreciated and your prayers are requested. Thanks for your support and come see us soon.

METHODIST CHILDREN'S HOME

TIM BROWN, PRESIDENT/CEO

Greetings from Methodist Children's Home (MCH) and the more than 1,400 children we serve. As MCH continues to discover innovative and effective ways to offer hope to children, youth and families through our nurturing, Christian community, we are grateful for the support of our benefactors and friends from the Central Texas Annual Conference.

The historic connection between MCH and the United Methodist churches from Texas and New Mexico has helped care for thousands of children from tough places in life. As we do every three years, we ask that the Central Texas Annual Conference join MCH in reaffirming our Statement of Covenant Relationship as part of this report. A copy of the statement follows this report.

Our friends and benefactors can be confident that MCH is working to find the highest and best use of the resources entrusted to us. Evidence of this commitment can be seen in our recent completion of two comprehensive accreditation assessments by the Council on Accreditation (COA) and Coalition for Residential Education (CORE). I am proud of the hard work by our staff, Board of Directors and volunteers who took on these duties in addition to their daily responsibilities serving our children. I am honored to report that MCH was found to be in compliance with, and in many cases to have exceeded, best practice standards established by these two national accrediting organizations.

In addition to ensuring the highest and best use of the resources entrusted to us, MCH has been hard at work accomplishing goals produced by our five-year strategic plan. I invite each member of the annual conference to visit our website at www.methodistchildrenshome.org to view our strategic plan or call MCH at (800) 853-1272 to have a copy mailed for your review. The priorities and goals of our strategic plan will enable our ministry to increase its impact on children and families across Texas and New Mexico. One of our goals is to develop new opportunities for MCH to work with churches to help meet needs in their communities and congregations. During this process, we received valuable input from our Commissioners, a group of clergy and laypersons who serve as advocates for MCH in their local churches.

Guided by our core values of Christian Principles, Relationships, Responsibility, Growth, Service and Hope, MCH is committed to providing the services, programs and

Central Texas Conference Journal 2012

talented individuals needed to positively impact the young people in our care. This is happening every day through residential campuses in Waco and Waxahachie and at our Boys Ranch, as well as through our Waco Outreach Office that serves the Central Texas Annual Conference.

In addition to the accomplishments listed above, your support also empowered MCH to:

- Graduate 53 high school seniors in 2011. Thanks to our many friends, we were able to allocate more than \$500,000 for MCH alumni to pursue a college or advanced degree, a certificate at a trade school, or job-related training that will help them improve their families and our communities.
- Cultivate a relationship with Dr. Karyn Purvis and Dr. David Cross of Texas Christian University's Institute of Child Development to provide insight into exciting new methods and techniques to interact with children through Trust-Based Relational Intervention (TBRI).
- Celebrate academic success for a number of our children and youth. Fifty-four students from the Waco campus and Boys Ranch were named to academic honor rolls and 29 earned a "commended" score on the TAKS test.
- Expand our competitive athletics and Ag Science/FFA programs. This included the addition of a football field on our Waco campus and increased participation of young ladies from the Waco campus in FFA projects at the Boys Ranch.
- Recognize the great work of 79 staff with employee service awards. All honorees had at least three years of service, and nine employees celebrated 20 or more years with our ministry.
- Participate in mission trips and community service projects that enabled MCH youth to show Christ's love by meeting needs across Texas.

Our achievements in the past, and those yet to come, are directly related to the men and women who give their time, talents and resources to bless our children. We are grateful to Dr. Clifton Howard of Arlington, who recently completed his service on the MCH Board of Directors, and current Board members Bishop J. Michael Lowry of the Central Texas Conference, Mr. James DuBois of Waco, and Dr. Johnel Louie of Temple. We look forward to the service of Rev. Steve Ramsdell of Waco as a new member of our Board.

These individuals, along with the MCH Commissioners and benefactors, enable our ministry to achieve our mission. On behalf of Methodist Children's Home, thank you for sharing our story in your churches and communities. If you would like to schedule a speaker, arrange a tour or need resources to help MCH promote an offering, contact Trey Oakley, vice president for development, at 1111 Herring Avenue, Waco, Texas 76708 or by phone at (254) 750-1213 or (800) 853-1272. I also encourage you to visit our website to download stories and resources to help educate your congregation about our ministry.

Thank you for your continued trust and support of our ministry. May God bless you and Methodist Children's Home.

MMH Ministry

Today, the mission of Methodist Mission Home is to offer hope to individuals facing spiritually, emotionally and physically challenging circumstances, so they may lead enriched, rewarding and satisfying lives. Through professional guidance and compassionate support, teens and young women facing unplanned pregnancy and families considering adoption make mutually beneficial decisions. Through transitional education including life skills and vocational training, young adults with disabilities and those who are deaf develop confidence and competence to reach their personal level of independent living. MMH fulfills this mission through the following programs:

- **Adoption Services** has placed more than 5,790 children into loving homes through domestic, older child, and international adoptions. We provide counseling for birth parents and adoptive families throughout the adoption process. Our maternity services include campus housing for pregnant teens and young women considering adoption. Post-adoption counseling is available for birth parents, adoptive families, and adoptive children. MMH provides adoption education to teach teens and the professionals who work with at-risk youth about the alternatives to parenting – adoption and voluntary foster care.
- **The Southwest Center for Higher Independence (SCHI)** For many teens, graduation from high school means moving on to college. For students with multiple disabilities, college is not always the next step. For these young adults, ages 18 and older, SCHI is the next step. Established in 1974, SCHI was founded as a transitional education center for people who were deaf and hard of hearing. Today, our services have expanded to accommodate more diverse

disabilities, including high functioning MR, autism, Asbergers, cerebral palsy, and learning disorders. SCHI has assisted hundreds of young adults with disabilities in learning the vocational and life skills to achieve their personal best.

- **The Genesis Cooperative** is a self-supporting collaboration of five nonprofit agencies on the MMH campus serving youth and young adults with disabilities, pregnant teens and young women, women recovering from substance abuse and their children, and adults who are deaf/blind.

How We Can Help YOU Serve Your Neighbors?

TEXAS HEALTH RESOURCES
612 E. LAMAR BLVD., SUITE 900, ARLINGTON, TX 76011
PHONE: 682/236-7900

The people of Texas Health Resources are proud of our faith-based heritage of compassionate care. Our philosophy of caring for the whole individual – body, mind and spirit – is part of our ongoing efforts to make health care human again. At its core, the measure of how we are living our mission, vision and values is how many people we have compassionately helped or healed. The faith-based heritage and values of Texas Health Harris Methodist hospitals remains at the center of everything we do.

As part of our mission to improve the health of the people in the communities we serve, we continue to focus on delivering outstanding care in our hospitals while going

Central Texas Conference Journal 2012

outside the hospital into the community with innovative programs to prevent illness, help people live healthier lives and enhance the overall well-being of people in the communities we serve. Texas Health Harris Methodist hospitals continue to be the vanguard for exploring new ways to better coordinate services across the continuum of care from prevention, wellness and primary care to acute care, rehabilitation, home care, palliative care and hospice.

(1) In 2011, Texas Health Resources **expanded access to care across North Texas** through several new initiatives:

- Texas Health and UT Southwestern Medical Center agreed in September to seek collaborative opportunities that will benefit patients by addressing the complexities of today's health care environment and delivering more efficient, integrated and affordable quality care to North Texas communities.
- In February, a dedicated heart hospital opened in Arlington. Texas Health Heart & Vascular Hospital Arlington, located in the Tom Vandergriff building on Texas Health Arlington Memorial Hospital's campus, is a physician-led, joint-venture hospital offering advanced services for the diagnosis and treatment of heart and vascular conditions.
- Throughout the year, numerous Texas Health Resources hospitals and facilities introduced new services to enhance individuals' access to care. Two of the many examples:
 - In March, Texas Health Harris Methodist Hospital Cleburne added pulmonary rehabilitation services to help individuals with chronic respiratory diseases to live better lives.
 - In June, Texas Health Harris Methodist Hospital Azle began offering gynecological services to women in the Azle and surrounding communities.

Also in 2011, construction continued on our newest hospital, Texas Health Harris Methodist Hospital Alliance slated to open in fall 2012 at the intersection of Interstate 35W and Golden Triangle Boulevard. The full-service hospital will have outpatient and surgical services, a 24-hour emergency room, an intensive care unit, women's and infant care, six labor and recovery suites and 14 post-partum rooms, diagnostic testing and physician offices. The new facility will provide quality health care services for residents of north Fort Worth, Keller, North Richland Hills, Haslet and surrounding communities.

(2) Texas Health **continued our community outreach** in 2011 with programs promoting prevention, wellness and community service:

- To help raise awareness of heart disease and help raise money to fight it, Texas Health Resources joined the Tarrant County and Dallas Divisions of the American Heart Association (AHA) as the cause sponsor for the 2011 Go Red for Women campaign.
- Texas Health Associates is a campaign sponsored by the Texas Health Harris Methodist Foundation and the Texas Health Presbyterian Foundation. The campaign provides employees with an opportunity to give annual financial support to hospital/entity programs and services. Since 2003, Texas Health Associates has raised more than \$6 million to support a variety of programs across the system.
- The Community Employee Giving campaign gives employees the opportunity to support up to five non-profit organizations in their community. In 2011, Texas

Central Texas Conference Journal 2012

Health employees raised more than \$1 million through the campaign.

- As part of its mission to improve the health of the people in the communities served, Texas Health expanded its Child Automobile Safety Initiative. The initiative strives to educate and raise community awareness about child passenger safety and the risk of unintentional injury from motor vehicle collisions.
- From no-cost screening mammograms to diabetes education classes, each Texas Health Harris Methodist hospital reaches out to its community through free or low-cost screenings to help catch health problems early. Additionally, classes to help manage diseases such as diabetes, heart health and other chronic diseases are available.

(3) Texas Health Resources continues our commitment to **integrating faith in our day-to-day work**. As a faith-based health system, Texas Health provides our communities opportunities for spiritual guidance during difficult times.

- Texas Health is committed to ensuring that the faith-based legacy of the organization is not simply a part of the hospitals' names; rather, Texas Health is purposeful in the integration of faith and spirituality throughout the system. Our faith-based heritage is exemplified in Texas Health entities by chapels and chaplains, meditation gardens, prayer books that offer prayers in varied faith traditions, and our clinical pastoral education program.
- The annual Faith Community Leadership Summit continues to offer hundreds of faith leaders an opportunity to network and learn more about the role faith communities have in improving the health of people they serve. The summit theme in 2012 was "Forgiveness."
- The internal Faith and Spirituality Integration Council provides resources and supports system leaders to reinforce faith-based values and promote values-based leadership. Members include several hospital presidents, other system-level leaders and Texas Health's senior chaplains. The council makes recommendations on integrating faith and spirituality to other committees and councils. Its work filters down into the daily lives of Texas Health employees as they live out their faith and care for patients and one another.
- The Department of Pastoral Care maintains a presence with chaplains at each Texas Health Resource hospital and at our corporate office. Chaplains offer compassion, encouragement and a pastoral presence in the midst of chaos to patients, family and staff. In addition, each site offers a chapel for prayer, meditation, quiet time and worship. Spiritual care delivered through the pastoral care group and by others in the organization addresses concerns of the spirit: faith, hope, despair, meaning, purpose, life, death, guilt, forgiveness, fear and doubt. Spiritual care services are available to patients, family members, hospital employees and medical staff members.
- In 2011 we continued to sponsor a series of three-minute messages on KLTY radio. "True Moments of Healing" with Bonnie Curry will continue in 2012 and will highlight Texas Health patient and employee stories that show the spiritual side of healing.

Texas Health hospitals are committed to our mission of improving the health of people in the communities we serve. We look forward to additional opportunities to help us fulfill that mission.

TEXAS METHODIST FOUNDATION

TOM LOCKE, PRESIDENT

The Texas Methodist Foundation experienced significant growth during 2011, increasing our assets and further clarifying how to gain the most leverage from those assets to help our United Methodist community discern and live out God's purposes for them. Given the continued decline of the Church, in both affiliation and influence, and the critical need for vital communities of faith in our increasingly polarized world, our financial strength is more important than ever: the more financially stable we are, the more effectively we will be able to achieve our mission "to empower the Church in the achievement of her God-appointed missions."

We ended 2011 with \$384 million in assets under management, an \$11 million increase from 2010. The significance of our growth, however, lies, ultimately, in the lives changed in local congregations across the state where our services helped enable ministry. The measure of success for our services – investments, loans, stewardship ministry, leadership ministry, and charitable services, including gift planning, church endowments, and grants – is in how effective they are at helping individuals and congregations fulfill God's purpose, as together we work to make Christ's love visible in the world.

The Texas Methodist Foundation, located in Austin, serves United Methodist individuals, churches and agencies within the five geographic annual conferences in Texas and the Rio Grande Conference of Texas and New Mexico. We appreciate the opportunity to report some of the ways we served United Methodists last year.

WE ARE PLEASED TO REPORT THE ASSISTANCE WE PROVIDED IN 2011:

WITHIN THE CENTRAL TEXAS ANNUAL CONFERENCE

- Loans from the Foundation to churches in the Central Texas Annual Conference totaled \$62.8 million.
- Churches and related agencies within the Central Texas Annual Conference had \$24.2 million invested with the Foundation's Methodist Loan Fund.

THROUGHOUT THE STATE

- ♦ As of December 31, 2011, total assets under management by the Foundation were approximately \$384 million.
- ♦ Methodist Loan Fund investments grew overall, including new Individual Fund accounts of \$2.8 million. Methodist Loan Fund investments support the Foundation's loan program which currently funds 442 loans to United Methodist churches and agencies. Our loan balance ended 2011 at \$309,296,787.
- ♦ The TMF Leadership Ministry supported 49 pastors from the Texas annual conferences participating in 6 Clergy Development Groups. The Leadership Ministry also welcomed 7 District Superintendents from around the state and across the South Central Jurisdiction, and the 11 active Bishops serving in the South Central Jurisdiction who were involved in group processes. The Leadership Ministry continues to support an ongoing group of 39 District Superintendents.

Central Texas Conference Journal 2012

Senior pastors and laity from seven congregations also participated in a Holy Conversations Communities of Learning, focusing on spiritually-based strategic planning. And more than 48 judicatory leaders, pastors and laity also attended special gatherings of entrepreneurial leaders hosted by the Leadership Ministry, including a Gathering of those Dedicated to the Development of Church Leaders and a President's Advisory Council. The Leadership Ministry also hosted two think tanks – one for newly ordained pastors (14 participants) and one for clergy of Vital Congregations (14 participants.) We also began a new group of 15 Church Musicians focused around the Adaptive Question, "What is the role of music in making disciples for Jesus Christ?"

- ◆ Grants made by the Foundation during 2011 totaled \$1,021,287.43. Of that amount \$249,315 came from donor-advised funds. These grants benefited a variety of programs managed by local churches, community outreach centers, and conference ministries. The Foundation's Grants Ministry continues to give priority to programs that address the root causes of poverty as it affects children.
- ◆ The Foundation distributed approximately \$600,000 from permanent endowments, predominantly to United Methodist causes in Texas.
- ◆ Our Stewardship staff consulted on 10 capital campaigns and Miracle Sundays, resulting in pledges totaling more than \$9 million to support the missions of United Methodist congregations across the state. They made more than 460 consultation visits to churches offering counsel and guidance in areas of specific need related to funding ministry. Stewardship staff also conducted 16 annual and year-round stewardship workshops in local churches and 13 district and conference level workshops.
- ◆ In addition to assisting many churches across Texas in establishing or growing permanent endowment funds, endowment services also helped create and support endowment leadership groups in various regions of the state. These groups provide a community of learning for endowment committee members from various local churches to share ideas and best practices for helping their churches fulfill their mission.

A listing of Texas Methodist Foundation Board of Directors from the Central Texas Conference area will be presented during the Annual Conference meeting June 3 - 6, 2012 in Waco.

"INVESTING; INFORMING; INFLUENCING"

BISHOP DAN E. SOLOMON, PRESIDENT

"WHAT A WAY TO SPEND OUR MONEY!" Young adults in our churches are worth every nickel of our support to educate them and prepare them to lead our church and our land to experience the beloved community of grace and healing.

Would any parent suggest that children could or will mature in healthy ways and embrace Christian values without the investment of time, resources, and encouragement by elders who care and share? Of course not!

TUMCA provides our churches a proven means for helping our young adults become educated and equipped "to serve the present age, their calling to fulfill." By providing scholarship assistance to worthy young adults our churches are affirming the

Central Texas Conference Journal 2012

importance of "informed minds and faith formed hearts." Such a vision was articulated in a hymn written by Charles Wesley for Methodism's first school, "let us unite the pair so oft disjoined, knowledge and vital piety."

TUMCA scholarships have been opening the doors and windows of knowledge, opportunity, vocation, and fulfillment in our United Methodist schools in Texas for over 50 years. Our TUMCA students are school superintendents, pastors, teachers, chemists, chaplains, owners of businesses, bankers, civil servants, persons of high rank in the military, and leaders across the world.

TUMCA scholarships have helped equip persons to be strong leaders for Christ and the mission of serving hurting people through their local churches and the community boards on which they serve such as the Food Bank, Salvation Army, Boy and Girl Scouts, Red Cross, United Way, and many more. The far reaching effect of TUMCA dollars is simply astonishing!

Through TUMCA United Methodists are investing in our young adults! These members of our church family are experiencing expanding horizons of learning, growth in their relationship to God, and clarity about their servant leadership in a hurting and defensive world.

INVESTING! INFORMING! INFLUENCING! Our young adults are worth every nickel! "Thank you" from our TUMCA scholarship recipients. You are blessing them that they may become a blessing to the church and the world. Listed below are the students, their home church and the United Methodist School in Texas where they are enrolled.

WESLEYAN HOMES, INC.

CHRIS SPENCE, PRESIDENT

G The Central Texas Conference created Wesleyan Homes 57 years ago and Wesleyan Homes first opened its doors in 1962. The year 2012 marks our fiftieth year of continuous operation. The Wesleyan at Scenic opened in 1978 and was expanded in 1986 and 2000 and now has 220 beds. 2008 marked a milestone when the original Wesleyan Retirement Home was sold and a new 124 apartment independent living retirement facility opened on a 40 acre campus called the Wesleyan at Estrella. In summer of 2011, a new 60 apartment assisted living facility opened on the Estrella Campus.

The Central Texas Conference elects Wesleyan's Board and our charitable support for resident care comes from the churches of the Central Texas Conference as well as from individual donors. We give thanks to God for the faithfulness of the Church as it supports Wesleyan Homes through the Mother's Day Offering and through volunteers serving the Wesleyan residents in a myriad of caring ways.

THE MINISTRY OF WESLEYAN HOMES

In all our facilities and in all the ways we serve, Wesleyan Homes through its chaplains, its community volunteers and its partnership with local churches is a Christian ministry, extending the mercy, healing and love of Christ to those we serve. We work with older adults, their families and church and community volunteers to build Christian community. We believe the older adults we serve are the faith repository of the Church and our best guides for our daily walk.

BENEVOLENCE

In 2011, Wesleyan Homes was home to and or served 633 older adults and gave \$1,397,985 in charitable care.

THE WESLEYAN AT SCENIC

The Wesleyan at Scenic is the largest Skilled Nursing Facility in the Greater Austin area. It has a 220 person capacity and serves a varied population including those

Central Texas Conference Journal 2012

needing short term rehab, skilled nursing following a hospitalization, memory and Alzheimer's care as well as long term care.

THE WESLEYAN AT ESTRELLA

Our new independent living campus off Williams Drive in Georgetown opened in January, 2008. All 124 apartments were soon occupied. As we begin 2011 we still have a waiting list of over 200 persons, as The Wesleyan at Estrella sets the pace for senior adult communities in Central Texas.

A 60 apartment assisted Living facility on the new Wesleyan at Estrella's 40 acre campus adds to the continuum of care. It offers personal assistance to those who can still live with supportive services in a residential setting. 20 of its apartments are on a specially designed memory support wing.

WESLEYAN HOSPICE

In 2008, Wesleyan Hospice expanded to begin serving home-based hospice clients as well as residents in our skilled nursing facility in Georgetown, The Wesleyan at Scenic. This aspect of our ministry, dealing specifically with those nearing death, adds greatly to our ministry's commitment to provide compassionate care.

THE VISION OF WESLEYAN HOMES

A faith-based ministry providing comfort and care for residents and their families in a place called home

THE MISSION OF WESLEYAN HOMES

Wesleyan Homes strives to be the premier provider of supportive care and services in Central Texas, open to all senior adults.

We Value

Faith,	Compassion,
Wellness,	Affordability,
Excellence,	Professionalism,
and Choice.	

We value older adults as spiritual resources and as independent individuals with dignity and worth, functioning within an interdependent community.

Wesleyan Homes is a Ministry of the United Methodist Churches in Central Texas. We are very grateful that the Central Texas Conference has created and nurtured the ministry of Wesleyan Homes.

"When you pass through the waters, I will be with you; and when you pass through the rivers, they will not sweep over you. When you walk through the fire, you will not be burned; the flames will not set you ablaze." – Isaiah 43:2

Central Texas Conference Journal 2012

At its inception, many doubted that the dream could be realized. Yet, in February 2012, Africa University launched a year-long celebration of its 20th anniversary. It has quite a story to tell. "We serve a faithful God," says Dr. Fanuel Tagwira, vice chancellor. "As we now celebrate 20 years of existence, we can say 'Ebenezer', for this far the Lord has taken us. He will surely take us further because we serve a God who finishes what he starts." Recalling the challenges the University faced during Zimbabwe's economic crisis in 2008-2009, Tagwira noted that "God was on our side...other universities, primary and secondary schools, and hospitals closed, but Africa University students never lost a day of classes." For this, Tagwira offered his thanks to The United Methodist Church for its responsiveness and unwavering support.

In 2011, the Central Texas Conference was one of twenty-seven annual conferences that paid 100 percent of their apportioned share of funding to Africa University. The University is profoundly grateful to the leadership and local congregations of the Conference for their generous apportionment contributions to the Africa University Fund.

G Enrollment at Africa University is at an all-time high. The current total population of 1634 students is 42% higher than it was for the 2010-11 academic year. There are 23 African countries represented in the student body. At Africa University, male and female students are almost evenly balanced—something that bodes well for increasing the participation of women in decision-making and leadership roles in Africa.

New programs are helping Africa University to grow and remain relevant to community needs across the continent. New academic offerings include undergraduate degree programs in Computer Science and Laboratory Science as well as graduate degree programs in Child and Family Studies, and Public Policy and Governance.

The University is preparing to launch online distance learning. Online training options will focus on areas such as practical theology, health, and business. The initial target countries for Africa University's online distance learning outreach are Angola, Côte d'Ivoire, Democratic Republic of Congo, Liberia, Mozambique, Nigeria, and Sierra Leone.

In June 2011, 349 students from 19 African countries graduated. The graduating class was comprised of 69 graduate students receiving master's degrees, and 280 undergraduate students receiving bachelor's degrees. The Class of 2011 swelled the ranks of Africa University graduates to more than 4,000 since first opening its doors in March 1992. In their home countries, graduates are addressing critical issues of hunger, poverty, disease, lack of knowledge, and conflict, all of which prevent millions of people in Africa from enjoying God's promise of abundance (*John 10:10; Jeremiah 29:11*). At 20, Africa University is part of a crucial feeder system for nurturing a new generation of principled leaders in Africa as evidenced by the number of graduates who are evangelists, pastors, lecturers and administrators of schools, seminaries and universities. "Many believe that Africa University, voted into being by the 1988 General Conference, is the most exciting ministry that The United Methodist Church has ever founded," says Tagwira. "It is a model of connection; shared responsibility; and best of all; it is a tangible witness to how United Methodists live out the Word of God in a chaotic and self-centered world."

CANDLER SCHOOL OF THEOLOGY

JAN LOVE, DEAN AND PROFESSOR OF CHRISTIANITY & WORLD POLITICS

Candler School of Theology prepares *real* people to make a *real* difference in the *real* world. Our commitment to authentic discipleship and relevant ministry enables us to develop uniquely well-rounded leaders who are challenged academically, encouraged spiritually, and immersed in Christian service from the first day they arrive on campus.

As one of the 13 official seminaries of The United Methodist Church, Candler is grounded in the Christian faith and shaped by the Wesleyan tradition of evangelical piety, ecumenical openness, and social concern. As one of seven graduate professional schools of Emory University, Candler provides a rich context for learning and formation supported by the extensive resources of a top-tier research university. As a school located in the major metropolitan area of Atlanta, Candler offers students a learning environment that reflects the highly diverse communities of our 21st century world. There is no better place for ministry preparation that addresses our major denominational priorities: developing leaders, starting and growing churches, ministry with the poor, and improving global health.

Candler's student body continues to reflect the diversity and breadth of the Christian faithful. Our enrollment stands at 479, with 372 seeking the Master of Divinity, 64 the Master of Theological Studies, 19 the Master of Theology, 17 the Doctor of Theology, and 7 enrolled as Special, Non-Degree students. The total student population is 22% U.S. ethnic minority, 8% international, and 50% women. Forty-four denominations are represented, with 52% of M.Div. students being United Methodist. The median age of our entering class of M.Div. students is 26, with 50% of total enrollment under thirty.

An extraordinary gift of \$15 million from the O. Wayne Rollins Foundation will make possible the construction of the second phase of the school's new building. In recognition of this gift, the first building—a 65,000-square-foot facility completed in 2008—will be named in memory of the late Rita Anne Rollins, the first grandchild of the foundation's namesake. The new building will house the Pitts Theology Library, additional classrooms and offices, group study areas, and the Wesley Teaching Chapel.

Candler and The General Theological Seminary (GTS) in New York have formed an innovative partnership that includes the sharing of library resources, collaborative educational programs, and the exchange of both students and faculty members. The partnership began this fall with the transfer of 90,000 volumes from GTS to Candler's Pitts Theology Library, and will continue to expand this year via student/faculty exchanges and continuing education programs.

Central Texas Conference Journal 2012

Candler has introduced two new ways to make theological education more accessible. First, we launched a Tuesday-Thursday format for core courses for our incoming students in order to lessen the burden of commuting. Second, we began offering certain courses in an online or hybrid format. Two courses were piloted in January term and spring semester. We remain deeply committed to the highest quality education for our clergy and will offer only those hybrid and online courses that meet a gold standard of excellence in teaching and learning outcomes. Faculty members undergo rigorous training in order to translate their courses to an online format.

Candler continues to emphasize preparing our students for leadership in an increasingly global context. We now offer 17 academic exchanges with theology schools across five continents and 15 countries, including many related to The United Methodist Church. In addition to our ongoing summer internship program with the Methodist Church in the Bahamas, this year's travel seminars included the Middle East Travel Seminar in May-June and World Methodist Evangelism Institute evangelism seminars to Colombia, Indonesia, and Israel.

G A hallmark of the Candler M.Div. experience, the two-year Contextual Education program shapes our students' pastoral identities by interweaving service at ministry sites with academic analysis in the classroom and spiritual reflection in pastor-led small groups. In any given week, Candler deploys more than 250 ConEd students throughout the region to minister to people in congregations, hospitals, and social service agencies. This year we have continued Candler Advantage, a program designed to pay rising third-year M.Div. students for summer internships in congregations so they can further hone their pastoral skills beyond the first two years of ConEd.

Candler's Lifelong Learning events strengthen the church by providing opportunities for clergy and lay leaders to learn more about the practice of ministry. Our Fall Conference, "The Art of Preaching in the 21st Century," brought to campus some of the most respected names in preaching, including Otis Moss Jr. and James Howell. The Spring Conference, "The Singing Church," gathered experts to lead an exploration of the best practices and emerging trends of congregational song.

In addition to our Lifelong Learning events, Candler oversees the educational process of more than 900 people each year through the Course of Study regional school and our five extension schools in the Southeast.

Despite today's challenging economic climate, Candler remains steadfastly committed to making theological education financially feasible. Although our operating budget essentially remained flat this year, we dedicated \$4.5 million to financial aid. Seventy-seven percent of eligible students received Candler-based financial aid, with the average award covering more than two-thirds of tuition.

Our widely respected faculty continues to distinguish itself, both in academia and in churches and denominational bodies at local, national, and international levels. This year, faculty members garnered prestigious grants and fellowships from the Guggenheim Foundation, the National Endowment for the Humanities, and the Louisville Institute, among others. Dr. Carol Newsom recently completed a term as president of the Society of Biblical Literature. In Fall 2011, we welcomed two new faculty members: Jennifer Ayres in religious education and Anthony Briggman in the

Central Texas Conference Journal 2012

history of early Christianity. In Fall 2012, we welcome Neil Alexander, current bishop of the Episcopal Archdiocese of Atlanta, as director of our Anglican Studies Program and Ted Smith as assistant professor of homiletics and ethics. Our UM faculty presence remains strong, with 36 percent of our full-time faculty being United Methodist. Candler draws considerable strength and inspiration from its relationship with The United Methodist Church. Our ability to fulfill our mission of *educating faithful and creative leaders for the church's ministries in the world* depends upon your support, gifts, and prayers. Thank you for the countless ways you advance this vital ministry in the life of our denomination. We invite you to visit us in person in Atlanta or online at www.candler.emory.edu to see firsthand how Candler prepares *real* people to make a *real* difference in the *real* world.

HUSTON-TILLOTSON UNIVERSITY MISSION

Huston-Tillotson University helps the Central Texas Conference achieve its mission and vision through our own mission to provide the University's diverse student body with an exemplary education that is grounded in the liberal arts and sciences, balanced with professional development, and directed to public service and leadership.

The University fosters spiritual and ethical development, preserves and promotes interest in the accomplishments and experiences of the University's historic constituents and evolving populations, creates and sustains supportive relationships that advance the Huston-Tillotson University community, and prepares students with the integrity and civility to thrive in a diverse society. We achieve our mission through the diversity of our student body, opportunities for spiritual growth and civic engagement, and the global perspective of our educational programs.

UNIVERSITY PROFILE **ENROLLMENT**

Huston-Tillotson University reached a twenty-nine year enrollment high with 904 students enrolling in the fall of 2011. Segmentation of our student population by gender reveals an important factor regarding male enrollment. Our overall student population consisted of 444 males (49%) and 460 females (51%). Many universities report decreases in male student enrollment; our student population is balanced. The first-year, first-time freshmen population consisted of 108 males (57%) and 82 females (43%).

The racial/ethnic composition of our student population is as follows: Hispanic – 19%; White, non-Hispanic – 6%; American Indian— <1%; Asian/Pacific Islander – <1%; Nonresident Alien – 4%; Unreported – 1%; and Black, non-Hispanic – 69%.

To further their aspirations, 3% of recent HT graduates have chosen to enroll in theology schools.

FACULTY

In the fall of 2011, the University employed 49 full-time faculty members. The race/ethnic composition of the faculty is as follows: Hispanic – 8%; White, non-Hispanic – 45%; American Indian– 2%; Asian/Pacific Islander – 4%; Black, non-Hispanic – 41%. Thirty-three members of our faculty (67%) have the terminal degree in their teaching field.

PRESIDENTIAL AND INSTITUTIONAL ADVANCEMENT ACTIVITIES

Huston-Tillotson University is at this place in history as a result of discoveries, visions, and insights made 137 years ago. When George W. Richardson founded Samuel Huston College in Dallas, Texas, at St. Paul's Methodist Church with six scholars; and Jeffrey Tillotson founded Tillotson Collegiate and Normal Institute in Austin, Texas, they could only imagine the possibilities. Today, Huston-Tillotson University takes pride in a number of accomplishments, including its record enrollment of a diverse student body.

G

Many innovative initiatives, such as the Day of Discovery for Central Texas executives and decision makers, and visits to target alumni-Key Cities allow the University to participate in outreach at even higher levels. New undertakings include significant enhancements to the Dickey-Lawless Science Building, a dedicated nuclear science laboratory equipped with Geiger-Muller counters and computers; launching of the Center for Academic Excellence; and the implementation of Advancement Via Individual Determination (AVID) program. In addition, the establishment of a Leadership Seminar whereby student learning extends to the workplace environment of elected officials and key corporate executives supports unique and creative ways that faculty are engaging students. These endeavors, along with the continued success of the W.E. B. DuBois Honors Program, place the University in a competitive global position.

Huston-Tillotson's reputation as a teaching university, as an institution with a stellar faculty, as a place where students can achieve their goals, is evidenced by faculty who are authors and recognized scholars from prestigious programs such as Fulbright Scholarship Programs, Henry C. McBay Research Fellows Program, Piper Professors, and Sam Taylor Fellowship Program. Faculty spend their summers completing research in their field, studying at the New York University Faculty Institute, attending the UNCF/Mellon Faculty Seminar, engaging in international travel, and other initiatives that further define their specialized areas.

The HT student may be the first in his or her family to attend college, part of a legacy family with more than five generations of graduates, a local Austin resident, or a student who has traveled thousands of miles to reach the campus. That HT student was likely referred by alumni and had a number of college acceptance letters from which to choose. Internships or overseas travel are just two of the opportunities afforded students. Whether attending HT as part of the William Edward Burghardt DuBois Honors Program, the Male Achievement Program (MAP), the Women Advancing in Leadership and Knowledge (WALK), as an athlete in one of the sports programs, or recruited as a musician for the jazz ensemble or vocalist with the concert

choir, the HT experience is uniquely highlighted for success. Responsibility, spiritual development, and supportive relationships are the hallmarks of the HT experience.

Institutional Advancement, under the direction of the newly hired Vice President, has made significant progress. Accomplishments include establishing practical fundraising goals, providing professional development for the Institutional Advancement staff, hiring a professional consultant for office assessments, engaging the Board of Trustees in basic fundraising training, increasing Institutional Advancement Committee/Trustee involvement in the fundraising process, increasing faculty/staff giving through the Annual Fund Drive by 100% and increasing alumni giving by 40% based on year-to-date comparisons, enhancing publications with a student-center focus, increasing grants/contracts activity by 25%, strengthening relations with the International Alumni Association by engaging its new administration, and launching a new www.htu.edu Web site.

ACADEMIC PROGRAM HIGHLIGHTS STUDENT DEVELOPMENT

W.E.B. DuBois Honors Program offers students both exceptional academic and extracurricular opportunities. These opportunities are designed for students of all majors who are intellectually curious, capable, and interested in making the most of their time at Huston-Tillotson University. The staff members of the DuBois Honors Program are dedicated to assisting students achieve their academic and personal goals.

Students who have completed the program have commented that they made many new friends, derived a sense of accomplishment far beyond their dreams, and gained a global perspective on issues. Following are just a few examples of the benefits provided to DuBois Scholars:

- Specialized honors courses that will challenge one's intellect
- Fellowship with a diverse community of DuBois Scholars from all parts of the globe
- Annual fall semester and spring semester retreats to Dallas, Houston, or San Antonio
- DuBois Honors Program receptions, cultural events, and educational seminars
- Participation in the Annual Honors Colloquium
- Connection with local and national internship programs, fellowships, and competitions

The Center for Academic Excellence was established in October 2010. The Center oversees general tutoring services, tracks and monitors the progress of students on Academic Probation as well as First Year Students. The Center implemented the Advancement Via Individual Determination (AVID) program which is a College Success Program designed to assist students as they transition to university life. The AVID curriculum is driven by WICOR (writing, inquiry, collaboration, organization and reading) strategies designed to help students meet the academic challenges they face. The pilot semester (Fall 2011) has improved academic performance among student participants.

Poetry on the Patio is sponsored by the Downs-Jones Library, Learning Resources Committee, and Huston-Tillotson University Austin Alumni Chapter to provide students, faculty and staff an opportunity to share original and favorite poetry.

The Humanities and Fine Arts Department, Student Affairs, and the office of Student Life, partnered to enrich our curriculum and engage our students by bringing National Slam Champion Poet Mike Guinn to campus. Mr. Guinn, who holds a Master's degree in Social Work, delivered a positive message, Finding Your Own Voice, through his poetry.

College of Arts and Sciences (CAS)

G

The College of Arts and Sciences continues to strengthen the academic preparation of its students through the continued support of established student clubs, which include the HT Film Society, the History Club, and a campus chapter of the Austin Poetry Society. A Student Affiliate Chapter of the American Chemical Society was begun in the fall of 2011. The clubs continue to receive advisement and support from faculty members in the **Department of Humanities and Fine Arts**. Additionally, 2 Music majors, within the Department of Humanities and Fine Arts, represented HT as members of the *105 Voices of History Historically Black Colleges and Universities Concert Choir* that recently performed at the Kennedy Center in our nation's capital.

The Bachelor of Arts degree in Communication was reprised in the Fall of 2011, offering two study tracks – communication and journalism.

Sociology sponsored a lecture and demonstration of Tibetan life and teaching on the HT campus. We hosted nine monks from Tibet illustrating their life rituals and spiritual activities.

In the Department of Natural Sciences and Mathematics, Guest Speaker Dr. Thomas Kreschollek of Dow Chemical Company discussed careers in the STEM (Science, Technology, Engineering, and Mathematics) fields.

In spring 2011, HT underwent an Environmental Compliance Peer Audit. This involved facilities and the sciences: chemical storage and disposal, and record keeping. Additionally, three campus representatives have been trained to be peer auditors.

The Field Biology course is designed to augment our Ecology and Behavior course by providing the students direct experience with local examples of ecological communities, including identifying local trees and birds as well as studying the behavior, distributions and other aspects of the ecology and evolutionary biology of these and other species. In fulfilling these objectives, the class visits a variety of local sites. Some of these field trip destinations expose the students to local forest associations, some to local grassland associations, and others to local aquatic communities and riparian strips. The other component of this course involves intensive writing, partly to create a traditional field journal but also to create more in-depth reports about some of the ecosystems that we visit during the semester.

During spring 2011 and fall 2011, 26 Alternative Teacher Certification Program (ATCP) students each earned 30 hours in classroom field experience. The students worked in

Reports

Central Texas Conference Journal 2012

all grade levels and subject areas. Students conducted their field experiences in various central Texas school districts, charter schools, and private schools. Forty-one (41) students were enrolled during the fall of 2011. These students are completing their classroom instruction as well as preparing for and sitting for the teacher certification exams. During spring 2011 and fall 2011, thirteen candidates for certification worked as paid, full-time, teacher interns and five students served as clinical teachers (student teachers). Fifteen ATCP students passed twenty state teacher certification exams. The ATCP is housed within the **Department of Educator Preparation**.

The ninth "Day at the Ball Park" was hosted by the **Kinesiology Department**. In the class follow-up, it was estimated that approximately 275-300 attended the 2011 event; 30-40 of those were faculty and staff. The Structural Organization of Physical Education class organized and directed the activities.

Student Research Initiatives

During a recent conference held in Atlanta, Georgia, an HT student captured first place in the chemistry category during the 68th Annual Joint Meeting of Beta Kappa Chi Scientific Honor Society and the National Science Institute competition. The society encourages the advancement of scientific education through original investigations; the dissemination of scientific knowledge; and the stimulation of high scholarship in the pure and applied sciences. Two students received second place recognition in the "Computer Science, Engineering, Physics, Mathematics and Earth Science" competition.

At the Dr. Joseph T. Jones, Jr. Sixth Annual HT Undergraduate Research Day Symposium, students showcased their research under faculty guidance on a variety of topics within biology, computer science, kinesiology, and other disciplines. The symposium features poster and individual presentations as well as a panel discussion.

COMMUNITY INVOLVEMENT

A record 165 students participated in the traditional AusPrEP and Pre-Algebra Institute summer programs. Along with rigorous instruction in the core subjects, students were exposed to a variety of career fields in science and technology through career awareness sessions and field trips. AusPrEP is a summer pre-freshman engineering program designed to help students stay interested in the fields of Science, Technology, Engineering and Mathematics (STEM). From calculators that work like mini computers to programming robots, middle and high school students got hands-on experience. The students were engaged in three classes per session; a mathematics course (Thinking Mathematically), a forensic science class (laboratory based and computer forensics), and a project period where the students worked with Lego Mindstorm NXT robotics equipment and rocketry equipment. The HT Center for STEM Success has established memorandums of understanding with Austin, Pflugerville, and Round Rock Independent School Districts. The agreement allows students who successfully complete the STEM Academy program to receive a science elective credit on their transcript.

The Psychology Club engaged in community service learning with the Tobacco Free Campaign through surveys, the Smokeout Forum, and manning booths at health fairs.

Central Texas Conference Journal 2012

Field placement/internships included Girls Beyond Bars (a Girl Scout troop for girls whose mothers are incarcerated) and the Austin Child guidance Center. All psychology students engage in community service at the Central Texas African American Family Support Conference every year. Issues addressed include mental health and physical health promotion.

FACULTY DEVELOPMENT

Dr. Gloria Quinlan, professor of music and conductor of the Huston-Tillotson University Concert Choir, was selected as one of three conductors of the *105 Voices of History Historically Black Colleges and Universities Concert Choir* at the John F. Kennedy Center for the Performing Arts in Washington, D.C.

Dr. James Kraft, associate professor of philosophy and religion, serves as a peer reviewer for *Sophia: International Journal for Philosophy of Religion, Metaphysics, Theology, and Ethic*. He is also a reviewer for *Religious Studies: An International Journal for Philosophy of Religion*. Dr. Kraft attended the American Academy of Religion annual meeting in San Francisco which included sessions on his research topics, sessions supporting the content of classes he teaches, and sessions on improving teaching skills.

SELECTED FACULTY RESEARCH

Dr. James Kraft submitted the manuscript, The Epistemology of Religious Disagreement, in fall 2011. The book is scheduled for release in May of 2012.

Dr. Kraft assisted campus representatives in developing a program in response to President Obama's interreligious service initiative.

SCHOOL OF BUSINESS AND TECHNOLOGY (SBT)

STUDENT ACTIVITIES

LARRY L. EARVIN, PH.D., PRESIDENT AND CEO

Nine students attended the Hatton W. Sumners Scholars Public Policy Leadership Seminar that addressed economic policies and educational empowerment. Dr. Kathryn Davis, marketing faculty, has assumed the role of Coordinator of Business Case Competitions. Dr. Davis prepares students for various undergraduate case competitions which challenge students to present a response to a case issued by the supporting sponsor. Participating in case competition helps students enhance their analytical, problem solving, and communication skills.

Dr. Carolyn Golden, Computer Science Department Chair, requires her upper level undergraduate students to conduct research and present the results in a "poster presentation" which combines text and graphics. Dr. Golden's students present their research at the Joint Annual Meeting of Beta Kappa Chi and National Institute of Science Conference. At the spring 2011 conference, three of her students received prizes for their winning presentations.

FULBRIGHT SCHOLAR AT HT

Dr. George K'Aol was a visiting Fulbright Scholar in the SBT during the 2010-2011 academic year. Dr. K'Aol, who is from Kenya, is the Dean of the School of Business Administration at the United States International University in Nairobi (USIU), Kenya. He received his Ph.D. from the University of Illinois (USA) in Entrepreneurship.

Dr. K'Aol enjoyed a productive year with the HT faculty. While at HT, K'Aol taught a Business Ethics course as well as worked on several research projects. He developed a teaching case that was peer reviewed by faculty from the London Business School and then published by the European Case Clearing House. He also wrote a journal article that was published.

The SBT intends to continue a working relationship with K'Aol and USIU. The two schools are currently developing a faculty exchange program which has a projected start date of summer 2012.

BLACK EXECUTIVE EXCHANGE PROGRAM (BEEP)

BEEP is a program of the National Urban League that brings together minority executives from across the country to deliver practical and career-building advice to students at historically black colleges and universities. Participants come from throughout the United States.

SBT AND THE ROTC

The HT/University of Texas at Austin (UT) ROTC program is recognized for its excellence in developing students into future leaders. Typical students participating in this program have outstanding personalities and are well-rounded individuals. They learn how to lead and inspire others through their ROTC experience. We are justifiably proud of all of our graduates and cadets who are honorably serving our country.

STUDENT SERVICES RELIGIOUS LIFE AND CAMPUS MINISTRY

The Office of Religious Life and Campus Ministry continues to actively assist the Division of Student Affairs meet its mission by continuing to provide an ecumenical ministry that acknowledges the spiritual needs of all students at the University. University Chapel Hour, held each Thursday, continues to include speakers who are clergy members from diverse backgrounds. Students with an interest in the ministry, as a vocation continue to assist in serving of communion every first Thursday of the month. HT students also participate in a number of spiritual development programs, which includes spiritual retreats, weekly Sister Connection (Women's Bible Study) and weekly Brothers of Fellowship (Men's Bible Study) meetings. This fall, we began a new ministry for students to share their personal stories. These monthly sessions provide an opportunity to heal from past hurts, understand that others share similar stories, and embrace the journey together. The Center hosts many special events to draw the community together for the sake of Christ.

Central Texas Conference Journal 2012

Students come to the center to study, especially during mid-terms and finals. Approximately five students per month receive counseling. Faculty and staff come for a "listening ear" from the University Chaplain.

The Center is utilized by the DuBois Scholars, Student Affairs, the Department of Philosophy and Religion, and the Charter Day Committee.

Campus service programs encourage students to participate in service programs. Students gained mission experience through our partnership with Tarrytown United Methodist Church. Students engaged in service learning during the Alternative Spring Break Mission Trip with the General Board of Church and Society in Washington, D.C. This year, the seminar program focused on poverty with an emphasis on homelessness. The students acquired an understanding of what it means to be homeless and learned to appreciate and respect persons who are homeless and the many issues the homeless face. They learned how to be advocates for the marginalized and disenfranchised, what it means to be "my brother's keeper."

G Because of our historic ties with the Wesley United Methodist Church, we share in an annual celebration with Wesley honoring and remembering our unique relationship. We continue to share a wonderful partnership with Tarrytown United Methodist Church. We engaged in a Huston-Tillotson Day with Simpson United Methodist Church.

Additionally, the Office of Religious Life and Campus Ministry hosted the Annual Bishop Ernest T. Dixon Lecture given by Rev. Dr. Rodney Smothers, Pastor of St. Paul UMC in Oxon Hill, Maryland.

CAMPUS LIFE

The Office of Campus Life continues to focus on deepening students' understanding of the relationship between curricular and co-curricular experiences by connecting student programming to relevant areas within the syllabi of various academic courses. Such programs include the annual Leadership Training Seminar, which focuses on ethical leadership practices for all students and various social programming.

Huston-Tillotson University's Campus life Office partnered with the office of State Representative Dawnna Dukes, Heritage Council and United Way to tackle MLK's Day of Service Project. The students represented 16 student organizations on campus: Sigma Lambda Beta, Men's Soccer, International Student Association, Delta Sigma Theta, Omega Psi Phi, Zeta Phi Beta, Alpha Phi Alpha, Peer Advisors, Royal Court, HIV/STD Peer Educators, Pre Alumni Council, Residence Hall Association, Alpha Kappa Alpha, Toastmasters, Beta Kappa Chi and Women of Excellence. The clean-up was an opportunity to honor Dr. Martin Luther King, Jr.'s legacy of service by beautifying the street bearing his name

Already recognized for its University sustainability efforts, Huston-Tillotson students took charge of a recycling campaign sponsored by the United States Environmental Protection Agency (EPA). The RecycleMania campaign, a friendly competition and benchmarking tool for college and university recycling programs, promotes waste reduction activities. More than 9,450 pounds were shredded and 1,316 pounds

Central Texas Conference Journal 2012

recycled during the campaign. Recycling containers continue to be a part of the campus landscape.

In spring 2011, President Larry L. Earvin announced that Huston-Tillotson University is officially a tobacco-free campus. "We are the first institution of higher education in Central Texas to go tobacco-free, and the first Historically Black College and University in Texas to go tobacco-free as well," Earvin said.

COUNSELING AND CONSULTATION CENTER (CCC)

The Counseling and Consultation Center continues to help the Division of Student Affairs meet its mission by helping students with their personal concerns so that they can meet the daily challenges of student life.

The Office of Disability Services (ODS), housed within the CCC, continues to provide needed supportive services for HT students with disabilities. Programming involved collaboration with community resources and several HT departments. ODS worked closely across departments at HT (i.e., Dr. Budd SEDL class, the Athletic Department, SA departments, the Library, the Math department), to share information, enhance education, and provide recreational opportunities to students, staff and faculty regarding disability issues. The Autism Society of Texas, Texas-Parent-to-Parent, and Texas Special Olympics did class presentations for Dr. Budd's SEDL classes.

Simultaneously, ODS continues to expand the adaptive aids available for student use to accommodate individuals in the classroom and while studying. Adaptive aids included digital recorders, amplification devices, and adjustable desks for use in classes; software for audio books in the library for flexible student access; golf cart use for students with temporary mobility issues as well as a couple of wheelchairs for emergency use; and accessing free technology to share individually with students.

CAREER AND GRADUATE DEVELOPMENT CENTER (C&GDC)

The Career and Graduate Development Center continues to develop and update services and resources available to HT students, alumni and employers.

C&GDC counseled almost 100 students in spring 2011 and almost 100 students in fall 2011 regarding career and graduate development including graduate school preparation, job search strategies, marketing students into the economy and business networking.

C&GDC provided four-year Career Development Checklist plans to parents in June, July, and August Orientations. Over 200 students registered into the Career Management System and they were provided the four-year Career Development Checklist plan.

The 2011 Spring Internship Fair was attended by 17 organizations. The Spring 2011, Career Fair was a very successful event that was attended by 47 employers and over 200 students. Employer and Graduate School Fair attendance by Recruiters increased by 10% and student attendance increased by over 65%. The Fall 2011, Career Expo was attended by 36 organizations and 200 signed-in students. Many more students

Central Texas Conference Journal 2012

attended who did not register. The Fall 2011, Graduate and Professional School Fair hosted 30 schools as compared to only 23 in the fall of 2010.

STUDENT HEALTH SERVICES

The HT Health Connection e-health community empowerment program continues to collaborate with other community based organizations to empower our campus and underserved populations in our community with health information from the National Library of Medicine. The program objective is to provide participants with the basic background knowledge and information about racial disparities in health. Participants are trained to conduct informational sessions that enhance consumer awareness. Consumers are informed about the following through online health access: HIV/AIDS, Heart Disease, Cancer, Mental Health and Diabetes. Informed consumers will benefit by having a better quality of life.

ATHLETICS

G Huston-Tillotson University Athletics continues to meet its mission by providing opportunities for competition in intercollegiate athletics while ensuring an atmosphere that emphasizes academic and athletic excellence. We continually strive to ensure that all of our student-athletes are "Champions of Character" and model the values of Respect, Responsibility, Integrity, Sportsmanship, and Servant Leadership. The Athletic Department is committed to the principle that participation in athletics is integral to the total educational process as well as to the personal growth of each student-athlete. DEAN'S REPORT TO THE CENTRAL TEXAS ANNUAL CONFERENCE

THE UNITED METHODIST CHURCH, 2012

WILLIAM B. LAWRENCE, DEAN AND PROFESSOR OF AMERICAN CHURCH HISTORY

Perkins marked centennial celebrations of the University's 1911 founding and 1915 opening with the publication in 2011 of *Perkins School of Theology: A Centennial History* by Joseph L. Allen, professor *emeritus* of Ethics.

In addition to celebrating a distinguished past, Perkins is moving toward a bright future. Effective student recruitment coupled with the lowest attrition rate in more than

a decade led to double-digit annual growth in enrollment. United Methodists comprise 77% of our M.Div. cohort. Ten annual conferences in the South Central Jurisdiction provided funds which were matched by the Perkins Prothro Foundation to create endowments for students from their annual conferences. Resulting Perkins Annual Conference Endowment (PACE) grants from earnings on those endowments continue to provide financial aid annually. Twenty-seven United Methodist Annual Conferences are represented in our student body, plus five UMC-related conferences: Indonesia, Kenya, Korea, Malaysia and Singapore.

Dr. Brad Braxton was appointed Lois Craddock Perkins Professor of Homiletics and is the first African American to hold an endowed chair at SMU, effective June 2012. Dr. Heidi Anne Miller, assistant professor of Christian Worship, and Dr. Linn Marie Tonstad, assistant professor of Christian Theology, joined Perkins in 2011. Dr. Pablo Andiñach, professor of Old Testament at ISEDET in Buenos Aires and a distinguished Methodist leader in Argentina, is a visiting professor.

Alyce M. McKenzie was promoted to the *George W. and Nell Ayers LeVan Endowed Chair of Preaching and Worship*, named a recipient of SMU's 2011 Altshuler Distinguished Teaching Professor Award, and elected 2012 President of the Academy of Homiletics.

Bruce D. Marshall was appointed to the *Edward and Emma Lehman Chair in Christian Doctrine*. Marshall also became director of the Graduate Program in Religious Studies, combining the resources of Perkins and the department of religious studies in SMU's Dedman College for students who pursue the Ph.D.

Dr. Hugo Magallanes was appointed director of Center for the Study of Latino/a Christianity and Religion at Perkins.

Perkins recognized retirements of David Maldonado, Jr., Marjorie Procter-Smith, and Charles M. Wood. Wood, who serves on the UMC Committee on Faith and Order, was elected 2012-2013 president of the American Theological Society.

Perkins established the Center for Religious Leadership to provide training in the theology of leadership and practical skills for leadership.

Perkins sponsored "Listening For Our Common Mission: The Church and Theological Education at Perkins," a significant event attended by bishops, Board of Ministry chairpersons, and other conference leaders relating to leadership development and clergy recruitment from across the South Central Jurisdiction.

**SOUTHERN METHODIST UNIVERSITY
PRESIDENT'S REPORT
TO THE CENTRAL TEXAS ANNUAL CONFERENCE
THE UNITED METHODIST CHURCH, 2012
R. GERALD TURNER, PRESIDENT**

As SMU celebrates the centennial of its founding in 1911 by the Methodist Episcopal Church, South, and its opening in 1915, the University continues to rise in national prominence. Highlights of the past year follow:

Central Texas Conference Journal 2012

- G**
- SMU's total fall 2011 enrollment was 10,982, including 6,221 undergraduates and 4,761 graduate students. The ethnic minority enrollment made up 22.9 percent of the student body. The fall enrollment included a record number of 1,119 international students from 89 countries. Perkins School of Theology experienced an 11 percent enrollment increase, including students from 14 Annual Conferences.
 - SMU's external awards for research and sponsored projects have increased significantly. During 2010-11, SMU received \$21.6 million for research and sponsored projects, up from \$16.5 million in 2008-09. In 2011 the Carnegie Foundation for the Advancement of Teaching raised SMU's classification to a research university with "high research activity."
 - SMU Unbridled: The Second Century Campaign, launched in 2008, is the largest fund-raising effort in the University's history, with a goal of \$750 million. At campaign midpoint in 2012, gifts totaling \$574 million are providing funds for 231 scholarships; 22 endowed academic positions; 15 academic program endowments, including support for two schools and one academic department; and 16 new or renovated facilities.
 - SMU will break ground in April 2012 for a new Residential Commons complex of five buildings to house an additional 1,250 students on campus. This will enable SMU to implement a sophomore residency requirement.
 - A new Ph.D. program in art history, established in 2011, brings to 26 the fields offering doctorates at SMU. Among new academic programs, the Embrey Human Rights Program offers one of only five human rights majors in the nation.
 - A new general education curriculum for undergraduates, to be implemented in fall 2012, is designed to prepare students for the demands of an increasingly interconnected global society, with renewed emphasis on ethics and courses with service-earning components.
 - The George W. Bush Presidential Center, scheduled for completion in 2013, consists of a library, museum and independent institute. The Bush Institute has already begun programming with symposia on subjects including education, energy, literacy and economic opportunity for Afghan women. In 2011 the Institute was instrumental in bringing to the campus His Holiness the Dalai Lama to receive an honorary degree, present a public lecture and interact with SMU and high school students.
 - SMU's centennial events in 2011 included a symposium on "The University and the City: Higher Education and the Common Good," at which Perkins Dean William B. Lawrence presented a concluding summary. Centennial publications include *The Perkins School of Theology: A Centennial History* by Professor Emeritus Joseph L. Allen.

SMU treasures its Methodist heritage, and we ask for your continued prayers and support.

SOUTHWESTERN UNIVERSITY
JAKE B. SCHRUM, PRESIDENT

Reports In the past year, Southwestern University announced a variety of initiatives designed to help the University thrive in the new landscape of higher education. These new initiatives fall into two (2) categories:

Central Texas Conference Journal 2012

- ♦ Restructuring our administrative and academic programs to be relevant to our global society and to achieve higher productivity and efficiency; and
- ♦ Launching new programs that increase enrollment and contribute to essential educational experiences for the 21st Century.

Restructuring initiatives include integrating the operations of our A. Frank Smith, Jr. Library Center and our Information Technology Services department under the leadership of a Chief Information Officer (CIO). Many of our peer institutions, including Bryn Mawr, Allegheny, Rhodes, Connecticut College, Middlebury, and Occidental have already undertaken this step as a way of ensuring that our students and faculty have access to the best information possible in this new digital age. Our first Chief Information Officer will be appointed in 2012.

New programs that we are considering include a January term as well as several new degree programs. For example, a team of our science faculty members has been working with representatives from The Methodist Hospital Research Institute (TMHRI) in Houston to develop the curriculum for a new Master's degree in Translational Medicine that will be awarded by Southwestern with laboratory facilities provided by TMHRI. Translational Medicine is an exciting new field that focuses on how to take discoveries from the lab to the bedside, and this is a bold endeavor for a small, liberal arts college to strategically align with a world-class research institute to further opportunities for our students. It also will raise visibility for Southwestern and our strong programs in the natural sciences. Three (3) Southwestern undergraduates spent the summer of 2011 at TMHRI as research interns, working side-by-side with principal investigators. This program is expected to continue and expand.

In October 2011, we announced two (2) other initiatives that are being made possible by generous gifts from several of our alumni. We will be reinstating football in the fall of 2013 and fielding a new women's varsity lacrosse team in the spring of 2014. Both these initiatives are designed to enhance our student life experience as well as increase enrollment.

ENROLLMENT – FALL 2011

Our enrollment in Fall 2011 was 1,349. We also appointed Dave Voskuil to lead our enrollment efforts. Dave joined us from Centenary College in July 2011.

FACULTY APPOINTMENTS

We welcomed three new tenure-track faculty members for the 2011-12 academic year: Allison Miller, Assistant Professor of Art History; Kathryn Prater, Assistant Professor of Education; and Joshua Long, Assistant Professor of Environmental Science. Long is our first tenure-track Environmental Studies Professor.

In addition, Alicia Moore, Associate Professor of Education, was appointed to the Cargill Foundation Endowed Professorship, funded by a recent grant from the Cargill Foundation.

Central Texas Conference Journal 2012

ACADEMICS

In 2011, Southwestern launched a new "Writing in the Disciplines" program that was funded with a \$720,000 grant from The Andrew W. Mellon Foundation. The initiative is being done in conjunction with the Department of Rhetoric and Writing at The University of Texas at Austin. Plans are currently underway to take what we have learned from our signature Paideia® program and extend it to all students. This will be done by requiring students to take three courses in an interdisciplinary "cluster" of their choice followed by an optional seminar during their senior year. This new program will offer many new possibilities for collaboration among faculty and among faculty and students. This new interdisciplinary program is being developed to help us meet the requirements for our upcoming accreditation review by the Southern Association of Colleges and Schools (SACS).

A new social justice course requirement also takes effect in Fall 2012. Southwestern faculty members offered two new summer programs for external audiences in 2011 – a program in math and science for traditionally underserved high school students and a computer science workshop for middle and high school teachers.

G

CIVIC ENGAGEMENT AND COMMUNITY SERVICE

Southwestern students continue to be actively engaged with the community. For example:

- For Valentine's Day 2011, students in one of Southwestern's Paideia cohorts organized a "One Swipe" program that enabled students to donate a meal from their meal plan to provide food for needy people in Georgetown. The program resulted in enough food being donated to the Caring Place in Georgetown to provide 732 meals.
- Student organizations held a "shopping cart parade and food drive" in December 2011 that collected an additional 500 pounds of food for the Caring Place.
- Forty-seven students participated in "Destination: Service" trips over the 2011, spring break. Another group of students, all of whom were members of the Southwestern University soccer teams, spent their 2011, spring break participating in a "soccer and service" trip to El Salvador.
- Southwestern students raised more than \$50,000 to build the last house in Habitat for Humanity's Old Mill Village in Georgetown.
- Students are growing produce in Southwestern's community garden that is delivered weekly to a local senior citizens center. Southwestern students are also helping build a community garden at the Boys & Girls Club of Georgetown.
- All Southwestern students taking Spanish III in the spring of 2011 spent an hour a week tutoring students in the bilingual program at a local elementary school.
- Students taking General Chemistry classes make regular visits to local elementary schools to do real-life chemistry experiments for students.
- Southwestern students are assisting with an after-school language program for elementary and middle school students in the neighboring town of Jarrell by teaching Spanish and Chinese four days a week.

FACULTY ACHIEVEMENTS

Southwestern University faculty members continue to excel as teachers and scholars. For example:

- Five Southwestern faculty members published books in 2011. History Professor Shana Bernstein published a book titled *Bridges of Reform: Interracial Civil Rights Activism in Twentieth-Century Los Angeles*, Political Science Professor Alissa Gaunder edited a book titled *The Routledge Handbook of Japanese Politics*, Classics Professor Hal Haskell published a book titled *Transport Stirrup Jars of the Bronze Age Aegean and East Mediterranean*, English Professor Helene Meyers published a book titled *Identity Papers: Contemporary Narratives of American Jewishness*, and Communication Studies Professor Davi Thornton published a book titled *Brain Culture: Neuroscience and Popular Media*.
- Religion Professor Laura Hobgood-Oster's 2010 book titled *The Friends We Keep* was selected by Choice: Current Reviews for Academic Libraries for its 2011 list of Outstanding Academic Titles. In October 2011, Hobgood-Oster presided over an international, interdisciplinary conference on "Religion, Nature, and Art" at the Vatican Museums. Hobgood-Oster is currently president of the International Society for the Study of Religion, Nature, and Culture.
- Chemistry Professor Maha Zewail-Foote was one of two (2) co-first authors on an article that was published in an October 2011 issue of *Nature Chemistry*, the leading journal in original chemistry research.
- Biology Professor Romi Burks received a \$72,075 grant from the National Science Foundation's International Research Experiences for Students (IRES) program. The grant, which was a cooperative proposal between Southwestern and the University of Hawaii, will enable five undergraduate students a year to gain experience conducting research abroad. Burks took two (2) Southwestern students to Uruguay and Argentina in December 2011.
- Molly Jensen, Assistant Professor of Religion, received a \$20,000 grant from the Wabash Center for the Study of Religion. She plans to use the grant to help faculty members in the Department of Religion learn how to better incorporate ecological learning into their classes. The grant also will enable Southwestern to develop its community garden into a learning garden.
- Laura Senio Blair, Associate Professor of Spanish, received a Fulbright award to study and teach in Chile during the spring 2012 semester.
- In November 2011, five (5) Southwestern faculty members received awards from the Sam Taylor Fellowship Fund, which provides monetary awards for the continuing education and development of full-time faculty members of United Methodist colleges and universities in Texas.

STUDENT ACHIEVEMENTS

Southwestern students also earned a variety of honors in 2011. For example:

- Senior Sarah Ayers was one of three students selected statewide to receive a scholarship from the Texas Association of School Personnel Administrators (TASPA) for the 2011-2012 school year. The scholarship honors the best teacher candidates in the state. Southwestern teacher education students have been awarded TASPA scholarships for the past 13 years, consistently besting students from other programs in the state.

Central Texas Conference Journal 2012

G

- First-year student Phuong-Hieu Nguyen was named to the prestigious Kemper Scholars Program. The scholarship-mentorship program prepares students for leadership and service, especially in the fields of administration and business.
- Alexis Kropf, a junior biology and Spanish major, was one of 135 students from 30 states who were honored as the first Newman Civic Fellows by Campus Compact, a national coalition of more than 1,100 college and university presidents who are committed to educating students for civic and social responsibility.
- At the 2011, national Mock Trial tournament held in Memphis, Abbey Benold was awarded a top witness award and Chanea Wells was awarded a top attorney award. Although the Southwestern team as a whole did not place in the tournament, it performed well against some of the best schools in the nation and lost to the tournament champions by only two (2) points.
- 2011, graduate Ursula James won the 2011 Annual Student Paper Competition sponsored by the Southern Anthropological Society. James presented the paper, titled "*The Emergence of Hoi An: World Heritage Status and Global Tourism in Vietnam*," at the Society's 2011, Annual Meeting.
- 2011, graduate D'Artagnan Bebel was selected to receive the 2011 Academic Internship Student Achievement Award from the Cooperative Education and Internship Association (CEIA). Bebel was the third Southwestern student to receive this national award in the past six years.
- Four Southwestern students received the highly competitive Benjamin Gilman International Scholarships from the U.S. Department of State to study abroad in 2011. Two (2) Southwestern students have received Gilman International Scholarships to study abroad during the spring 2012 semester.
- The Southwestern chapter of Circle K International received four (4) awards at the 2011 Texas-Oklahoma District Convention. The chapter as a whole was awarded Outstanding Chapter in the Texas-Oklahoma District, secretary Nora Maus was recognized as Outstanding Chapter Secretary in the district, president Jenna Gaska was recognized as Outstanding Chapter President in the district, and the chapter project, "Bead the Change," won the Single Service award for having the most outstanding project in the district.
- Three (3) students who graduated from Southwestern in 2009 and another who graduated in 2010 received grants from the National Science Foundation in 2011 to support their studies in graduate school. This was the second year in a row that four (4) Southwestern students have received NSF fellowships to fund their graduate studies.
- At least four (4) Southwestern students were selected into the extremely competitive Teach for America program in 2011. One (1) of these students, Juan Juarez, is being followed all year for a Katy Couric program that will air on NBC in 2012.

ATHLETICS

Our student-athletes and coaches continue to bring recognition to Southwestern, both on the field and in the classroom. Here are some of their accomplishments in 2011:

Reports

THINKING AHEAD CAMPAIGN

As 2011, was coming to a close, Southwestern's *Thinking Ahead* comprehensive fundraising campaign passed the \$125 million mark. Thanks to a \$3 million gift from the Cullen Foundation and a \$1 million gift from the Fondren Foundation, we have now have raised more than \$4 million toward the \$24 million cost of our new science center.

CAMPUS CONSTRUCTION PROJECTS

The major construction project currently under way is the renovation of Southwestern's historic Roy and Lillie Cullen Building. All the building's 467 windows have been replaced, and work is now under way to upgrade the building's mechanical and electrical systems.

SPEAKERS AND SYMPOSIA

Both of our major speakers in 2011 were very popular with the students. Dave Eggers delivered the 2011 Writer's Voice lecture, and Blake Mycoskie, the founder of TOM'S Shoes, delivered our 2011 Shilling Lecture. The 2012 Shilling Lecture speaker is author and columnist Thomas Friedman, and the 2012 Writer's Voice speaker will be Suzan-Lori Parks, the first African American woman to receive the Pulitzer Prize in drama.

Central Texas Conference Journal 2012

Several prominent national figures will be coming to campus for Southwestern's 34th Brown Symposium on Feb. 27-28, 2012. The symposium was organized by Religion and Environmental Studies Professor Laura Hobgood-Oster and is titled "Back to the Foodture: Sustainable Strategies to Reverse a Global Crisis." Featured speakers include Wayne Pacelle, president and chief executive officer of the Humane Society of the United States, and Jo Luck, who served as president and CEO of Heifer International from 1992-2010 and was co-recipient of The World Food Prize in 2010.

IN CONCLUSION

While the kind of personal, well-rounded education that Southwestern University provides is coming under attack on many fronts, we remain committed to being known as an innovative, sustainable, relevant, and distinctive provider of educational experiences that are essential to successful and fulfilling lives in the 21st Century. We also plan to continue to embrace our core purpose: Fostering a liberal arts community whose values and actions encourage contributions toward the well-being of humanity.

G As James T. Laney, former president of Emory University once said, "We are created to serve. If we do not care for something larger than ourselves and do it with a sense of heart, then we ourselves shrivel up. Society, the larger good itself, atrophies. The sense of service and the sense of ambition are twin aspects of education, and that we must take into account. What it means to be an educated person is not only to be a mind and to seek one's own interests, but also to realize that as one enlarges their range of interests and serves them, one is fulfilled."

BARBARA JEAN WORDINGER

December 12, 1941-July 6, 2011

Barbara Wordinger was born on December 12, 1941 in Ridley Park, Pennsylvania. As a young girl, Barbara believed that she was called to be a minister, sensing a small voice that would continually encourage her. That still small voice was not only the voice of God but also the voices of countless people who encouraged her, affirmed her, and loved her. But there was an inner strength that she discovered and lived by, which was a confident faith in God. She persevered so that she could realize God's calling and dream for her life. She met Robert Wordinger

at the University of Pennsylvania and married him on August 10, 1974. She graduated from The University of Texas, Arlington with a major in philosophy and then graduated from Southern Methodist University Perkins School of Theology with a Masters of Divinity. She was ordained an elder in the Central Texas Conference in 1994. She served the First United Methodist Churches in Fort Worth, Palo Pinto, Graford, Bethel United Methodist Church and Westcliff United Methodist Church in Fort Worth. She retired from the ministry in 2005 and became active in the First United Methodist Church of Hurst, where she was involved with Mission Central, a mission of First United Methodist Church of Hurst. She was active as a clergy member in initiating the Central Texas Walk to Emmaus.

Barbara had a warm and loving spirit that touched many lives. She was a teacher, encourager and comforter and had the heart of a pastor. Those who knew her as pastor, friend, or family member knew her to be not only a person of great faith, but a dear soul.

Her life was celebrated in the sanctuary of First United Methodist Church of Hurst on July 11, 2011.

She is survived by her husband, Robert Wordinger; children, Susan Strickland, Laurie Ashley, Paul Wordinger, and Kathryn Cane; grandchildren, Nicholas Strickland, George Ashley, III, Jacob Ashley, Hannah Ashley, Avery Cane, and Conner Wordinger.

BENJAMIN THOMAS TRIBBLE

September 15, 1926 - March 19, 2012

Rev. Dr. Benjamin Thomas Tribble, 85, passed from this life to eternal rest on Monday, March 19, 2012, joining his beloved wife, Jeannine.

Serving God and serving people had been Dr. Tribble's work for many, many years and he served in many Methodist churches over his long career.

Tom received his first regular appointment to the Bardwell Methodist Church. While serving there he was introduced to a pretty young lady named Jeannine Forston. He recalls his first impression of her as having a beautiful smile which could light up the room, and his heart. Tom and Jeannine were wed August 18, 1950. Over the years the family grew to include daughter Linda Kathryn, and sons William Otto and Thomas Daniel.

Tom continued to pursue his education, and over the years earned a total of four college degrees: a Bachelor of Science from TWC, a Bachelors of Divinity from Perkins School of Theology at Southern Methodist University, a Masters of Sacred Theology, and ultimately his Doctorate of Ministry also from SMU. Tom was proud that all four degrees were earned (not honorary) and were all on full scholarship.

During his 46 year ministry Dr. Tribble served many churches, and was the pastor during two new church constructions – First Methodist of Midlothian, and Riverside UMC. He was also pastor of First UMC of McGregor during the construction of their new Family Life Center. A note on Tom's ministry: Although educated and biblically astute, "Dr. Tom" was proud to be known as a preacher – if you ever heard him preach, you would remember his engaging style. You felt like he was talking to you; His sermon could have you laughing one minute and crying the next. But, his goal was not to entertain; it was to move you into a closer relationship with God and Christ.

"Dr. Tom" retired from full-time ministry in 1991 while serving at St. Stephens UMC. When he retired to Alvarado, he was fond of saying that he became known as Tom Tribble, the husband of Jeannine Tribble. To our great sorrow, Jeannine passed away on August 8, 2000, just one week from their 50th wedding anniversary.

Soon thereafter, Dr. Tribble received an interim appointment at Everman UMC during this very pivotal time, for Tom as well as the church. It was a time of grieving and

Central Texas Conference Journal 2012

healing for both. Tom was grieving the tragic loss of his beloved wife Jeannine, and the church was trying to heal after a time of great turmoil. One member said, "It was just what the doctor ordered." Each helped the other to cope with loss and pain. Dr. Tribble made a lasting impression in Everman.

In 2008 he began a new chapter in his life when he moved into Heritage Place Retirement Community in Burleson, Texas. True to character, Tom immediately began making new friends, and was soon involved in many activities – including playing 42, joining the Wii baseball team, and organizing a nightly coffee group. Most importantly to Tom, he continued his ministry by leading Palm Sunday and Thanksgiving services at Heritage. While attending services at Everman UMC, Tom taught adult Sunday school – over time he realized it was becoming difficult for many in his class to make it to church – and he realized that all of them lived at Heritage. With the blessing of the minister, Tom began conducting the class at Heritage, and attracted new members. Heritage Place became "Everman UMC South."

Shortly before his death Tom spent three months in a Rehab facility – his goal was to return to his home at Heritage, which he did. And although fully aware of his precarious health condition and medical prognosis, Tom purchased season tickets to watch his beloved SMU Mustangs – "Go Ponies!"

Tom, you will be fondly remembered and sorely missed by your family, and many, many friends.

Memoirs

Central Texas Conference Journal 2012

Leonard was such a faithful servant of Jesus Christ and was one who gave evidence of his call in a number of ways. Leonard lived out this call with impeccable character and integrity and was such a faithful steward with all that God had entrusted to him. There was never any question in regards to Leonard's commitment and dedication to our Lord and the church in which he served. Leonard challenged each church that he served to new levels of dedication and service. Churches responded to Leonard's ministry because he not only proclaimed the call and claim of Christ in our lives--but in addition, he lived before his congregations a life of sincere discipleship.

A service of worship celebrating the life and ministry of Leonard Radde was held on May 26, 2012 at First United Methodist Church in Burleson. The service was conducted by Rev. MILDRED BURTON

May 28, 1917 - February 19, 2012

Mildred Burton was a woman who knew a lot about "coming home." During her time as the spouse of a Central Texas Conference pastor, Mildred "came home" to: Salado, Pioneer, Big Hill/Ben Hur, Bynum, Burleson, Whitney, Ferris, Keren, Cleburne: St. Mark's, Comanche, Cisco, Ennis, Stephenville, Cleburne: Main St., Weatherford First, Edge Park and Pleasant Mound. It was said of her husband, Rev. Raymond Burton, that he was a "good healer" of churches, so frequent moves were a given in the Burton household. And this list of locations names not only the churches that Raymond served, but the parsonages that Mildred

made "home" for her family. These are the places that Mildred kept scrupulously clean just in case a church member happened to drop by. And these are the places that received a thorough "Conference cleaning" every spring, just in case Raymond should be notified at Conference that he was moving to a new charge.

Mildred was a woman with a strong faith, as those who knew her can attest. She was also a generous woman, who would give her last quarter to a stranger who showed up on the steps of the parsonage. She was a creative woman who had an amazing knack for designing space inside parsonage cabinets. And she was a seamstress who could design clothes to her daughters' specifications, even if it meant she had to copy the department store dress her daughter desired.

Mildred was a loving woman. She met Raymond at Herring Avenue Methodist Church in Waco, and she used to tell of an early date when she and Raymond sat together in the rumble seat of the car when the youth went swimming. She was very close to Raymond, and the family recalls a story of a night during WWII when Mildred refused to go out because she was certain that Raymond, who was in active service, would call. She had no reason to know that he would call; but he did!

H Mildred had a strong sense of family. Whenever a pastoral move was announced, Mildred asked two questions first: 1) Does the parsonage have air conditioning? And, 2) How far is it from my parents in Waco? Mildred loved her parents, her husband, her children and her church. But her greatest love was for her Lord. Days before her death, as she was looking forward with excitement to seeing her newest great-granddaughter, Mildred regretted that she had not been able to attend worship services at church. Her health did not allow it; but this did not keep Mildred from serving the Lord as she was able, all the days of her life.

GUIDING PRINCIPLES & BEST PRACTICES **INTRODUCTION TO GUIDING PRINCIPLES & BEST PRACTICES**

Introduction

In order to make our organization more nimble and adaptive, the 2011 Annual Conference session adopted the following 3 reports, "Guiding Principles and Best Practices", Annual Conference Organization and a Policy and Procedures manual.

The "guiding principles and best practices" are foundational to the understanding of our mission and ministry. They represent our new understanding and way of doing ministry as flexible and adaptive. Our annual conference and the individual churches are in a time of transition, we must continually be on the move, initiating, facing, and adapting quickly to changing realities. They require a 2/3 vote of the annual conference to amend or suspend.

The Annual Conference Organization and the Policy and Procedure manual are administrative in nature and changes are to be handled at the appropriate organizational level.

The intent is that each document continues to be more organic and less institutional. They are living and breathing organism that adapt and change as necessary to do the work of God in the world.

Guiding Principles of the Central Texas Annual Conference

- We embrace and celebrate the mission of the United Methodist Church of "making disciples of Jesus Christ for the transformation of the world."
- We believe that the churches of our conference are "mission stations," outposts for the work of God in the world.
- We believe that mission at all levels of the church should be well defined, laser focused, with measurable outcomes.
- We believe that the Conference and its local congregations are called to be good stewards of the resources God provides for our work.
- We believe that we are called to be faithful to the five core values of Evangelism, The Wesleyan Tradition, Spiritual Growth, Mission, and Inclusiveness.
- We embrace the four focus areas of the United Methodist Church of: 1) Developing principled Christian leaders for the church and the world, 2) Creating new places for new people by starting new congregations and renewing existing ones, 3) Engaging in ministry with the poor, and 4) Stamping out killer disease by improving health globally.
- We believe that each local church can become a "Fruitful Congregation" by practicing Radical Hospitality, Passionate Worship, Intentional Faith Development, Risk-Taking Mission, and Extravagant Generosity.
- We believe in the inevitability of change, that it's God's gift, and it is our task to manage change in efficient and creative ways.

ANNUAL CONFERENCE FINANCIAL PROCEDURES

1. Remittance Procedure

- a. Apportionment payments, askings, special day offerings, advance specials, and any missional gifts from a pastoral charge to the Conference Treasurer should be submitted either online or by check with accompanying current year remittance form. The Conference Treasurer will in turn post, in a timely fashion, remittances received. The Conference Treasurer will also report monthly to the Bishop, Cabinet and Churches the status of funds remitted.

2. Conference Budget Preparation Procedure

- a. After careful consideration of all financial responsibilities of the Annual Conference, the Council on Finance and Administration, and the Executive Center Directors shall recommend all funding levels for the major categories in the total Conference program. If for any reason the Conference benevolence budget needs to be changed, CFA shall adjust the allocation and refer it back to the three Conference Centers for adjustments of the itemized appropriations in the Conference benevolence budget. Should any Conference Center agency feel its cause has been neglected or excluded, it shall have the opportunity to represent its cause before the Council on Finance and Administration (Book of Discipline ¶614).

3. Conference Budget based on Local Church Decimal

- a. All Conference items allocated to the local churches of the Conference shall be based on the decimal arrived at by the following formula: Determine Conference total expenditure by adding the total of the following Table II statistical items:

51A	Pension & Benefit Funds (CRSP)
53	Pastor's Base Compensation
54	Associate Pastor's Base Compensation
55	Utilities and Housing paid to/for Pastor and to/for Associate(s)
57	Travel and Other Allowances paid to/for Pastor and Associate(s)
58	Deacon(s) Compensation
59	Diaconal Compensation
60	Other Staff Compensation
61	Current Program Expense
62	Other Current Operating Expense

Add the above ten (10) expenditures for each local church to get the "local church total expenditure." Divide each "local church expenditure" by the "Conference total expenditure" to arrive at the local church decimal. (Each decimal is rounded to five decimal places.) Multiply the local church decimal by Conference Apportionment allocation to get the Local Church Apportionment. (Each apportionment is rounded to the nearest dollar, with each church being apportioned at least one dollar for each apportionment.)

Central Texas Conference Journal 2012

4. Council on Finance and Administration Duty

- a. It shall be the duty of the Council on Finance and Administration to compute the decimal annually using the latest statistics (corrected, if necessary), and furnish the table of apportionments to the Districts for distribution.

5. Items for Distribution

- a. All items to be distributed under the formula are included in the Conference budget: all General Church Apportionments, all Jurisdictional Church Apportionments, and Annual Conference Administration and Ministries. Others can only be added by action of the Annual Conference.

6. Special Day Offering

- a. Any Special Day Offering, except where set by the Book of Discipline, must first be annually presented and approved by the Council on Finance and Administration. No such day shall be recommended to the Annual Conference for any agency, cause, or institution, nor shall such a day be listed or printed on the Conference calendar, unless such agency, cause, or institution has presented a full financial statement and audit, including current annual income and expense, together with its report to the appropriate Conference Ministry Center.

PROCEDURES FOR DISCONTINUED OR ABANDONED CHURCH PROPERTY

Any property abandoned in the past or that shall be abandoned in the future and the property disposed of as directed by the Book of Discipline in accordance with 2008 ¶ 2548, the proceeds derived there from, if any, shall be first applied to the retirement of pension deficits, and the satisfaction of any claims against ministerial pension annuities which may have arisen out of failure of that church to make proportionate payment for support. The remaining proceeds are to be transferred to the Commission on Church Growth and Development.

In the event of a church closure or abandonment, the official and historical records of the closed or abandoned church will be transferred directly to the Archives Depository of the Central Texas Conference by the District Superintendent of the District in which the closed or abandoned church is located.

In the event of two or more churches merging, the official and historical records of the churches being merged shall be transferred to the Archives Depository of the Central Texas Conference by the District Superintendent of the District in which the churches are located. The records shall be transferred to the Archives Depository no later than three months following the merger.

PROCEDURES FOR LOCAL CHURCHES REGARDING PASTORAL VACATIONS, HOUSING, UTILITIES, & MOVES

Each congregation shall annually give attention to the vacation policy, using as the guideline for its discussion the policy found in this Manual.

Each congregation shall annually give attention to the housing policy, using as the guideline for its discussion the policy found in this Manual.

Central Texas Conference Journal 2012

Parsonage utilities should be in the name of the church, i.e., the deposit paid by the church. If the parsonage utilities are not paid by the church, the departing pastor must have arranged in advance of his/her departure to have the meters read on moving day, or on the day of departing the parsonage.

The departing pastor is responsible for the bills up to that time.

In the event of death of a clergy or diaconal minister residing in a church owned residence, the family of the deceased clergy or diaconal minister will be allowed ninety days to find other housing and vacate the church owned residence, or such other time as deemed appropriate by the Cabinet and by the local church pastor-parish relations committee.

Salaries of clergy moving at Annual Conference shall be paid through May 31 by the former charge and from June 1 by the receiving charge.

No pastor is allowed to claim reimbursement for more than 5/12 of the Pastor's accountable reimbursement Plan between January and May without recommendation of the PPR/SPR Committee and approval by the Administrative Board.

POLICY REGARDING PARSONAGE STANDARDS FOR LOCAL CHURCHES

The church today demands the clergy to be not only a preacher, as was the early circuit rider, but a resident pastor and responsible citizen in the community. In order to meet these felt needs, and to call men and women to a dedicated ministry, the church must provide living conditions that will establish an adequate base from which to operate. It is the privilege and responsibility of the members of each congregation to provide the physical setting which will give the parsonage family the maximum comfort and convenience that the energies of the pastor may be more concentrated on his/her task and willing service in the Church of God. Because the parsonage, like the church building, reflects upon the congregation and the pastor, it should be in such condition that all concerned can be justifiably proud of it. Likewise, pastors should exercise the same diligence in caring for the parsonage as they would if it were their own property; mindful that they are stewards for those who will live in the parsonage after them.

The following Parsonage Standards were put in place and approved at the 1973 Central Texas Annual Conference and have appeared in our Journals since that time. Therefore, parsonages built or purchased prior to December 31, 1973 may not meet all of the recommendations in Sections I and II, but are subject to requirements in Sections III – V. Parsonages built or purchased after January 1, 1974 are subject to all recommendations and requirements listed in Sections I – V.

SECTION I

LOCATION

The location of a new parsonage is a matter of extreme importance. It should provide for the safety, convenience and privacy of the parsonage family. For this reason, we recommend that a new parsonage not be located adjacent to the church facilities.

SECTION II

SIZE OF BUILDING AND LIVING AREAS

The new or remodeled parsonage should be large enough to accommodate the pastor's family. It should provide adequate space for the entertainment of guests. It should be remembered in selecting a parsonage that the present parsonage family is

Central Texas Conference Journal 2012

not the only one who will live in that parsonage and that the house should be adaptable for a variety of family sizes and situations. Also, care should be given that facilities should be fully accessible for those with handicapping conditions meeting standards of the 2008 *Book of Discipline* ¶2543.

Recommendations:

1. 1800 square feet minimum living space.
2. At least 3 bedrooms, preferably 4.
3. At least 2 bath, preferable 2 ½ with adequate linen closet.
4. Family and dining areas adequate for entertaining.
5. Preferably a separate area (living, sitting or office) that could be used for visiting or study.
6. Adequate closet and storage space. Closet space in each bedroom and other storage space well distributed throughout the house.
7. Laundry area (see Section III.B.7)
8. Adequate garage or carport space (preferably 2-car attached garage)
9. Adequate outside living area with fenced yard.

SECTION III REQUIRED EQUIPMENT

1. Health & Safety
 - a. Adequate supply of hot and cold water in bathrooms, kitchen and laundry.
 - b. Proper sewage disposal according to the standards of local and/or State Department of Health.
 - c. Fire extinguisher in kitchen with yearly inspection.
 - d. Automatic central heating and air conditioning.
 - e. Bathroom heating and hot water heaters should be protected and if not electric should be properly vented.
 - f. Provide smoke detectors for kitchen, living, laundry, and bedroom areas.
 - g. Provide carbon monoxide detectors, unless parsonage is completely electric.
 - h. Recommend that a Lead Paint Disclosure be provided for parsonages built before 1978.
2. Kitchen with Well-Planned Work Area
 - a. Cooking area complete with range or built-in cooking units, counter space, hood and exhaust fan.
 - b. Sink area complete with modern double bowl sink with disposal and drain space.
 - c. Large automatic refrigerator with freezer unit.
 - d. Required code electrical outlets for every room.
 - e. A well-equipped kitchen with adequate storage for dishes, utensils and food pantry.
 - f. Built-in dishwasher.
 - g. Laundry room with properly vented washer/dryer.
3. Furnishings
 - a. Effective January 1, 2011, all living, family, dining and bedroom furnishings become the responsibility of the resident parsonage family.

Central Texas Conference Journal 2012

- b. Window coverings, drapes, curtains, and blinds, adequate for privacy, are the responsibility of the church.
- c. Internet/cable ready.
- d. If the parsonage family is expected to maintain the lawn, the church will supply, lawn tools, weed eater, mower (self-propelled or riding as appropriate for size of yard). In addition the church will provide hoses, ladder, and garbage receptacles.

SECTION IV MAINTENANCE

- A. **Decoration** - Both the interior and exterior of the parsonage should be kept in such a state of decoration as to preserve not only its physical condition but its aesthetic value as well. Decorating and/or any remodeling should be done in consultation with the parsonage family.
- B. **Repair and replacement** - An annual budget item will enable the Trustees and Parsonage Committee to have a consistent, rather than haphazard program of maintenance and improvement that will be less costly in the long run. There should be an annual budget item for repair and replacement of appliances and equipment.

SECTION V MISCELLANEOUS

- A. **Parsonage Book** - It is recommended that the parsonage committee prepare and keep up-to-date a record in which are placed all guarantees, repair parts lists, and the instructions for use of equipment belonging in the parsonage. The record should also indicate when and from who purchased and whom to call for service. Also this book may well contain a list of whom to call for various reasons, where to find various items, when and by whom various improvements were made, and other information helpful to an incoming minister.
- B. **Insurance** - The trustees should be certain that the church-owned house and contents are insured for at least 80% of replacement cost against fire, wind, and other hazards. Public liability insurance should be carried on parsonage property. Tenant Homeowners insurance is available for all ministers who desire to cover personal possessions and liability.

IT IS THE RESPONSIBILITY OF THE PASTOR TO INSURE PERSONAL PROPERTY BELONGING TO THE PASTOR AND FAMILY.

- C. **Utility Deposits** - Should be made in the name of the church.
- D. **Gifts to Parsonage** - Before a gift is received, care should be given to consult with the parsonage family, trustees and/or parsonage committee regarding the needs of the gift. If received, the gift should be designated specifically if it is to remain in the parsonage or is to be the personal gift for the parsonage family. In the event it is to remain in the parsonage, the trustees and/or parsonage committee must approve it. A Gift/Donation Policy by the Trustees and/or parsonage committee of the church should be in place

Central Texas Conference Journal 2012

to insure clearly understood policies of acceptance, receipt and acknowledgement of any gifts.

- E. **Pastor's Office/Study** - The Office/Study should be located in the Church Building and adequately furnished and equipped. Some pastors may choose to also maintain an office in the parsonage and be responsible for its furnishings in addition to the official church Office/Study.
- F. **Parsonage Furnishings** - Since we have transitioned to parsonage families being responsible to have their own furnishings, when furniture still exists in the parsonage, we encourage an open dialogue between the parsonage family, PPR committee, and Board of Trustees and/or Parsonage committee concerning the issue of whose furnishings are to be used. We highly recommend, when in the doubt, that the parsonage family furnishings be used to furnish the parsonage.

Adequate parsonage facilities, based on the above minimum standards insure that a pastoral appointment can be made based on the needs of the charge, rather than the ability of the parsonage to receive the family assigned. An annual review of the church-owned parsonage, to ensure proper maintenance, will be conducted by the chair of the board of trustees or the chair of the parsonage committee, if one exists, the chair of the committee on pastor-parish relations, and the pastor (§2532.4, 2008 *Book of Discipline*).

PASTORAL VACATION POLICY

United Methodist ministers are in a unique position in their role as pastors of a local church. Their membership and relationship is primarily to the Annual Conference as they serve under the appointment of the Bishop. At the same time their salary-paying unit is the local church.

Pastors are called to accountability for effective ministry both by the Bishop through the appointive system and by the local church through the Pastor-Parish Relations (PPR) Committee. In vacation policy and similar matters it should be remembered by all that a pastor is not the employee of the local church. On the other hand, the *Book of Discipline* (2008) §258.2 gives to the PPR Committee a consultative role in such matters.

Ministers are also asked to serve in various district and conference responsibilities and camps, these duties should not be considered as vacation. However, pastors and Pastor-Parish Relations Committees should work out a satisfactory balance of time rendered between conference and district duties, local church needs, and personal outside activities by the pastor. In all matters there must be an on-going dialogue between the needs of the pastor and his/her family and the PPR committee and the needs of the church so there is no misunderstanding.

Conference Relationship	Years of Service	Vacation Time
Provisional Members serving student appointments, Full Time Local pastors in process of four-week Course of Study	Minimum six months (after consultation with district superintendent and PPR Committee)	Two Weeks Paid

Central Texas Conference Journal 2012

Full Time Local Pastors who have completed Course of Study, Associate Members, Provisional Members serving full time appointments, and Full Conference members	Less than five years	Two Weeks Paid
	5-9 years	Three Weeks Paid
	10 or more years	Four Weeks Paid

NOTE: Years of service refer to years served as a full-time United Methodist commissioned minister, probationary member, diaconal minister, local pastor, associate member, deacon in full connection, or elder in full connection under appointment in an Annual Conference, not to years of service in the local church to which a pastor is appointed. In computing a person's "years of service," time spent in all categories shall be cumulated and all shall count toward the person's total "years of service."

NOTE: In addition to the above guidelines, the PPR Committee should be sensitive to a pastor's need for time off from the pastor's duties, and should encourage the pastor to take regular days off each week.

NOTE: Our Book of Discipline states that, "a clergy member's continuing education and spiritual growth program should include such leaves at least one week each year and at least one month during one year of every quadrennium. Such leaves shall not be considered as part of the minister's vacations and shall be planned in consultation with their charges and other agencies to which they are appointed as well as the bishop, district superintendent, and annual conference continuing education committee." ¶351.2 BOD

SEXUAL ETHICS POLICY FOR PROFESSING MEMBERS OF THE CENTRAL TEXAS ANNUAL CONFERENCE OF THE UNITED METHODIST CHURCH

**REGARDING HARASSMENT OF CLERGY APPOINTED TO THE LOCAL CHURCH
PRESENTED JUNE 2011, BY CTC CABINET**

STATEMENT OF POLICY

A Professing Member of the Central Texas Conference of The United Methodist Church shall not engage in harassment, including but not limited to sexual and/or gender harassment of clergy (¶¶ 605.8 and 2702.3 in the 2008 *Book of Discipline*).

THEOLOGICAL FOUNDATION

All persons are created by God. God intends all persons to have worth and dignity in their relationships. We are one connected body, and when one part of the body is injured physically, emotionally or spiritually, the entire body is rendered less than God intended. Misconduct of a sexual nature of any kind violates a person's wholeness and is an unjust use of status and power and a sinful behavior against God and one another. The Scripture witnesses to a God who brings about justice, mercy and grace. The Church is called to express God's love in concrete actions of compassion and healing for all people.

Central Texas Conference Journal 2012

DEFINITIONS

1. **Sexual Harassment:** Sexual harassment is a form of sexual misconduct and is defined in the *Social Principles* as "any unwanted sexual advance or demand, verbal or physical that is reasonably perceived by the recipient as demeaning, intimidating or coercive. Sexual harassment must be understood as an exploitation of a power relationship rather than as an exclusively sexual issue" (2008 *Book of Discipline*, ¶ 161). Sexual harassment of clergy includes, but is not limited to the creation of a hostile or abusive environment which undermines the ministry of the clergy person serving within the appointment. (2008 *Book of Discipline*, ¶ 2702.3). Behaviors considered sexual harassment can include "unwanted sexual jokes, repeated advances, touching, displays or comments that insult, degrade, or sexually exploit women, men, elders, children or youth" (2008 *Book of Resolutions*, page 135). Sexual harassing behaviors may be in person or by phone, e-mail, texting, and social networking sites.
2. **Power:** Clergy are generally considered to be in positions of power due to their professional role as spiritual leaders within a church. There are, however, situations in which professing members of a church have the power to create a hostile or abusive environment which undermines the ministry of the clergy person serving within the appointment to the local church. Some of those situations are related to gender, race, age, wealth, education, and status within the community.
3. **Sexual Abuse:** Sexual abuse means unwanted physical conduct of a sexual nature, sexual contact or sexualized behavior and may include, by example, touching, fondling, other physical contact and sexual relations.
4. **Sexual Misconduct:** The 2008 *Book of Discipline* identifies sexual misconduct as a chargeable offense for clergy (¶2702.1) and for lay (¶ 2702.3)

MAKING A COMPLAINT

Clergy and other persons who have knowledge of a possible violation of this policy by a Professing Member may report the same to the chairperson of Staff/Pastor Parish Relations Committee and District Superintendent. Upon receipt of any complaint, the Staff/Pastor Parish Relations Committee with the guidance of the Conference Consultant and District Superintendent will investigate, consider any response, and take action to seek a just resolution.

PROCEDURES FOR REPORTING, INVESTIGATING, AND RESOLVING VIOLATIONS OF THIS POLICY

The clergy person who feels harassed by a lay person is encouraged to use the following procedures. If the offending behavior and complaint is sexual abuse or sexual misconduct then the immediate procedure is a formal complaint as outlined in *the Book of Discipline* ¶ 2703.4. Identifying sexual or gender harassment depends on a determination of what a reasonable person would perceive as unacceptable. It is important to resolve complaints confidentially and, if possible, informally.

INITIAL RESOLUTION PROCESS

Clergy are responsible for establishing and maintaining clear boundaries of professional conduct.

Central Texas Conference Journal 2012

Therefore, a clergy person should respond immediately and clearly to the harasser that such behavior is unwelcome and uncomfortable

If the behavior continues:

- Avoid being alone with the harasser.
- Keep accurate records of the harassing behavior.
- Contact the Chair of the Staff Parish Relations Committee (if the Chair of SPRC is the harasser then contact the District Superintendent directly).
- Notify the District Superintendent to begin the informal process for complaint resolution.

The District Superintendent will contact the Central Texas Conference Consultant who will meet with the chair of SPRC (or person designated) to explain the informal process and introduce two advisors.

INFORMAL RESOLUTION PROCESS

After meeting with the Conference Consultant the chair of SPRC (or a person designated) and the two advisors the intervention team will form and will meet separately with the clergy person and with the accused. The purpose of the meeting is to:

- Determine if the complaint is valid or a miscommunication and a misunderstanding.
- Ask the accused to make an appropriate written statement to the clergy person. The written response may include, explanation of the behavior resulting in a misperception of intent, an apology, and a promise not to repeat the behavior.

If the clergy person finds the response satisfactory then the complaint will be considered as resolved and the District Superintendent will be notified of the result.

If the response of the accused is not satisfactory or the accused refuses to respond, then the complaint will move to the formal process and the District Superintendent and Staff Parish Relations Committee will be notified that a formal process of complaint has been initiated. At any point during the informal process the clergy person, the accused or the SPRC committee may request in writing to the District Superintendent a formal resolution process.

FORMAL RESOLUTION PROCESS

If the District Superintendent determines that the process outlined above has been followed and the complaint is not resolved, then the District Superintendent will appoint a committee on investigation according to ¶ 2703.4 in the 2008 Book of Discipline.

The final decision of the committee will be communicated in writing to the clergy person, the accused and the Staff Parish Committee.

Statistical Tables

○ **Statistical Tables**

Central Texas Conference Journal 2012

Among the great teachings of Jesus are the words from the Gospel of John, 15th chapter, verse 5: "I am the vine; you are the branches. If you remain in me and I in you, then you will produce much fruit." This year's statistical tables are designed to help energize and equip local churches in producing fruitful and faithful ministry as we seek together to make disciples of Jesus Christ for the transformation of the world. They reflect the five categories by which congregational vitality is assessed and correspond not only to the five vows of Methodism but also to the five practices of fruitful congregations. Should you desire the full statistical layout contained in the General Council of Finance and Administration year-end reports, those reports are available at <http://www.ctcumc.org/news/detail/270> by typing in the word "audit" into the search box.
